Daniel Schulze

January 2, 2020

Juvenile Records Expungement

Public notice is hereby given that the Bensenville Police Department has completed the expungement of all eligible juvenile records created between January 1, 2013 and December 31, 2018, in accordance with [Public Act 100-1162](#) of the State of Illinois.

In 2018, the State of Illinois approved Public Act 100-1162, which requires that law enforcement agencies automatically expunge all eligible juvenile records from the years 2013 through 2018. These expungements must be completed before January 1, 2020.

The law also requires that written notice be given to those individuals whose records have been expunged. The law allows that, for records prior to 2016, a public notice like this one satisfies that requirement.

If you have any questions please contact the Bensenville Police Department non-emergency number 630-350-3455.
