## Bensenville Receives Two Top Financial Reporting Awards

**Bensenville, IL** - The Village of Bensenville has received two top financial reporting awards from the Government Finance Officers Association (GFOA): the Certificate of Achievement for Excellence in Financial Reporting for its 2012 Comprehensive Annual Financial Report (CAFR), and the Distinguished Budget Presentation Award for its 2013 Budget.

"The Village of Bensenville is proud to receive these prestigious awards." stated Village President Frank Soto "Having a financially sound and transparent government is a top priority for the Village and something we will continue to provide to the great people and businesses choosing Bensenville."

The Certificate of Achievement is the highest form of recognition in the area of governmental accounting and financial reporting, and its attainment represents a significant accomplishment by a government and its management. The CAFR has been judged by an impartial panel to meet the high standards of the program including demonstrating a constructive "spirit of full disclosure" to clearly communicate its financial story.

The Distinguished Budget Award reflects the Village's commitment to meeting the highest principals of governmental budgeting. In order to receive this award the Village satisfied nationally recognized guidelines for effective budget presentation receiving a "proficient" rating in all four categories. Award recipients have pioneered efforts to improve the quality of budgeting and provide an excellent example for other governments throughout North America. The Distinguished Budget Presentation Award is the only national awards program in governmental budgeting.

"Bond rating agencies like Standard and Poor's and Moody's look at these awards as evidence that management is following best practices. It is very important that we put in the effort to win them." stated Director of Finance Tim Sloth. That effort has paid off. Standard and Poor's recently increased the Village's bond rating to AA- which translates into over \$400,000 in savings over the next 10 years.
