764-768

Thomas Drive: Director or Community and Economic Development, Scott Viger, presented to the Committee an ordinance Request by Chicago Auto Place, LLC for a Conditional Use Permit Amendment to Ordinance #10-2008 to allow Outdoor Sales and Display Area at the property located at 764-768 Thomas Drive within an existing I-2 Light Industrial District.

Mr. Viger stated the applicant requests a Conditional Use Permit Amendment to add an outdoor sales and display area as advertising for their existing online car sales use. Mr. Viger stated the request requires a Conditional Use Permit Amendment as the property had previously been granted a Conditional Use Permit for Motor Vehicle Repair, Minor in March of 2008. Mr. Viger stated the subject property is located at the southwest corner of Thorndale Avenue and Thomas Drive, and the Illinois State Toll Highway Authority is currently finalizing the acquisition of a portion of the property for construction of the Elgin O'Hare Western Access Tollway. Mr. Viger stated the proposed outdoor sales and display area meets the new setback associated with the acquisition. Mr. Viger stated after looking to the guidance of the Comprehensive Plan adopted earlier this year, staff finds the integration of outdoor sales and display meet the intent of the regional commercial corridor land use along Thorndale Avenue. Mr. Viger stated Staff and the CDC (vote 7-0) recommend approval subject to conditions including additional landscaping.

There were no questions from the Committee.

Motion: Chairman O'Connell made a motion to approve this item for placement on a future Village Board Meeting Agenda for action. President Soto seconded the motion.

All were in favor. Motion carried.

806 Grove Ave.: Director or Community and Economic Development, Scott Viger, presented to the Committee an ordinance request by Juan Arellano for a Variance to Allow a Fence in the Corner Side Yard of the Property Located at 806 Grove Avenue within an Existing RS-5 High Density Single Family Zoning District.

Mr. Viger stated the applicant desires approval of a variance to install a fence within the corner sideyard of his property at the southwest corner of Grove and Ellis. Mr. Viger stated the applicant states the fence will prevent people from walking through private property. Mr. Viger stated Staff supports the requested variance since the lot is atypical; the corner side and rear yards abut rear yards of the residential properties to the south. Mr. Viger stated Staff recommended setting the fence back to 5' from the property line and the applicant agreed. Mr. Viger stated there was one member of the public testified at the CDC hearing in support of the variance. Mr. Viger stated Staff and the CDC (vote 6-0) recommend approval, subject to conditions.

There were no questions from the Committee.

Motion: Chairman O'Connell made a motion to approve this item for placement on a future Village Board Meeting Agenda for action. Trustee Janowiak seconded the motion.

All were in favor. Motion carried.

ITEMS:**
