Re: October 18, 2024 FOIA Request

Dear Mr. Collins:

I am pleased to help you with your October 18, 2024 Freedom of Information Act ("FOIA"). The Village of Bensenville received your request on October 18, 2024. You requested copies of the items indicated below:

"We are conducting a research project and kindly request your assistance in providing the following permit data points of Bensenville, Illinois for the specified date range (01/01/2016 or earliest date possible to 09/30/2024):

- 1. Permit Number
- 2. Issued Date
- 3. Contractor Business Name
- 4. Work Location
- 5. Valuations
- 6. Detailed Description of Projects
- 7. Application Date
- 8. Final Date

Please note that we need Residential and Commercial "Building, Electrical, Mechanical, Addition/Alterations, HVAC, Electric Vehicle Charging Stations, Service Upgrade/Panel upgrade /Repair/Replace, Solar/PV permits" issued in that time frame.

Ideally, it would be best if you could send all available permit types without filtering for the specific ones mentioned earlier. This allows us to handle the filtering on our end, reducing the effort needed from your staff to send this data. If specific data points are unavailable, please share whatever information you have for the permits.

If possible, we would appreciate the data in an electronic format such as CSV OR EXCEL. If electronic data is not available, please provide guidance on obtaining the data efficiently."

After a search of Village files, the following information was found responsive to your request:

- 1) Village of Bensenville Permits Issued Since January 1, 2016. (140 pgs.)

These are all the records found responsive to your request.

Do not hesitate to contact me if you have any questions or concerns in connection with this response.

Very truly yours,

Corey Williamsen
Freedom of Information Officer
Village of Bensenville
