Re: January 25, 2017 FOIA Request

**Village Clerk**

Ilsa Rivera-Trujillo

Dear Mr. Gambino:

**Village Manager**

Evan K. Summers

I am pleased to help you with your January 25, 2017 Freedom of Information Act ("FOIA"). The Village of Bensenville received your request on January 25, 2017. You requested copies of the items indicated below:

*"Looking for any and all information regarding underground storage tanks, building permits, and fire inspection records at the following property: 157 S York Road, Bensenville."*

After a search of Village files, the following documents are enclosed to fulfill your request:

- 1) Village of Bensenville Inspection No. 48476. (1 pg.)
- 2) Office of the Illinois Fire Marshall Underground Storage Tank Records. (7 pgs.)

These are all of the documents that can be discovered responsive to your request.

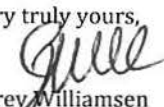

In regards to additional underground storage records, please contact the Office of the Illinois Fire Marshall.

Section 7(1)(b) of FOIA provided that "private information" is exempt from disclosure. "Private information" is defined in FOIA as, "unique identifiers, including a person's social security number, driver's license number, employee identification number, biometric identifiers, personal financial information, passwords or other access codes, medical records, home or personal telephone numbers, and personal email addresses. Private information also includes home address and personal license plates, except as otherwise provided by law or when complied without possibility of attribution to any person." 5ILCS 140/2(c-5). Consequently, certain unique identifiers have been redacted from the records being provided.

Pursuant to Section 9 of the FOIA, 5 ILCS 140/9, I am required to advise you that I, the undersigned Freedom of Information Officer, reviewed and made the foregoing determination to deny a portion of your FOIA Request as indicated. Should you believe that this Response constitutes an improper denial of your request, you may appeal such by filing a request for review within sixty (60) days of the date of this letter with the Public Access Counselor of the Illinois Attorney General's Office, Public Access Bureau, 500 South Second Street, Springfield, Illinois 62706; telephone 1-887-299-FOIA; e-mail: [publicaccess@atg.state.il.us](mailto:publicaccess@atg.state.il.us). You may also have a right of judicial review of the denial under Section 11 of FOIA, 5 ILCS 140/11.

Do not hesitate to contact me if you have any questions or concerns in connection with this response.

Very truly yours,

  
Corey Williamsen  
Freedom of Information Officer  
Village of Bensenville

**THOSE ITEMS LISTED ABOVE ARE VIOLATIONS OF BENSENVILLE'S ADOPTED VILLAGE CODE AND/OR PROPERTY MAINTENANCE CODE. THIS IS YOUR WRITTEN "CORRECTION NOTICE". FAILURE TO CORRECT THE ABOVE LISTED VIOLATIONS WITHIN THE PRESCRIBED TIME CAN RESULT IN A FINE OF UP TO \$750 PER VIOLATION, PER DAY.**

You are hereby notified to remedy the conditions as stated above within 30 days from the date of this order. Appeal from this order may be made within 20 days from the above date of service. Direct such appeal for a hearing before the Bensenville Board of Appeals in writing through the Director of Inspectional Services, 12 South Center.

Neither this inspection nor any Certificate of Occupancy issued by the Village of Bensenville shall be considered a complete list of Code or Municipal Ordinances. Our inspection can be substantially limited by access available and stored items or furniture. Some occupancies may require inspections to be completed on individual systems such as heating appliances, roofing, structure or fire protection systems. If you have questions about this inspection, please call 630-350-3448.

**DISCLAIMER: The Village of Bensenville does not warrant the condition of any property inspected and disclaims all liability for any claims arising out of the property or condition thereof.**

Approval Date 9-3-96 DT  
Permit Expires 3-3-97

**Permit for UPGRADE or REPAIR of Underground Storage Tank(s) and Piping for Petroleum and Hazardous Substances.**

Permission to upgrade or repair underground storage tank(s) or piping is hereby granted. Such upgrade or repair must be in complete accordance with acceptable materials as specified in the Federal Register, Part II Environmental Protection Agency, 40 CFR Parts 280 and 281, and also with all sections of 41 Illinois Administrative Code, Part 170. The contractor the permit was issued to or an employee of that contractor (this does not include a subcontractor) shall establish a date certain to perform the UST activity by contacting the Office of the State Fire Marshal, Division of Petroleum and Chemical Safety, by telephone at the Springfield office between 8:30 a.m. and 12:00 p.m., at which time a mutually agreed upon date and time for the UST activity shall be scheduled. **THIS PERMIT IS VALID FOR SIX MONTHS FROM THE APPROVAL DATE.**

(1) **OWNER OF TANKS** - Corporation, partnership, or other business entity:

Amoco Oil Company  
2021 Spring Rd., Suite 400  
Oak Brook, IL 60521

Contact: M. Kocon (708)990-5721

(2) **FACILITY** - name and address where tanks are located:

Amoco Station #15969  
157 S. York Rd. & Green

(9) **PIPING COMPLIANCE INFORMATION** - Check whichever applies and use the space provided to describe the work to be performed or the methods to be used and give the manufacturer and model of any equipment, consoles, probes, sensors, etc. to be installed (do not give catalog numbers). Attach additional sheet(s) if more space is needed.

(a) **PIPING:** ☒ Single Wall ☐ Double Wall ☒ Fiberglass ☐ Steel ☐ Other  
☒ Existing to remain ☐ Installing new ☐ Installing partial

(b) **RELEASE DETECTION:**

1. ☒ Pressurized Piping: ☐ New ☒ Existing  
☐ Line Leak Detector with Annual Line Test ☐ Continuous Line Pressure Monitor ☐ Interstitial Monitoring  
☐ Groundwater Monitoring ☐ Vapor Monitoring ☐ Other (explain below)

2. ☐ Suction Piping: ☐ New ☐ Existing  
☐ Interstitial Monitoring ☐ Groundwater Monitoring ☐ Vapor Monitoring ☐ Line Test Every Three Years  
☐ European (Safe) Suction ☐ Other (explain below)

Equipment and/or explanation: N/A

(c) **CORROSION PROTECTION:** ☐ New ☐ Existing  
☐ Dielectric Coating ☐ Sacrificial Anode(s) ☐ Impressed Current ☒ Fiberglass ☐ Other (explain below)  
(Cathodic Protection must be designed by a corrosion expert or corrosion engineer)  
Equipment and/or explanation: N/A none required on FRP piping

(10) **SITE PLANS** - Drawings of the site must accompany the application forms. They must show the entire UST system (tanks, piping, vents, islands, dispensers or other appurtenances) in relation to all buildings, structures and objects with specified setback distances. All objects on the site plans must be named and must be labeled as existing or as proposed. Site plans are not required if only installing equipment for leak detection (except monitoring wells), or spill & overfill prevention. The maximum site plans size allowed is 11" x 17". Blueprints are not acceptable.

(11) **MINIMUM SETBACKS** - Clearance distances must be given on the site plans in dimensions from the UST system to all buildings, structures and objects with a setback requirement. The minimum setback requirements for all tanks and all piping are at least:

Yes	No	
<input checked="" type="checkbox"/>	<input type="checkbox"/>	20 feet to property lines or right of way lines
<input checked="" type="checkbox"/>	<input type="checkbox"/>	20 feet to storm sewers lines, sanitary sewer lines or similar underground drainage systems
<input checked="" type="checkbox"/>	<input type="checkbox"/>	20 feet to basements or similar underground structures
<input checked="" type="checkbox"/>	<input type="checkbox"/>	300 feet to any mine shaft, air or escape shaft to a mine
<input checked="" type="checkbox"/>	<input type="checkbox"/>	85 feet to any school, institution, public assembly or theater occupancy as defined in 41 Ill. Adm. Code 100.30

It must be noted on the site plans if none of the above apply to this site! There may be provisions to alter these requirements if certain conditions exist under 41 Ill. Adm. Code 170 or if conditions are to remain existing.

(12) **AUXILIARY INFORMATION** - Other supplemental information, detail drawings or supporting documents may be necessary depending on the type and complexity of the project.

(13) **APPLICATION REJECTION** - Insufficient information or illegibility can be cause for return or denial.

(14) **PERMIT TO WORK** - No work can proceed without a granted permit in hand and must be available upon request of the Storage Tank Safety Specialist.

(15) **APPLICANT** - The **RESPONSIBLE CONTRACTOR** must complete this application. A fee of \$100.00 for each site must accompany this application. (Checks or money orders are to be made payable to the Office of the State Fire Marshal. Do not send cash.)

The Office of the State Fire Marshal is requesting information that is necessary to accomplish the statutory purpose as outlined in 430 ILCS 15/2. Disclosure of this information is required. Failure to provide any information will result in this form not being processed. (Rev. - 3/96)

☐ Groundwater Monitoring ☐ Vapor Monitoring ☐ Other (explain below)

**2. ☐ Suction Piping:**

☐ New ☐ Existing

☐ Interstitial Monitoring ☐ Groundwater Monitoring ☐ Vapor Monitoring ☐ Line Test Every Three Years

☐ European (Safe) Suction ☐ Other (explain below)

Equipment and/or explanation: Veeder Root TLS 350 Pressurized Line Leak Detectors Wireless

**(c) CORROSION PROTECTION:**

☐ New ☒ Existing

Installation of new

☐ Dielectric Coating ☒ Sacrificial Anode(s) ☐ Impressed Current ☐ Fiberglass ☐ Other (explain below)

(Cathodic Protection must be designed by a corrosion expert or corrosion engineer)

Equipment and/or explanation: N/A

**(10) SITE PLANS** - Drawings of the site must accompany the application forms. They must show the entire UST system (tanks, piping, vents, islands, dispensers or other appurtenances) in relation to all buildings, structures and objects with specified setback distances. All objects on the site plans must be named and must be labeled as existing or as proposed. Site plans are not required if only installing equipment for leak detection (except monitoring wells), or spill & overfill prevention. The maximum site plans size allowed is 11" x 17". Blueprints are not acceptable.

**(11) MINIMUM SETBACKS** - Clearance distances must be given on the site plans in dimensions from the UST system to all buildings, structures and objects with a setback requirement. The minimum setback requirements for all tanks and all piping are at least:

Yes No

- |                                     |                          |   |
|-------------------------------------|--------------------------|---|
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | 20 feet to property lines or right of way lines   |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | 20 feet to storm sewers lines, sanitary sewer lines or similar underground drainage systems                     |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | 20 feet to basements or similar underground structures  |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | 300 feet to any mine shaft, air or escape shaft to a mine   |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | 85 feet to any school, institution, public assembly or theater occupancy as defined in 41 Ill. Adm. Code 100.30 |

It must be noted on the site plans if none of the above apply to this site! There may be provisions to alter these requirements if certain conditions exist under 41 Ill. Adm. Code 170 or if conditions are to remain existing.

**(12) AUXILIARY INFORMATION** - Other supplemental information, detail drawings or supporting documents may be necessary depending on the type and complexity of the project.

**(13) APPLICATION REJECTION** - Insufficient information or illegibility can be cause for return or denial.

**(14) PERMIT TO WORK** - No work can proceed without a granted permit in hand and must be available upon request of the Storage Tank Safety Specialist.

**(15) APPLICANT** - The **RESPONSIBLE CONTRACTOR** must complete this application. A fee of \$100.00 for each site must accompany this application. (Checks or money orders are to be made payable to the Office of the State Fire Marshal. Do not send cash.)

The Office of the State Fire Marshal is requesting information that is necessary to accomplish the statutory purpose as outlined in 430 ILCS 15/2. Disclosure of this information is required. Failure to provide any information will result in this form not being processed. (Rev. - 3/96)
