Re. 1/5/26

**CAUTION:** This email originated from outside of the organization.

Hi,

We are conducting research on solar activity in the U.S. and would like access to the following data for the date range 10/01/2024 - 12/31/2025:

- **Issued Residential and Commercial Solar (photovoltaic - PV) permits**
- **Issued Residential and Commercial Energy Storage System permits**

The following are the important data points:

- **Permit number**
- **Permit status**
- **Permit address**
- **Contractor**
- **Permit Issue date**
- **Permit Application date**
- **Permit Final / Completion date**
- **Permit type**
- **Permit Sub-type**
- **Permit Valuation**
- **Permit Work description**
- **Storage/Battery Manufacturer Name.**

If you do not have separate categories for solar or storage, please provide all building and electrical permits.

Please note that we do not need the original records nor need scanned copies – just the data that can be produced in excel or CSV format by the software used by your department to track permits and an email receipt is preferred.

**If possible, please provide the reports in CSV or excel format.**

**NOTE: If there is a portal or website where these monthly reports can be accessed directly, I**

**would greatly appreciate it if you could share the details.**

Thank you for your time and assistance. Stay safe.

Best Regards,

--

**Chris Collins**
