

Subscribe to Receive Leak Alerts and Access your Water Usage Information Online

- ▶ View your water consumption
- ▶ Receive timely leak alerts
- ▶ Control your water expenses
- ▶ Easy-to-use

AquaHawk Alerting is a **FREE** service for Village of Bensenville customers that will assist them in efficiently managing their water usage and lowering their monthly bills. Register today. It's easy!

After you register, you'll be able to:

Receive timely leak alerts

You specify how you want to be contacted: e-mail, text or telephone. When your usage indicates high usage or a leak, we'll contact you. AquaHawk helps prevent costly property damage from unrepairsd leaks and gives you peace of mind when you're away from your home.

Monitor your water usage

See how much water you're using and an estimate of your bill anytime during the billing cycle.

Set your Threshold Alerts

Threshold alerts allow you to specify an amount of water (gallons) or a maximum dollar amount that you don't want your bill to exceed. If your usage or your bill is trending to, or has exceeded the threshold value, AquaHawk will send you a notification.

Learn ways to save

Get a better understanding of how you're using water by performing useful comparisons online. See how you compare to similar households. Learn effective ways to reduce water usage and save money!

1. Go to "Register"

This billing Alert System is a service for the Village of Bensenville customers that will enable them to efficiently manage their water usage and lower their monthly bills. Customers who are interested in the service must register to create a new account to receive notifications.

Leak Detection & Notification
After you register, AquaHawk will analyze your water usage with the customer portal and can notify you of the following after you set your alert thresholds.

AquaHawk allows you to specify an amount of water (gallons) or an estimated bill amount (dollars) that you don't want to exceed. If your water consumption or bill amount has exceeded or is projected to exceed the threshold value, AquaHawk will send you a notification.

1. View your water consumption
2. Set monthly water budget
3. Receive timely leak alerts
4. Control your expenses
