Re: March 13, 2017 FOIA Request

Dear Mr. Cerrone:

I am pleased to help you with your March 13, 2017 Freedom of Information Act ("FOIA"). The Village of Bensenville received your request on March 13, 2017. You requested copies of the items indicated below:

"Any documentation and a list of all commercial fire alarm accounts that have been required to be monitored by the Village of Bensenville with SMG/Midwest Central Dispatch."

After a search of Village files, the following documents are enclosed to fulfill your request:

- 1) Village of Bensenville Resolution No. R-26-2011 entitled "A Resolution Authorizing a Contract with SMG Security Systems, Inc.". (12 pgs.)
- 2) Village of Bensenville Resolution No. R-127-2016 entitled "Authorizing the Execution of an Addendum to the Agreement Between the Village of Bensenville and SMG Security Systems, Inc. for Alarm Monitoring Services.". (2 pgs.)
- 3) Village of Bensenville AES Radio Accounts as of March 16, 2017. (13 pgs.)

These are all of the documents that can be discovered responsive to your request.

Do not hesitate to contact me if you have any questions or concerns in connection with this response.

Very truly yours,

A handwritten signature in black ink, appearing to read 'Corey Williamsen'.

Freedom of Information Officer
Village of Bensenville

RESOLUTION NO. R-26-2011

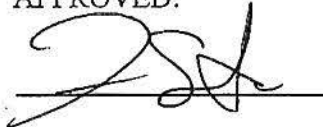

A RESOLUTION AUTHORIZING A CONTRACT WITH
SMG SECURITY SYSTEMS, INC.

BE IT RESOLVED by the President and Board of Trustees of the Village of Bensenville,
DuPage and Cook Counties, Illinois, as follows:

That Village President is authorized to execute a contract, and any other documentation necessary to consummate same, with SMG Security Services, Inc. for services related to directly connected alarm monitoring services within the Village at no cost to the Village.

PASSED AND APPROVED by the President and Board of Trustees of the Village of Bensenville, Illinois this 22nd day of March, 2011.

APPROVED:

Frank Soto
Village President

ATTEST:

JoEllen Ridder
Village Clerk

Absent: Wessler

AGREEMENT

AGREEMENT ("Agreement") made this ____ day of February 2011 by and between the Village of Bensenville, Illinois, an Illinois municipal corporation located in Cook and DuPage Counties ("Village"), and SMG Security Systems, Inc., an Illinois corporation, d.b.a. Midwest Central Dispatch ("SMG"), with its principal place of business at 120 King Street, in the Village of Elk Grove Village, Counties of Cook and DuPage, Illinois,

WITNESSETH:

WHEREAS, the Village is desirous of contracting with a private vendor to provide the alarm monitoring services and transferring all such monitoring functions currently performed by its Police Department to such vendor; and

WHEREAS, SMG is in the alarm monitoring business and owns and operates a central alarm monitoring station certified by Underwriters Laboratories, Inc. ("UL"), known as Midwest Central Dispatch, at its offices in Elk Grove Village; and

WHEREAS, SMG has reviewed the requirements of the alarm monitoring services that the Village is desirous of transferring to a private vendor, and represents that it is ready, willing, and able to undertake the provision of such services as required by this Agreement and desires to enter into the Agreement for that purpose; and

WHEREAS, the Village, in reliance upon such representation, desires to engage SMG to provide the alarm monitoring services and to transfer to SMG all such monitoring functions now performed by its Police Department upon the terms and conditions of this Agreement,

NOW, THEREFORE, in consideration of the mutual covenants and promises set forth below, the Village and SMG (sometimes collectively referred to as the "Parties") hereby agree as follows:

1. The foregoing recitals are hereby incorporated by reference as if fully set herein.
2. It is the intent of the Parties to "shift" responsibility for the alarm monitoring function of the Bensenville Police Department to SMG's central station for the mutual benefit of both parties, for which purpose SMG is hereby granted the exclusive right to provide radio alarm monitoring services specific to the Village's Federal Communications Commission ("FCC") license frequency in accordance with the terms and conditions of this Agreement.
3. SMG shall have the following duties and responsibilities under this Agreement:
 - a. SMG shall provide two (2) new AES Intellinet 7170 MultiNet RFIIIP Receivers ("7170 Receiver") that shall comply with the specifications in as Exhibit "A" attached hereto and incorporated herein by reference as if fully set out. If SMG shall be unable to obtain 7170 Receivers through ordinary commercial sources for such equipment, SMG shall furnish such commercially available receivers as closest

approximate the 7170 Receiver specifications in lieu of the 7170 Receivers. The 7170 Receivers shall be installed by SMG personnel at such Village owned facilities as the Village shall designate and shall transmit data from radios to the SMG Central station via the Internet.

b. The intent of this Agreement is that all existing "reverse polarity" subscribers as of the date of this Agreement shall be converted to the wireless AES Intellinet network. For this purpose SMG shall connect all such "reverse polarity" subscribers to a "reverse polarity" radio receiver listed for remote station use, which receiver, and its attached alarms, shall function identically to the receivers and alarms in use by such subscribers as of the date of this Agreement. The conversion shall within the six (6) months after the activation date of the wireless network. In the event conversions are not completed within the six (6)-month period, SMG agrees to provide monitoring at its central station on a month-to-month basis for subscribers whose systems are not converted at no additional cost to the Village or the subscriber until all such conversions are completed. As there are significant additional costs to continuing to provide wire "reverse polarity" service, the Village and SMG agree to cooperate with each other so that the conversion may proceed as an expeditiously as reasonably possible. SMG and Village agree all "reverse polarity" conversions shall be concluded no later than one (1) year from the date of activation of the wireless network.

c. At all times during the term of this Agreement, SMG shall provide at SMG's expense alarm monitoring that is compliant to UL Central Station Standards and shall maintain its UL Certification of Compliance in the service categories set out in the UL Certificate of Compliance, attached as Exhibit "B," which is incorporated herein by reference as if fully set out. SMG will provide Village personnel access to its monitoring software to facilitate Village's ability to enforce code compliance, review alarm history, or provide incidental information about any monitored alarm as required by same. Such access will be limited only by user-name/password and be available by user from any Internet-connected personal computer.

d. Radio transmitters shall be available to any licensed alarm company which meets reasonable criteria for application and enters into a direct agreement with SMG. SMG shall be obligated to monitor only the transmitters of subscribers with whom or with whose authorized agents it has a contract for that purpose. Radio transmitters will be AES model 7744F with transmission being on the Village's FCC frequency, 462.3875. The license shall be exclusively the property of the Village and shall be held and controlled entirely by it. All radio monitoring provided for under this Agreement is specific to this license.

e. No fire protection system will be disconnected without prior approval of the Village. It shall be the sole responsibility of SMG to obtain such approval from the Village, and the failure of SMG to obtain such approval shall not relieve it of any duty or obligation under this Agreement not directly affected by the lack thereof.

f. SMG will maintain at its own expense all required equipment with all attendant cabling and labor on a twenty-four (24)-hour basis at no expense to the Village. Upon failure of any or all of said equipment, SMG shall be permitted a maximum of a two (2) hour response period for repair or service. Additionally, SMG will keep at all

times a minimum stock of five (5) radio transmitters appropriate for use on the Village dedicated frequency.

g. The Village shall be entitled to receive from SMG a rebate payment of fifteen dollars (\$15.00) per month from the monitoring fee collected for each radio transmitter or telephone line position, which SMG shall pay quarterly to the Village in conjunction with SMG's billing cycle. SMG will provide an authorized Village representative with an Excel or other similarly formatted document detailing monies that SMG has billed and received. SMG will remit rebate payments to Village for all "subscribers" from whom payment for monitoring services has been received. SMG will attempt to collect "past due" amounts on behalf of the Village and agrees to continue monitoring services to delinquent subscribers, unless directed otherwise. Reasonable market-competitive increases in the fees and charges set forth in Exhibit "D C," attached hereto and incorporated herein by reference as if fully set out, shall be allowed at the annual anniversary date of the execution of this Agreement with concurrence of the Village.

h. SMG shall be responsible for monitoring alarm activity on the system and dispatching appropriate personnel in response to alarms received thereon. SMG agrees to meet with Village personnel concerning dispatch procedures quarterly, or as needed. All correspondence concerning dispatch policy or alarm maintenance issues will be logged and kept in separate files available to either Party upon request.

i. SMG will provide, install, modify and monitor without charge to the Village up to forty (40) radio transmitters for use by the Village for all currently existing Village alarms in municipal buildings and facilities within the Village, including but not limited to the Village Hall, Public Works, Police, and historic buildings and facilities. With regard to SMG's liability to the Village for damages for any deficiency, defect, or inadequacy or negligence or omission of SMG with respect to the provision, installation, modification, and monitoring of the said forty (40) radio transmitters, the terms and conditions in Exhibit "D," attached hereto and incorporated herein by reference as if fully set out, shall govern and apply, but only with respect to the said forty (40) radio furnished by SMG for the use of the Village. With respect to SMG's liability for all other radio transmitters provided for under the Agreement and its services, SMG'S liability shall be as provided in this Agreement exclusive of Exhibit "D." The Village shall have no obligation to indemnify and hold SMG harmless against any third party claims of any kind whatsoever that may be asserted against SMG arising from or related in any way to SMG's provision, installation, modification, and monitoring of the said forty (40) radio transmitters for use of the Village.

j. SMG shall indemnify and save harmless the Village against any and all damages to property or injury to or death of any person or persons including property and employees, agents, or invitees of the Village and shall defend indemnify and save harmless the Village from any and all claims, demands, damages, losses and expenses, including but not limited to reasonable attorney's fees and courts costs, in all suits, actions or proceedings of any kind or nature, including Worker's Compensation Claims and that may brought by anyone whatsoever resulting from or arising in any way out of this agreement, and the installation and maintenance of the equipment, including

actions or omissions of employees or agents of SMG or its subcontractors. Insurance coverage specified herein on the attached certificate of liability insurance, Exhibit "E" and the special conditions constitute the minimum requirements, and said requirements shall in no way lessen or limit the liability of SMG under the terms of this Agreement. SMG shall procure and maintain, at its own cost and expense, any additional kinds and amounts of insurance, which may be necessary in its own judgment for proper protection in the prosecution of the work.

4. The Village shall have the following duties and responsibilities under this Agreement:

a. The Village agrees notify alarm users the discontinuance of "reverse polarity" alarm monitoring and the requirement that they convert to the Village's radio network. This notification shall be a "final" notification, as equipment for the retransmission of these signals will be removed from the Police Department. The Village further agrees to notify existing radio users of the need to modify their existing radios with the new Bensenville frequency, the "crystals" for which shall be available at no charge through SMG. The Village shall post notification of the discontinuance of "reverse polarity" alarm monitoring and need for modification of existing radio sites on its website and provide timely letters of the same to its current subscribers. SMG shall credit exiting existing radio users an amount equal to the charges for four (4) months of monitoring against all SMG's charges relating to the modification of their existing radios for use on the new Village frequency.

b. SMG shall cooperate with third party billing for any existing subscriber who is currently under contract with any other alarm company for monitoring services in connection to the Village's designated alarm monitoring board so that current subscribers shall not be double billed for monitoring services.

c. The Village shall provide one (1) Internet connection (IP Address), a dial-tone telephone line, and an uninterruptible 110-volt outlet for each 7170 Receiver.

5. The term of this Agreement shall be for a period of sixty-four (64) calendar months from the date above or the date that the service becomes active whichever is the later date. During that sixty-four (64) calendar month period, SMG shall provide the equipment and services as set out in Exhibits "A," and "C," attached hereto and incorporated herein by reference as if fully set forth, and, except as otherwise provided herein, shall be entitled to the charges for such services and equipment as stated therein. Further during this period, except as otherwise provided herein, SMG shall be entitled to charge monitoring fees of \$35.00 per month per "reverse polarity" telephone line position monitoring and for radio network monitoring for fire or burglar alarms. This Agreement shall renew automatically on identical terms and conditions for successive periods of one (1) year thereafter, unless either party gives the other party written notice of termination not later than thirty (30) days before the last day of the existing term.

6. The Village acknowledges that all equipment installed in accordance with this Agreement (except those items installed in accordance with paragraph 3. i. herein) is owned by SMG. In the event this Agreement is terminated for any reason, SMG shall have the right to remove the same upon ninety (90) days notice to the Village or, at the

option of the Village, the Village the right to purchase equipment or receiving panels that may at such time have been installed pursuant to this Agreement at a prorated under purchase price or generally accepted accounting practices for depreciation as mutually agreed by both parties.

7. This Agreement shall be binding upon heirs, executors, administrators, successors and assigns of both parties, except the SMG may not assign its obligations and duties under this Agreement without written permission of the Village, which shall not unreasonably withheld.

8. SMG shall not pursue maintenance agreements with subscribers having monitoring contracts with other alarm companies. However, if such an existing subscriber requests a maintenance agreement from SMG on the subscriber's own initiative and SMG offers such an agreement, SMG must request this that be in writing from the subscriber. SMG shall keep subscriber's letter or other written communication on file and provide it upon demand by the Village. Without such letter or communication, SMG cannot enter into any agreement to "take over" maintenance service of existing subscribers.

9. This Agreement incorporates the entire agreement and understanding between the parties and there are no oral agreements, understandings, or representations between the parties which are not reduce to writing herein. This Agreement may not be changed, modified, or discharged except in writing executed by all parties hereto.

10. Either Party may on written notice terminate this Agreement at any time in the event of a breach by the other Party of any provision herein.

11. No provisions in this agreement, however, shall be construed as creating any third-party beneficial interest in any other alarm company or other third party.

WHEREFORE, the Parties, by their duly authorized representatives, have set their hands and seals hereto on the dates indicated.

EXHIBIT "D"

It is understood and agreed by and between the parties hereto that SMG is not an insurer, nor is this Agreement intended to be an insurance policy or a substitute for an insurance policy. Insurance, if any, will be obtained by the Village. SMG's provision of radio transmitters to the Village for Village's use and the installation, modification and monitoring of them without charge is not sufficient to warrant SMG assuming any risk of consequential, collateral, incidental or other damages to the Village due to the System, its installation or the use thereof, or any deficiency, defect or inadequacy of the System or services or due to SMG's negligence or failure to perform, except as specifically provided for in this Agreement. The Village does not desire this Agreement to provide for the liability of SMG and the Village agrees that the SMG shall not be liable for loss or damage due directly or indirectly to any occurrences or consequences there from which the System or service is designed to detect or avert. From the nature of the System provided hereunder or the services to be performed, it is impractical and extremely difficult to fix the actual damages, if any, which may proximately result from the active or passive negligence of, or failure on the part of, SMG to perform any of its obligations hereunder, or the failure of the System to properly operate. If SMG should be found liable for loss or damage due to a failure on the part of SMG or the System or services, in any respect, such liability shall be limited solely with regard to any RECURRING SERVICE transaction, to an amount equal to fifty percent of one year's recurring service charge or the amount of \$1000, whichever is less, or, solely with respect to a DIRECT SALE transaction, to an amount equal to the purchase price of the type of transaction, this liability shall be exclusive. The provisions of this paragraph shall apply in the event loss or damage, irrespective of cause or origin, results directly or indirectly to person or property from the performance or non-performance of the obligations set forth by the terms of this Agreement or from the active or passive negligence of SMG, its agent or employees.

RESOLUTION NO. R-127-2016

**AUTHORIZING THE EXECUTION OF AN ADDENDUM TO THE AGREEMENT
BETWEEN THE VILLAGE OF BENSENVILLE AND SMG SECURITY
SYSTEMS, INC. FOR ALARM MONITORING SERVICES**

BE IT RESOLVED by the President and Board of Trustees of the Village of Bensenville, Counties of DuPage and Cook, Illinois, as follows:

That the Village President is authorized to execute an Addendum to the current Agreement between the Village of Bensenville and SMG Security Services, Inc. that extends the terms of the agreement for 5 years while providing that SMG Security Services increases the remittance of \$2.50 per radio per month to the Village while SMG Security Services maintains its current pricing.

PASSED AND APPROVED by the President and Board of Trustees of the Village of Bensenville, Illinois, this 25th day of October, 2016.

Addendum to Agreement between SMG Security Systems, Inc. and the Village of Bensenville, Illinois dated March 22, 2011.

- 1) SMG Security Systems, Inc. has completed the "conversion" of all village "reverse polarity" systems in compliance to March 22, 2011 Agreement. All Bensenville alarms being monitored by SMG are via AES Radios.
- 2) SMG Security Systems, Inc. has complied with all terms of this agreement to the satisfaction of Village of Bensenville.
- 3) SMG Security Systems, Inc. agrees to increase remittance to Village by \$2.50 per radio/per month. This increase will bring the amount remitted to \$17.50 per radio. (Less radios provided to Village at "no charge"). SMG agrees to maintain its current pricing (\$35.00 per month) for the duration of this agreement.
- 4) This document is an addendum to original contract dated March 22, 2011 and alters the original agreement only as described herein. SMG and Village agree to extend the term of the original agreement an additional (5) five years from date of the execution of this addendum.
