A property tax freeze and improved community amenities highlight the Village of Bensenville's 2024 Annual Budget

Bensenville, IL – Last month, the Village President Frank DeSimone and the Bensenville Board of Trustees unanimously approved the new Village tax levy with a property tax freeze resulting in a 0% increase in property taxes for 2024.

“Myself, along with the entire board, pride ourselves on being fiscally responsible and finding ways to reduce the burden on residents is always a priority. We believe this budget helps us achieve that goal,” said DeSimone. “We have a great responsibility to use tax dollars wisely and remain committed to policies that improve services, improve infrastructure and enhance our community in efficient ways that limit the impact on our residents’ wallets.”

In addition to the tax levy, the Board approved various enhancements and additions to key community amenities within the 2024 Budget including:

- \$9 million in new streets, sidewalks, and bike paths.
- A state-of-the-art playground at Redmond Recreational Complex.
- The installation of the electric vehicle charging stations.
- Renovations to the historic Theater and Ice Cream Shop focused on restoring the structure to 1920s heyday.
- Completion of the grant funded Senior and Community Center at Village Hall.

“Next year’s budget will give us the ability to continue to build and show everyone that Bensenville is the gateway to opportunity for families and businesses alike,” said DeSimone. “Our focus is on making sure we are able to provide the best and most efficient services, while working with businesses to provide their equitable share and reduce the financial burdens and responsibilities of our residents.
