

## ***Bensenville Fire Protection District***

**"Special, Emergency Blood Drive"**  
**Blood supplies are low due to the**  
**subzero temps and the holidays!**

***Saturday February 21, 2015***  
***9:00a.m. – 3:00 p.m.***

### ***Special Raffle will be held for all donors!***

Every two seconds someone needs blood. Each year, 4.5 million Americans would die without life-saving blood transfusions!

**Over 1,000 pints are needed daily in the Chicago area!**

Join us February 21, 9:00a.m. – 3:00 p.m. at Bensenville Fire Protection District #2 - 500 S. York Road – walk in donations are most welcomed! This is a critical time with the weather we've experienced and the fire service around Chicago is adding drives to assist with critical shortages of blood.

**The goal is to provide 100(+)units of blood at this drive to raise the awareness of the necessity for donations!**

Reservations are welcome in advance at [www.lifesource.org](http://www.lifesource.org) or 1(877)543-3768.

***Ask about ALYX donations. It takes only a little longer, but provides 2X the donation and is immediately available for a needy patient.***

**Please encourage co-workers, family, friends, students, you name it to join in on this event. Together we can Brighten Lives in our Community!**

**If you can't help, please send this to 10 friends in the area to help us spread the word!**

**Thank you!**

Chief Michael Spain - Bensenville Fire Protection District
