Our Mission

The Mission of Village Government is to be financially sound and provide customer friendly services of the highest quality.

The Village Government engages residents and partners for community benefit.

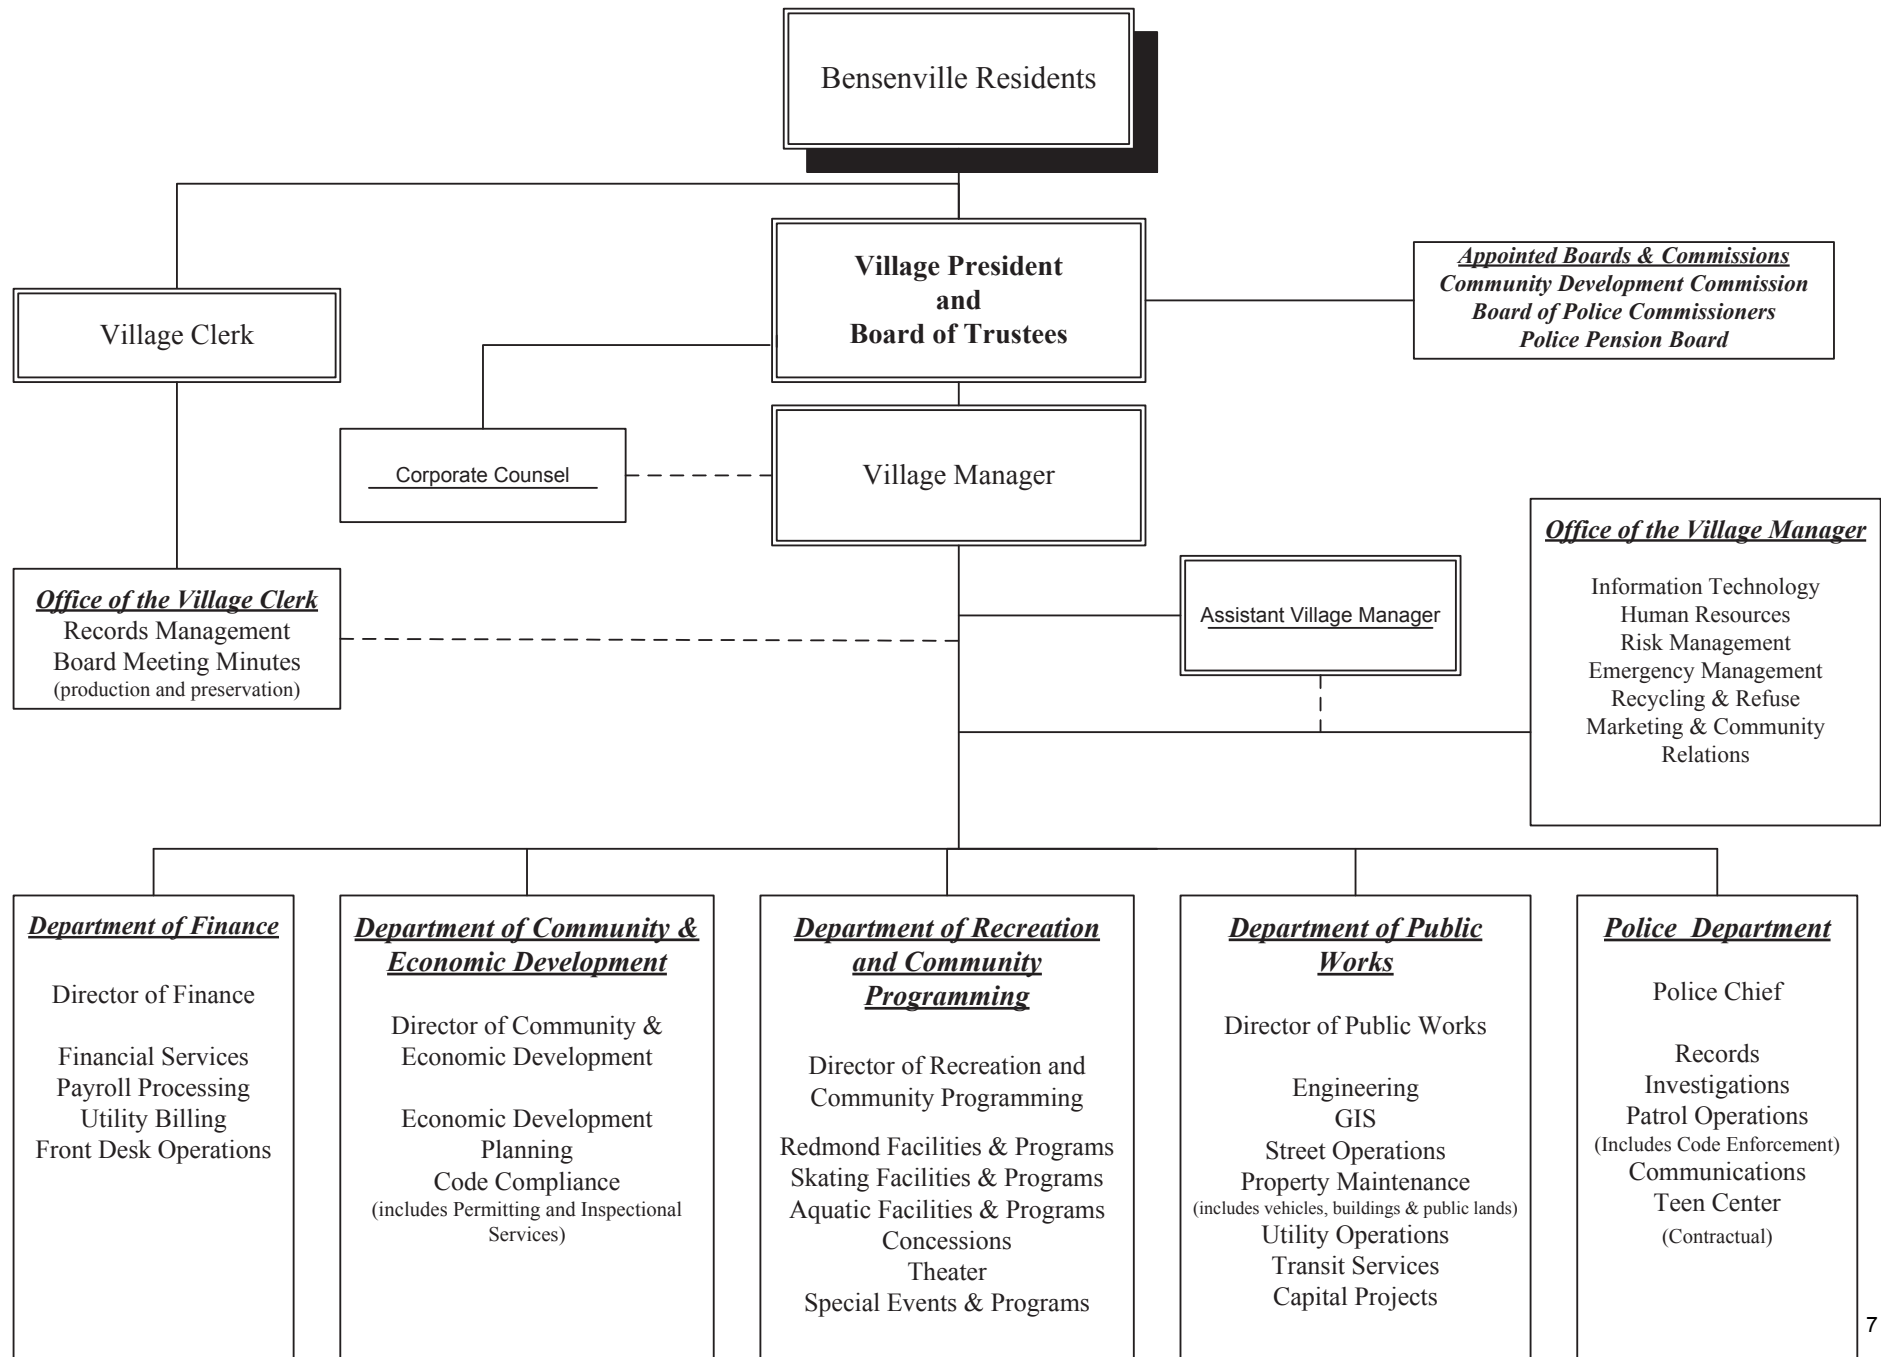

Village of Bensenville Vision 2027

Bensenville 2027 is a beautiful village where families make it their hometown.

The Village has an alive and thriving downtown, stable residential neighborhoods and enjoyable living. – “Making Bensenville a Great Place to Live.”

The Village is recognized as a Major Business and Corporate Center adjacent to O’Hare Airport, has vibrant, inviting major commercial corridors and easy connectivity within the village, to the Chicago region and to the world. – “Making Bensenville a Great Place for Business.”

Village of Bensenville Organization Chart

VILLAGE OF BENSENVILLE PROFILE

Incorporated	The Village of Bensenville, a non-home rule community as defined by the Illinois Constitution, was incorporated in 1884.
Governed	The Village operates under the Council-Manager form of local government which combines the political leadership of elected officials with the managerial experience of a professional Village Manager. Bensenville has eight elected officials – six Trustees, a Clerk and a President all of which serve a four year term. Current Board members are Frank Soto, President; Trustees Morris Bartlett, Susan Janowiak, Robert Jarecki, Martin O’Connell, III, JoEllen Ridder and Henry Wessler; Ilsa Rivera-Trujillo is the Village Clerk.
Boundaries	The Village of Bensenville is located approximately 17 miles northwest of downtown Chicago, bordering the southwest corner of O’Hare International Airport. The Village is primarily located in DuPage County with a small section (3.2%) in Cook County. The Village comprises a total land area of approximately 5.6 miles.
Population	Population as reported by the 2010 census is 18,352.
Real Estate	The equalized assessed value (EAV) of real estate for the 2013 levy year is \$507,142,916.
Tax Rate	The tax rate for 2013 is \$1.0499 per \$100 of assessed value
Debt Rating	The Village issues General Obligation Bonds for capital improvements and currently holds an “A1” bond rating from Moody’s Investor Service on its outstanding debt and an AA- / Stable rating from Standard and Poor’s.
Resources	The Village holds title to 184 acres of land which includes land for village facilities, parks, trails, ball fields, wetlands and open space. Additionally, The Village maintains a Village Hall, a public safety facility housing a police and emergency management, a public works facility, a movie theatre, two ice arenas and an indoor aquatic facility. The Village also owns and maintains the 88 acre Redmond Recreational Complex which has 2 baseball fields, a soccer field, outdoor basketball courts, sand volleyball, a canoe launch, band shell, a 1.2 mile walking path, a lake and a wetland nature preserve.
Services	The Village provides a full range of services to its citizens, including police protection, emergency disaster management services, general governance, maintenance of village highways,

Profile (Continued)

streets and sidewalks, community and economic development, code enforcement, water and sewer utility services, refuse and recycling as well as recreational services. The Village also hosts a variety of special events including, the “Music in the Park” summer concert series, classic car nights, holiday magic, and Liberty Fest (annual Fourth of July fireworks and celebration).

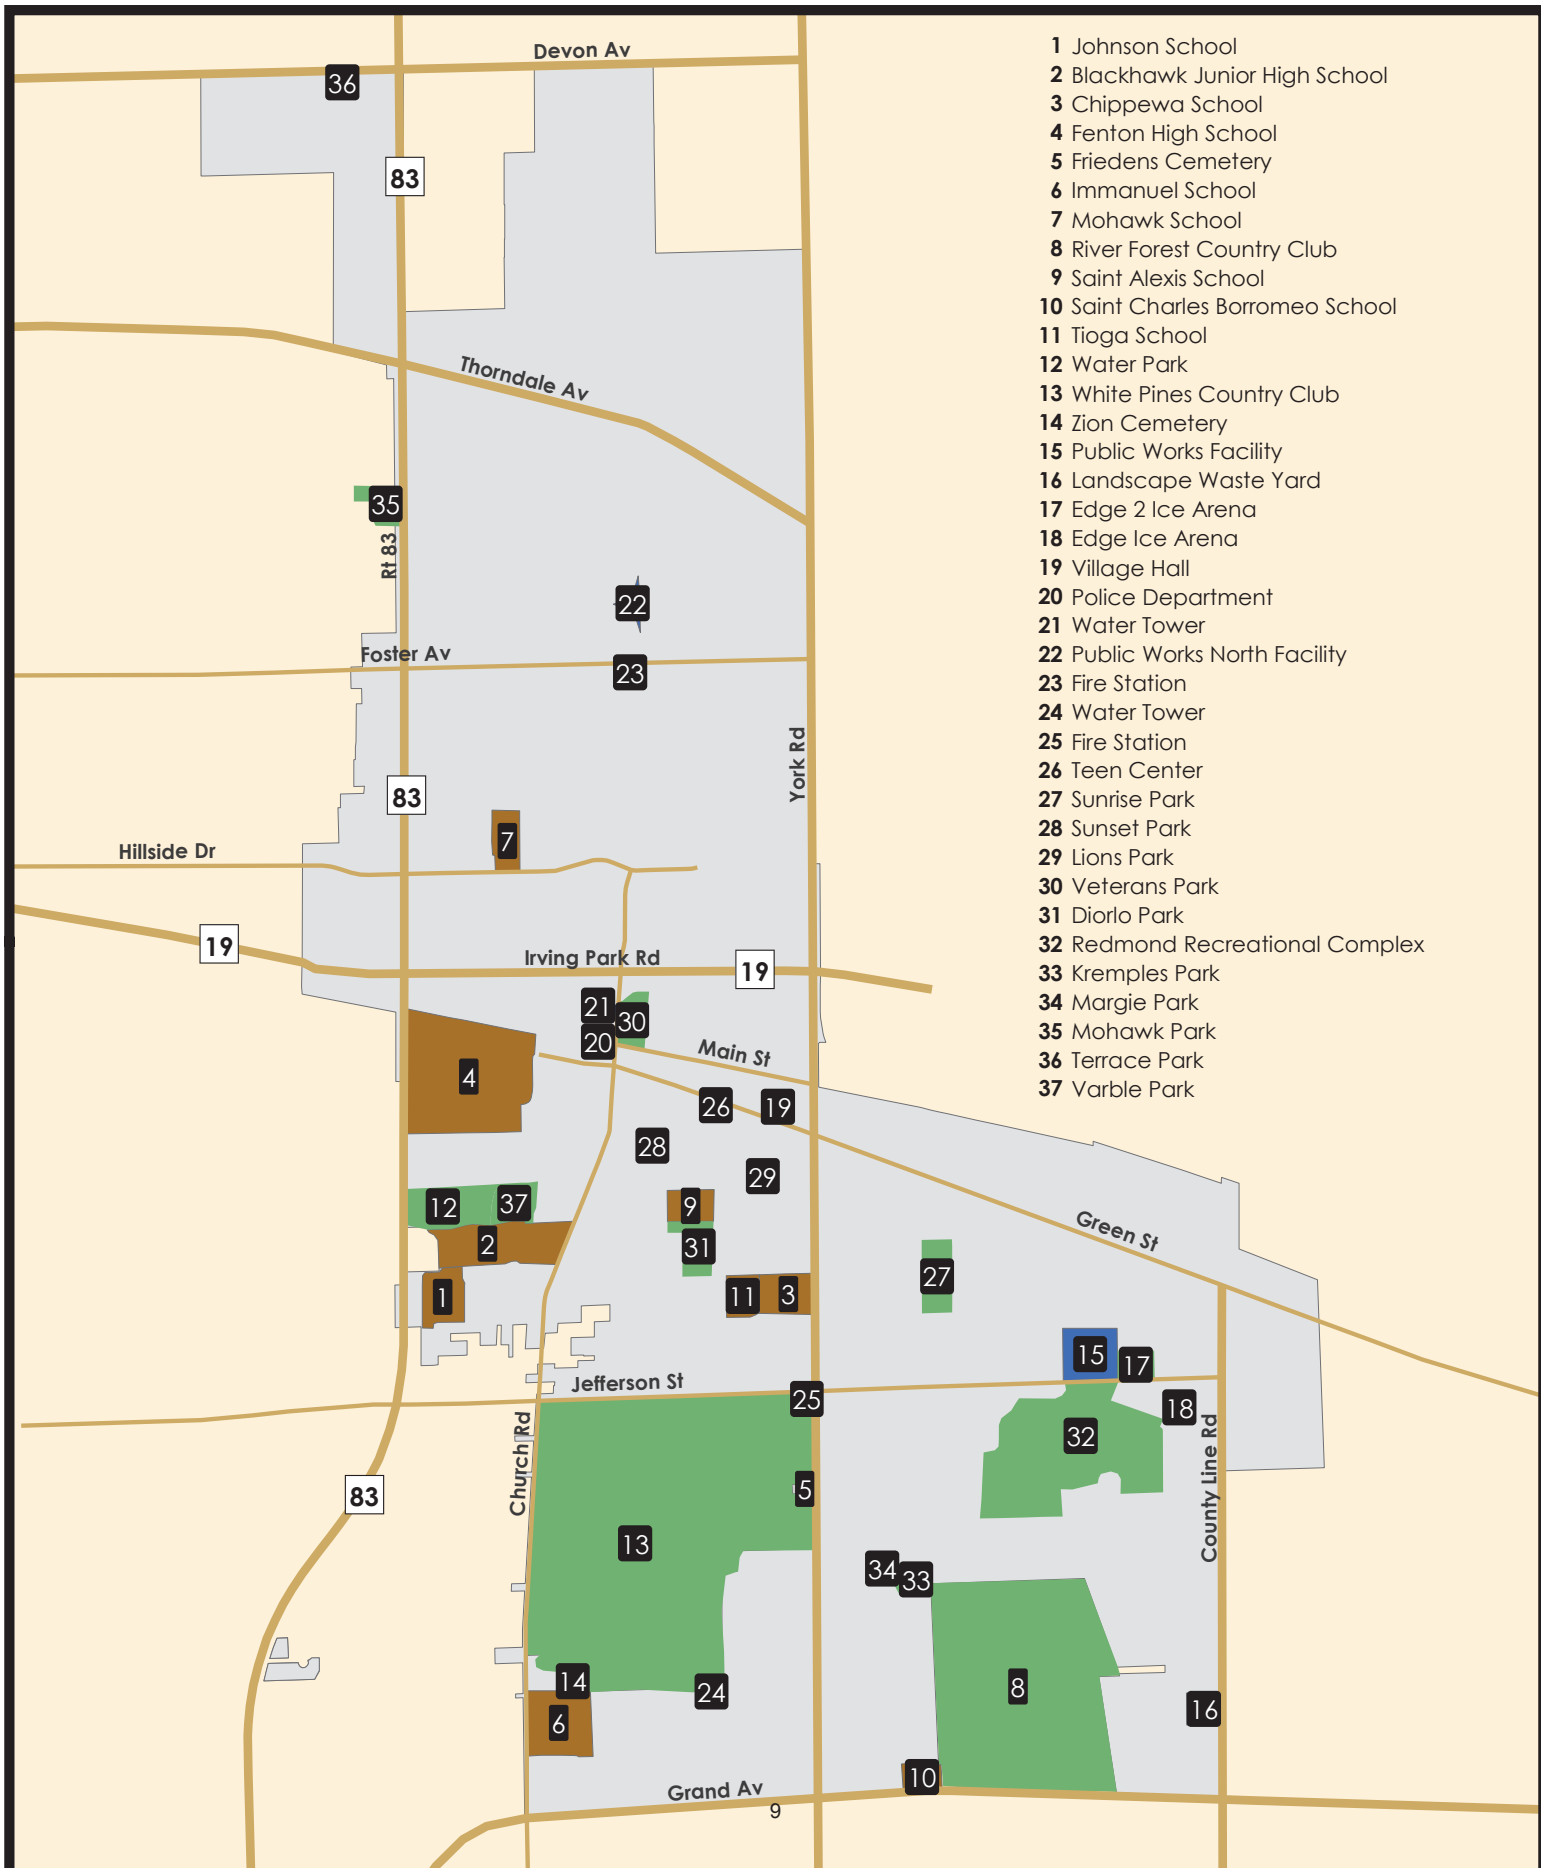

Staff The Village has an appointed Village Manager responsible to the Board of Trustees for the administration of the Village which includes a full-time staff of 120, and 96 year round part-time and 12 seasonal employees. Additionally, the members of the community frequently volunteer to assist with special events.

Affiliations The Village actively participates, maintains intergovernmental agreements, or is affiliated with the following organizations: International City / County Management Association (ICMA), Illinois City / County Management Association (ILCMA), DuPage Mayors and Managers Conference (DMMC), DuPage Major Crime Task Force, DuPage Emergency Telephone System Board, DuPage County Arson Task Force, DuPage Children’s Center, Northeast DuPage Youth and Family Services, Veterans of Foreign War, Bensenville Boys and Girls Athletic Association, Bensenville Lions Club, American Legion, Fenton High School District 100, Bensenville School District 2, Bensenville Chamber of Commerce, Bensenville Intergovernmental Group (BIG), International Council of Shopping Centers, Elk Grove Village, Village of Wood Dale, City of Chicago, State of Illinois, Illinois Law Enforcement Alarm System Mutual Aid Agreement, West Central Municipal Conference, Bensenville Park District, DuPage County, Bensenville Library District, Bensenville Fire District No. 2, College of DuPage, Chicago Steel Hockey, Addison Township, Bensenville Rotary Club, and the Forest Preserve District of DuPage County

Village of Bensenville

November 18, 2014

RE: 2015 Budget Transmittal Letter

Dear President Soto and Village Board of Trustees:

It is my privilege to present for your review and consideration the proposed 2015 Annual Budget and Community Investment Plan. The Proposed Annual Budget and Community Investment Plan (CIP) totals \$81,596,715 which represents a 5.24% percent increase over the 2014 budget. We continue to focus on containing costs in our Operating Budget, which increases 2.22% percent over 2014. The majority of the overall budget increase is attributable to non-operating expenditures, including capital improvements, debt service and inter-fund transfers, which amount to \$50,710,440, a 7.17% percent increase over 2014. The capital budget alone totals \$33,680,370 which is a slight decrease of 2.38% compared to 2014. Capital Improvements comprise 41.27% of the total budget. This prioritization of our infrastructure investments will complete the reconstruction of our circa 1940's Waste Water Treatment Plant and the new Police and Emergency Management Headquarters. Together the completion of these two major projects represents 80% of capital spending in 2015. The introduction of new debt for the Village has not been taken lightly. We have battled effectively to reposition our organization to weather economic challenges not seen since the great depression. To finance these projects we have taken advantage of State and Federal funding initiatives including the State of Illinois' Clean Water Initiative Loan Program and the Federal Qualified Energy Conservation Bonding program. By participating in these programs the Village will achieve a financing rate of 1.93% for the Waste Water Treatment Plant. Additionally, the Village will receive a Federal rebate of 70% of the interest it pays on a substantial portion of the bonds issued for the Police headquarters. These projects qualify for these programs based on the Village's strict adherence to best practices in terms of environmental impact. We recognize that these are difficult financing decisions and have carefully structured an approach that keeps debt service level and manageable.

This policy document establishes the framework for achieving the strategic goals and objectives established by the Village Board. These strategic objectives are used to guide the decision making process at all levels of the organization so that the specific programs and projects that are advanced for implementation will effectively assist the Board in achieving its overall vision for the Community.

This document also demonstrates the organization's commitment to enhancing our human capital and infrastructure investments. This budget has been developed to ensure that the Village of Bensenville continues to make measurable progress towards its 2027 Vision for the community and that resources are allocated to support exceptional customer services.

As with most municipalities, particularly in a non-home rule context, there are limits to the resources available to fund service provision efforts. The Village needs to continually assess the external environment for changes that may either positively or negatively impact available resources. The methodology used in developing the document acknowledges these risks and allows the Village to effectively respond to normal fluctuation in these resources. If significant

variations in resources are anticipated, they are addressed through a deliberative process involving the Board and Staff on a quarterly basis.

Organizational Strategic Goals

To balance competing priorities and services, strategic organizational goals based on the Village's 2027 Vision Statement have been established by the Board. These goals provide an overarching framework to guide the Board in making budgetary policy decisions regarding services, programs and capital projects. Per our recent Strategic Planning Session, the goals for 2017 include:

1. Vibrant Major Corridors
2. Enrich the Lives of Village Residents
3. Financially Sound Village Providing Quality Customer Oriented Service
4. Become a Major Business and Corporate Center
5. Safe and Beautiful Village

Our 2015 Strategic Plan and Targets for Action will be finalized in the fourth quarter of this year based on the two workshops held in September and October.

Organizational and Community Challenges for 2015

While the broader economy has significantly improved since the Great Recession the Village continues to see property values erode. In terms of value erosion from the housing bubble burst, Addison Township was the most severely impacted Township in DuPage County. The Village was the hardest hit municipality within Addison Township. From 2008 to 2013 the Village saw its Equalized Assessed Value (EAV) decrease by 31%. EAV is projected to be down another 2% for 2014. Furthermore, while the Village will see significant long term economic growth due to the expansion of the Elgin O'Hare Expressway, this expansion will result in another significant hit to the Village's EAV as properties are ceded to the State to make way for the expansion. The total EAV impact from this project is approximately \$12,091,065. This issue is being studied by an independent financial consultant to confirm not only erosion impact to Bensenville agencies, but to forecast the value creation as a result of the new Elgin-O'Hare Western Access project.

Another major challenge the community is facing is the increased environmental impacts from the new runway configuration at O'Hare airport. The most significant impact is the increased noise levels caused by the commissioning of Runway 10C/28C. This new runway went into service on October 17, 2013 and has resulted in significantly increased noise complaints from Bensenville residents as the Village sits directly in the flight path for takeoffs and landings. As a result of the increased noise at O'Hare the Village created the O'Hare Impact Committee which is currently working on a number of initiatives targeting O'Hare impacts. Those initiatives include:

- Implementing Village Noise monitors as necessary to record and analyze the noise generated by flights over Bensenville.
- Working with the University of Illinois at Chicago to study the impacts of increased noise.
- The Village has three advisory referendum questions on the upcoming ballot to help address issues with air traffic patterns and gauge public opinion.
- Lobbying the State of Illinois General Assembly to adopt the CNEL Community Noise Equivalent Level measurement system.

- Raising awareness on airport impact efforts.
- The Village has provided written support to the federal government to fund an FAA Part 150 study on the impacts of aircraft noise on adjacent communities.
- The Village supports the proposed “Silent Skies Act.”

The O’Hare Impact Committee is committed to meet on at least a monthly basis to identify and address issues related to O’Hare environmental impacts as they arise. We are starting to see a willingness to advocate for impacted communities from our Congressional Delegation. A new Silent Skies Caucus has been formed for the first time in Washington to draw awareness to this issue and hopefully direct the FAA and the City of Chicago to address noise concerns.

The Village is committed to maintaining its public infrastructure which is indicative of a healthy, vibrant community. This budget reserves 41.27 percent of total expenditures to capital improvements. The ability to allocate sufficient resources to the maintenance and replacement of our infrastructure investments continues to be a challenge. The main revenue source for the Capital Improvement Fund is the Village’s local sales tax. After years of revenue declines due to the recession, sales tax receipts are strong and improving. Other revenues supporting our capital investments include vehicle licenses and investment income.

Another major challenge facing the Village is stabilizing our utility rates in the face of drastic rate increases by the City of Chicago and the DuPage Water Commission. Beginning on January 1, 2012, the DuPage Water Commission began passing through the City of Chicago’s water rate increases over the next four years and piled on with an additional increase for the Commission. In total, our cost of water will increase more than 115 percent over a period of four years. In 2014 to address the increased costs from the City of Chicago / DuPage Water Commission the Village passed a multi-year utility rate increase. Effective January 1, 2015 the DuPage Water Commission is increasing Village costs for water 17.88% and as such the Village is increasing the Utility rates it charges customers by 7.5%. Providing relief from basement flooding has been a top priority of the Village for the last five years. We have been successful in creating new storm water management facilities through cooperative agreements with the School District and Park District. Neighborhoods near Tioga School and at Church and Green have seen dramatic reductions in flooding since those facilities have been constructed. We are working with School District 2 on a new project at the former Mohawk School to provide open space, recreation and storm water improvements. Thinking to the future, we are concerned that the Village does not have a dedicated funding source to continue flood control enhancements. An emerging best practice is the creation of a Storm Water Utility, which creates a fee for all Village property owners based on impervious surface. We are not advocating this fee at this time, but it should be discussed as an option to fund the maintenance and replacement of our storm water sewers and facilities.

Another major challenge the Village faces is security. The most recent Village audit shows that the Village has assets totaling \$200,354,591. Securing these assets against damage, vandalism, theft, and neglect is a significant challenge. In 2014 the Village installed security cameras at the Village’s Edge Ice Arenas. Additionally in 2014 the Village embarked on a comprehensive Asset Tagging program so that an accurate track of Village assets can be maintained. The 2015 budget includes \$75,000 for security cameras at Village Hall as well as funding for Year 2 of the Village’s Internal Audit / Fraud Risk Assessment Program. An independent review of Village financial controls and cash practices will be conducted in the first quarter of 2015.

Other challenges include:

- Maintaining personnel costs at levels that can be financially sustained. All three Union contracts are set to expire on April 30, 2015.
- Implementing new technology to increase efficiencies. In 2015 the Village will be implementing a comprehensive Document Management System as well as increasing utilization of Geographic Information Systems (GIS).
- Continuing the Village's commitment to contribute the statutorily required amount to the Police Pension Fund (\$950,000 – of which \$300,000 is funded by the property tax).
- Continuing efforts to transform the Northern Business District and adjacent areas to a high-tech corporate center.
- Continuing efforts to reestablish relationships with Business Stakeholders.

2015 BUDGET OBJECTIVES

The 2015 Budget has been developed to effectively address the challenges presented above by establishing budgetary objectives that align with the strategic organizational goals established by the Board for the upcoming year. The budgetary objectives for 2015 include:

- Funding of operations in the General Fund and Utility Fund through the use of operating revenues net of transfers.
- Restructuring of debt to achieve interest savings and fund strategic objectives.
- Limiting use of new debt to fund capital purchases and projects.
- Funding Police Pension at the statutorily required contribution level.
- Development of a 5 year Community Investment Plan. The CIP includes information on the Village's long term program and plans for capital improvements and the capital costs associated with the implementation of the plan. The plan also identifies those costs associated with maintaining capital improvements so that on-going maintenance costs of improvements and their impact on the respective operating budgets can be considered when determining whether to proceed with a project.
- Funding a new Waste Water Treatment Plant (\$33,500,000 Total Project - \$20.3M in 2015)
- Funding a new Police Headquarters (\$16,000,000 Total Project - \$6.8M in 2015)
- Budget at "normal/average" costs and provide for a contingency equal to 1% to 2% of General Fund expenditures to address emergency situations as well as economic or financial fluctuations. Additionally, this budget continues to commit unused contingency to achieve the minimum fund balance objective established for the General Fund. Once achieved the Board may approve a transfer of unexpended contingency amounts to the capital improvement fund.
- Develop a budget document with overall objective of achieving the goal of meeting or exceeding "Fund Balance" objectives for all funds.

Threats

The Proposed Budget has been crafted with acknowledgement that the current economic recovery while strengthening is still on shaky ground. Municipal budgets are typically the last to feel recessionary effects, but are also last to fully recover. While sales taxes, employment and business investment have all picked up steam real estate valuation continues to lag. Additionally, municipalities are still bracing for a negative impact from the dismal condition of State of Illinois finances. The State Legislature continues to consider reducing revenues they share with local governments. As a non-home rule community, every revenue source is vitally important to us since we do not have the ability to uniformly raise other revenues to compensate. Our key revenues are very closely aligned with the State, and the unresolved State structural deficit continues to be a real threat to a sustainable financial plan for the Village.

At the National level, after years of leaving rates unchanged at or near 0% the Federal Reserve is likely to start increasing rates at some point in 2015. The Fed Funds rate is a key benchmark for local banks and investment firms. If the Fed Funds rate increases we will likely see our interest rates at local banks go up as well. On the flip side interest rates for borrowing funds will also increase. The 1.93% loan rate we received on the Waste Water Treatment Plant is probably the lowest lending rate we will ever see and likely won't happen again. Other items of concern on the National level that could have a negative impact on Bensenville's future economic prosperity include the federal budget, the upcoming national election, increasing military escalations and threats of widespread epidemics.

Another significant threat to the Village is in the continued value decline of our residential neighborhoods. While the number of properties in foreclosure or pre-foreclosure has improved substantially (projecting 80 in 2014 versus 95 in 2013) the Village was the hardest hit community in Addison Township in terms of value loss during the Great Recession. The Addison Township Assessor confirms that the Village is looking at an average of a 2.0 percent decrease in property valuation for 2014. This is driven largely due to the excessive number of distressed transactions dominating the local housing market. This is a significant threat not only to the Village, but to all taxing bodies in Bensenville. That is why our efforts to achieve value creation through economic development are critical to a sustainable revenue base.

This budget proposes a tax levy increase of 1.45 percent. This nominal increase captures the eligible growth in new value and CPI per the tax cap. The impact to a resident with a \$200,000 is an increase of \$7.94 over last year. We understand that any increase to the property tax is difficult from a geo-political perspective, especially when residents see such dramatic loss in their home values. We need to reconcile this critical perspective with accepting that we have very limited resources as a non-home rule community and levying the CPI and growth in construction and annexation is key to long-term financial sustainability. The compounding impact of a zero increase in just this levy year translates to roughly \$1.5M in lost revenue over the next decade. The total savings a resident would see over this ten year period is about \$100. To achieve our strategic goal of being a Financially Sound Village, we need to carefully consider decisions as financial stewards with an eye on the long term. The State tax cap has already restricted our ability to levy for State-mandated costs, e.g., pensions, which increase every year. Leaving resources on the table in this environment is not recommended.

To adjust to this "new normal," the Village has decreased non-core services and programs. We have codified new budgetary and financial policies to strengthen our financial discipline. We are seizing all opportunities to consolidate operations through shared

services agreements. If we can achieve better service and savings via outsourcing we outsource, if we can achieve better service and savings by performing tasks in in house then we insource. In short we explore every avenue to provide the highest quality services in the most efficient way possible. We will continue to work with neighboring communities and our local Bensenville governments to achieve savings from operational partnerships. We continue to recognize the value of our team's Human Capital. We will leverage innovations and creativity from our teams to reduce operating expenses. And we are now reaping the benefit of our fully integrated ERP system, MUNIS, which allows for enhanced program measurement and evaluation.

Revenue and Expenditure Summary for FY 2012 Actual, through 2015 Proposed Budget

The following is a chart identifying total Revenues and Expenditure inclusive of the FY 2012 Actuals through the 2015 Budget.

Village of Bensenville					
Revenues & Expenditure Summary - FY 2012 Actual through FY 2015 Budget					
	2012 Actual	2013 Actual	2014 Budget	2014 Projected	2015 Budget
Total Revenues (Net of Transfers)	44,931,144	49,794,832	62,424,200	52,400,465	60,584,805
Planned use of Cash	-	-	10,115,604	2,050,765	14,136,040
Total Expenditure	43,302,629	47,060,074	72,457,689	54,451,230	74,720,845
Revenue over(under) Expenditure	1,628,515	2,734,758	82,115	-	-

INFORMATION FOR 2015

Revenue and Expenditure Highlights

The services and programs included in the 2015 Budget have produced a program with the following financial characteristics:

REVENUES:

Total Village revenues across all Funds for Fiscal Year 2015 are budgeted at \$67,460,675 and include approximately \$20.3M of bond proceeds from EPA funding for the Wastewater Treatment Plant. This represents a decrease compared to FY 2014 of \$93,199 or 0.14%. The budgeted revenue for Water & Sewer charges is increasing \$6,562,650 (26.00%) compared to the prior year's budget due to increased revenue from the village wide meter replacement program. The Village increased water and sewer rates in July 2014 by 15% and is also seeking an increase of another 7.5% starting Jan 2015. The Utility fund balance has been used to absorb the rate increases from the DuPage Water Commission (pass through from the City of Chicago) totaling 84.34% since January 1, 2012. The projected revenue for recycling and refuse assumes an increase in rates so revenues are sufficient to cover expenses. Currently our expenditures exceed revenues by over \$50,000 and we are subsidizing this fund. The contract with our current refuse hauler has been renegotiated through December of 2018. Residential rates will be flat until December 31, 2014 and will need to be re-evaluated prior to the end of the year. Illustrated in Charts I A & B are the percentages and amounts derived by revenue source for all funds in both

FY 2015 and FY 2014, respectively. Illustrated in Charts II A & B are the percentages and amounts derived by revenue source in the General Fund again for both FY 2015 and FY 2014, respectively. The General Fund also includes a transfer in of \$400,000 from the Water and Sewer Fund to cover administrative costs (reflects approximately 5% of the operating costs of the Water and Sewer fund). Overall revenue sources are fairly consistent with the last year. Due to an improving economy as well as the addition of a new fueling station (Thornton's) and the opening of the new McDonald's the Village is projecting improvements in sales tax revenue. Additionally, the Village is anticipating receiving \$525,000 in tax increment for the North Industrial TIF district #12.

Chart I A

Note: Intergovernmental Revenues include Illinois State "shared" taxes including Income Tax, Use Tax And Motor Fuel Tax. Other Taxes include Utility Taxes, Replacement Tax, Hotel / Motel Tax, Village Amusement Tax and Telecommunications Tax.

Chart I B

Chart II A

Chart II B

EXPENDITURES:

Total Village Expenditures across all funds for the 2015 Budget are budgeted at \$81,596,715 which is an increase of \$4,067,352 (5.24 percent) from the 2014 budget. Of the \$81.6M total budget, more than \$33.68M is attributable to our community investment initiatives. A total of \$10.1M is attributed to debt service. Illustrated in Charts III A & B is the breakout of expenditures by category with a further breakout of Wages, Benefits and other operating expenses as a percent of total cost of operations for FY 2015.

Chart III A

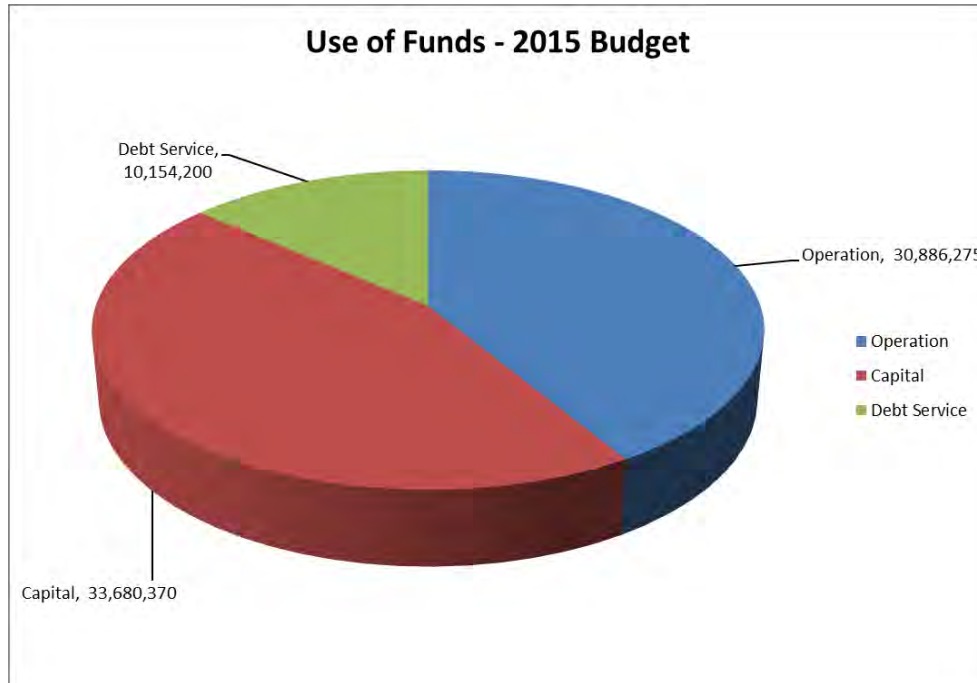

Chart III B

General Fund

We have made a concerted effort to reduce our expenditures in the Operating Budget. All new initiatives for the Proposed 2015 Budget are illustrated in our Blue Sheet value proposition summaries. For 2014 all departments are projecting under budget and have been challenged to hold the line on operating expenditures for 2015. Below is a quick summary of the 2014 departmental budgets:

- Governance: An Increase of 26.72 percent. This Budget continues to support significant dollars for lobbying for various reasons including O'hare Airport Noise monitoring and participating in local centers of government
- Office of the Village Manager: 2.23 percent increase, primarily due to upgrading staffing levels. Introduces live-streaming of Village Board meetings on the web and live broadcasting on channel 6. Implements the marketing plan through funding for a new Village newsletter. Funds a second Citizen Survey as well as increases funding for Sister Cities program.
- Finance: A decrease of 5.60 percent as a result of a decrease in the personnel head count. Finance Department is working with new Utility Billing Software which is helping staff to achieve higher efficiency which has resulted into reduction of a permanent part time head count.
- Police: An Increase of 3.66%. Proposed budget continues to meet required pension funding obligation of \$950,000. The proposed budget also reflects continued savings from dispatch consolidation with Addison. We continue to advance our participation in regional and shared services agreements for emergency dispatch, drug interdiction, arson investigation and crowd control.
- Public Works: A 2.27 percent increase in the proposed budget. We continue an emphasis in protecting our forestry assets and minimizing our water system gap between water pumped and billing. Insources operations of the Waste Water Treatment Plant. New focus on creek maintenance in order to better prepare our vital creek system for major rain events. Public Works is also restructuring the organizational chart which also results into reduction of head counts.
- Community and Economic Development: Reflects a 3.08 percent increase over last year. Upgrades one Part-Time Inspector to Full-Time and continues to emphasize implementation of the Comprehensive Economic Development Strategy.
- Recreation and Community Programming: A decrease of 1.21 percent. The Recreation Department continues to strive to become more efficient each year. Provides for continuation of community events at the same level as last year. With the vision of achieving efficiency yet providing the same service level, Concession stands at Edge Ice Arenas are out sourced which will result into reduction in operating loss of Concession Department.

Capital Improvement Fund

- Capital Purchases/Improvements relating to municipal facilities including the Police Headquarter & capital equipment - \$7,643,100
- Sidewalk Improvements - \$433,400
- Street Maintenance Program - \$3,258,961

Fleet Sinking Fund

- Fleet Purchases - \$413,270

Utility (Stormwater & Water/Sanitary Sewer) Funds – Operations

- Public Works Budget –The big story in this budget is reclaiming in-house operations of the Waste Water Treatment Plant which projects to save the Village \$343,000 in

operating costs. The other significant cost in the utility budgets, aside from personnel costs, is the \$3,036,000 for the purchase of water through the DuPage Water Commission. This represents a nearly 14.73% increase (\$390,000) compared to last year. We are scheduled to complete a comprehensive sewer and water rate study in conjunction with this budget.

Utility (Stormwater & Water/Sanitary Sewer) Funds – Capital Improvements

- Stormwater System Improvements - \$227,000
- Water System Improvements - \$1,791,300
- Wastewater Treatment System Improvements - \$307,000
- Wastewater Treatment Plant - \$20,300,000

TIF Funds

- Shortfalls in TIF #4, TIF #7 and TIF #11 are being covered through advances from the Capital Improvement Fund.
- The North Industrial Park TIF District includes a \$2,000,000 Economic Development Initiative for TIF eligible redevelopment costs.

Recycling and Refuse Fund

- Includes \$1,064,300 to cover cost of the Village's contract with Allied Waste for recycling and refuse services to residential properties. The Village and Allied agreed to a new contract which allowed the Village to hold residential rates steady through 12/31/2014. A rate increase will be necessary beginning January 1, 2015 to cover expenses in this fund.

Summary of Fund Balance

The following chart provides a comparison of actual and projected fund balances at FY2013, FY2014 and FY2015. Please note that the General fund has trended positively. This is largely due to conservative budgeting and actively managing the budget to make sure routine operating expenditures are funded by operating revenues. Fund balance is not used to fund the day to day spending of the Village.

In 2013 Standard and Poor's upgraded the Village's debt rating from A+ to AA- and then later re-affirmed that rating in 2014. The key to this rating increase was our ability to retain fund balance to policy levels on a consistent basis. While it is most likely not feasible to reach a AAA rating in the foreseeable future it is our goal to reach a rating of AA+ in the next year and AAA within the next five years. This will help reduce our interest expenses.

Human Capital and Costs

Expenses related to our human resources make up a significant portion of our operating expenditures. This proposed budget makes minor changes to our total staffing levels. The Proposed Budget reflects an increase of one-half (.5) full-time positions, from 120 to 120.5. This is offset by a reduction in a decrease in Permanent Part-Time staff by 1 position. Additionally, Part-Time / Seasonal authorized hours have been reduced by 1,845 from 78,542 to 76,697.

The Proposed Budget allocates a reserve equal to 3.0 percent for salary increases. Actual increases will range between 0.0 and 3.0 percent and will be based on performance and customer service. There will be no across the board increases for non-union teams. Additionally, increases for unionized staff will depend on the outcome of negotiations this spring. An inflationary increase was assumed for budgetary purposes. All contracts expire on April 30, 2015. The following chart reflects all proposed personnel changes.

Regular Full & Part Time Positions by Department Fiscal Years 2014 & 2015 (01/15)			
	2014	2015	2014-2015 Change
<i>Full-Time Staff by Department</i>			
Governance*	1.00	1.00	0.00
Office of the Village Manager	10.50	10.50	0.00
Finance	10.00	9.00	(1.00)
Police	42.00	42.50	0.50
Public Works	36.00	36.00	0.00
Community & Economic Development	9.50	9.50	0.00
Recreation & Community Programming	11.00	12.00	1.00
<i>Total Full-Time by Department</i>	120.00	120.50	0.50
<i>Part-Time Staff by Department</i>			
Governance*	0.00	0.00	0.00
Office of the Village Manager	0.00	0.00	0.00
Finance	1.00	0.00	(1.00)
Police	1.00	1.00	0.00
Public Works	1.00	1.00	0.00
Community & Economic Development	2.00	2.00	0.00
Recreation & Community Programming	0.00	0.00	0.00
<i>Total Part-Time by Department</i>	5.00	4.00	(1.00)
<i>Part-Time Staff by Department (Authorized Hours)</i>			
Governance*	0	0	0
Office of the Village Manager	0	0	0
Finance	0	3,600	3600
Police	5,983	6,287	304
Public Works	10,500	12,000	1500
Community & Economic Development	0	0	0
Recreation & Community Programming	62,059	54,810	(7,249)
<i>Total PT Staff by Dept. (Authorized Hours)</i>	78,542	76,697	(1,845)
* Elected Officials & Appointed Board & Commission Members not included in Summary			

The changes in the chart above are summarized below:

- Public Works – The number of authorized positions remains constant in Public Works. The only change in staffing level is the addition of 1,500 authorized Part-Time hours.
- Finance Department – Is reducing 1 Full-Time position as one of the Front Desk Clerk positions has been transitioned into part time. Additionally, a Permanent Part Time Utility Billing Clerk position has been eliminated due to efficiencies gained with our new Utility Metering software. The front desk will now be staffed by one Full-Time position and Part-Time support staff. Additionally, a Finance Department Intern will work on a Part-Time basis to assist with the Internal Audit / Fraud Risk Assessment Program. In total Finance has budgeted 3,600 authorized Part-Time hours.
- Police Department – The Police Department shows an increase of ½ Full-Time position. This accounts for crossover training as a new officer is sworn in and fully trained prior to a scheduled mid-year retirement of one police officer. Police also shows a slight increase in authorized Part-Time hours to provide specialized services that better take advantage of the strengths of part-time officers.
- Recreation Department – The Recreation Department is increasing staffing levels by 1 Full-Time Position. This is largely offset by a reduction in Part-Time Authorized hours of 7,249. The reduction in Part-Time Authorized hours is largely due to the outsourcing

of Concession operations at the Edge Ice Arena. Additionally, Part-Time Authorized hours at the Bensenville Theatre have been reduced as an employee was promoted to a Full-Time Manager position.

The Village is a member of the Intergovernmental Personnel Benefit Cooperative (IPBC) for health coverage. This shared service approach pools risk and mitigates rising health care costs. Industry trend for health insurance is at approximately 5 percent. We conservatively budgeted an increase of 7%, though our actual increase is expected to be in-line with industry trends. We will continue to look for successful ways to reduce our personnel costs without compromising our public safety mission.

The Budget Document

The Budget document is a comprehensive work that adheres to national standards for budget preparation. In 2013 the Village won the Government Finance Officers Association Distinguished Budget Presentation Award for the third year in a row. As of the time of this writing the review still had not been received for the 2014 document but we fully expect that document to be judged "Distinguished" as well. In an effort to be more environmentally friendly the 2015 Annual Budget will exist only as an Electronic Document. This will save more than 10,000 sheets of paper.

No trees were harmed during production of this Budget!

Conclusion

The Proposed 2015 Budget is the result of a process in which both the various opportunities and challenges facing the Village have been carefully assessed, documented, and addressed to facilitate the accomplishment of the strategic objectives of the Board. The preparation, review and deliberation of this document required a significant time commitment from the organization. I want to thank Director of Finance Tim Sloth, the Assistant to the Director of Finance Amit Thakkar, Accountant Sharon Guest and the entire Finance Team for their exceptional performance in crafting a final strategic document that is transparent and understandable to our Stakeholders. I am very grateful to our Leadership Team for their assistance to Tim and I in balancing our budget without parochial objections or smoke and mirrors. Our Leadership Team continues to perform at a very high level to ensure our teams are in a position to succeed in our mission and vision for the Village of Bensenville. Your demonstrated level of commitment to this process to ensure its successful completion is greatly appreciated.

Sincerely,

Michael J. Cassady
Village Manager

Visualizing the Annual Budget and 5 Year Community Investment Plan

January 1, 2015 to December 31, 2015

THE VILLAGE OF BENSENVILLE ANNUAL BUDGET/ COMMUNITY INVESTMENT PLAN

Annual Budget

An annual budget outlines both the income and expenditures that are expected to be received and paid over the coming year.

Community Investment Plan –

A five year plan which identifies key community capital improvements and a planning schedule of implementation.

In Other Words...

A preview of the upcoming year's Financial Activity.

Key Financial Indicators

THE 2015 ANNUAL BUDGET IS BALANCED WITH OPERATING EXPENSES FUNDED BY OPERATING REVENUES

{ Taxes, Grants, Charges for Services, Interest and Other Sources of Income. } **Sources of Funds** vs. **Expenditures** { Salaries, Benefits, Contractual and Capital costs to keep the Village Running. }

Sources of Funds by Category:

Total Sources of Funds:
\$81,596,715

Expenditures by Category:

Total Expenditures:
\$81,596,715

The Bottom Line

The 2015 Annual Budget is balanced with operating expenses fully funded by operating revenues. The budget was put together assuming very conservative / achievable revenue estimates for 2015 with an equally conservative operating budget increase of only 2.22%. The total Community Investment Plan (Capital Budget) of \$33,637,370 for 2015 makes significant investments in our Wastewater Treatment Plant, Police Headquarters, Village Roadways / Sidewalks and to our vital Drinking Water Delivery System.

Village of Bensenville 2015 Categories of Service

BASIC PUBLIC - Fully Subsidized	EXTRA PUBLIC - Partially Subsidized	PRIVATE - Not Subsidized
Redmond Park Trail	Dial-A-Bus	Potable Water Delivery
Police Department	The Edge Ice Arena	Waste Sewer System
ESDA	Indoor Aquatic Facility	Waste Water Treatment
Police Department	Movie Theatre	Storm Sewer System
Police Neighborhood Resource Center	Sundae's Too	Refuse Collection
Teen Center		Metra Parking
Crime Prevention / Neighborhood Watch		Edge Pro Shop
Maintenance of Village Streets / Sidewalks		Edge Concessions
Snow & Ice Removal - Streets		
Snow & Ice Removal - Sidewalks		
Parkway Tree Maintenance		
Code Enforcement		
Bensenville Arts Council		
Special Events		
- Holiday Tree Lighting		
- 5K Race		
- Music In The Park		
- Liberty Fest		
- Toy Drive		
- Senior Luncheon		

Definitions of Categories

Basic Public - The Village does not collect user charges and the service is fully funded by tax dollars.

Extra Public - The Village collects user charges but the service is not fully self sufficient and relies on tax dollars.

Private - Relies 100% on user charges. No tax dollars are used to fund these services.

2015 Annual Budget Overview

Introduction

The Village of Bensenville's Annual Budget continues to reflect the Village's desire to transition the budget from a "numbers" document into a "strategic planning" document that identifies objectives to address the needs of village residents and businesses and allocating resources to achieve these objectives as well as service requirements to its residents including police protection, water and sewer services, public parking, building, code review, planning, recreational opportunities, public infrastructure maintenance and many other services for a community of more than 18,000 residents.

This detailed document is prepared as an aid to understanding the legal Ordinance Adopting the Annual Budget for the Village of Bensenville for the Fiscal Year Commencing January 1, 2015 and Ending December 31, 2015. The legal Budget Ordinance was adopted on November 18, 2014 following a public hearing held on the same day. No more than thirty days prior to the hearing, notice of the place and time is published in the local press and copies of the ordinance were made available for inspection by the public at Village Hall, 12 S. Center Street, Bensenville, Illinois. By law the legal Budget Ordinance has to be adopted by December 31 of each year.

The Village uses functional categories as opposed to detailed line item budget for accounting, expenditure control and financial reporting with a modified accrual basis of accounting for all funds with the exception of the enterprise funds which are on the full accrual basis of accounting. This is consistent with Generally Accepted Accounting Principles (GAAP). The Village combines a year-end review of the annual budget to assure that the base line information used for comparison purposes is reasonable.

Budget Planning Process

The budget process officially kicked off in July when the Leadership Team (consisting of the Village Manager, Assistant Village Manager and Department Heads) met at a "Budget Kickoff Meeting." At the "Budget Kickoff Meeting" the Leadership Team reviewed the strategic plan and discussed future priorities based on the review of the strategic plan. Additionally, the Village Manager communicated his expectations and provided staff with direction and guidance in developing their departmental budgets. Finally, the Director of Finance reviewed any updates to the budget software and provided a budget timeline.

After the "Budget Kickoff Meeting", staff spent the rest of the month of July and most of August preparing preliminary departmental budgets. Once the preliminary departmental budgets were completed, staff forwarded their budgets to the Director of Finance. Additionally, during the month of August, the Director of

Finance added specific line items and non-departmental specific items to the budget and completed the first draft of the document.

During the month of September, the Village Manager, Assistant Village Manager and the Director of Finance reviewed the first draft and held departmental meetings to review and make any necessary adjustments. On September 30th the budget system was closed and the preliminary budget numbers were set.

Over the next two weeks staff prepared corresponding worksheets and prepared a formal preliminary budget document for presentation to the Village Board. On October 15, 2013 staff presented the preliminary budget to the Village Board. The Board held three public budget workshop meetings where it publicly reviewed the budget. At each meeting staff presented separate areas of the budget with the Village Board and received additional input and guidance as to the final direction of the budget document.

Additionally, the preliminary budget was presented to the public at a public hearing on the budget held on November 18, 2014. The Board formally approved the Annual Budget on November 18, 2014. For 2015 the Village is seeking to win the Government Finance Officers Association (GFOA) Distinguished Budget Award for the fourth time. This requires preparing a final budget document in compliance with GFOA requirements. Between the November 18, 2014 meeting and January 31, 2015 staff transformed the 2015 annual budget into a format we believe to be consistent with the GFOA requirements.

The following is the timeline adhered to for the 2014 budget process:

July 31, 2014	Budget Kickoff Meeting
August 31, 2014	Deadline for entry of departmental budgets
September 7, 2013	Initial compiled budget presented to Village Manager for review
Sep. 7 – Sep. 30, 2013	Management Review of Budget
October 14, 2014	Board review of budget
October 21, 2014	Board review of budget
October 21, 2014	Notice of Public Hearing appears in newspaper
November 18, 2014	Public Budget Hearing
November 18, 2014	Board Approves Final Budget

December 31, 2014

Deadline to file Budget Ordinance

Nov. 18. – July 31, 2015

Budget converted to GFOA format and submitted to GFOA for Distinguished Budget Review

Accounting System and Budgetary Control

Budgetary control is provided by verification of appropriation amounts prior to expenditures and monthly review of all individual account expenditures compared with budgeted appropriations. Management receives monthly reports detailing actual revenue and expenditures versus the budget on a monthly and year to date basis. The prior year's monthly and year-to-date activity is also listed. This information is used to monitor the budget policy and implementation.

Various taxes, fees, fines and charges for services that exceed general operating expenses are proposed each year. Budget surpluses, vehicle licenses, sales tax, grants, excess fund balance and debt management comprise funding for the Village's community investment plan (capital improvement program). Capital improvements are the Village's discretionary spending, whereas operating expenditures are driven by services and programs called for by the community.

Principally charges for services, licenses and permits, taxes, income from recreational offerings and investment income provide funds for village services. All revenue sources are studied for trends, macro-economic factors, local economic factors, and participation levels (for recreational revenue) before projecting realistic goals. Property taxes, sales taxes, intergovernmental revenue, and charges for services are major sources of revenue for general operations. The property tax levy for operations has gradually increased over the past five years at roughly the rate of inflation plus allowances for new construction. The overall 2014 levy was a 1.19% increase from the 2013 tax extension. The Village has a consistent property tax collection rate of over 99%.

Idle cash during the year is invested in FDIC insured or collateralized certificates of deposit, U.S. Government securities, money market and savings accounts. These investments are short term in nature.

Budget and Financial Policies

The Village of Bensenville's budget and financial policies are the basic guidelines for the management of the Village's fiscal operations. The policies were developed within the parameters of and comply with Illinois State Statutes and the Village of Bensenville Municipal Code. The policies assist the Village Board and Village Staff in preparing the budget and managing the Village's fiscal affairs throughout the budget period. The policies will be reviewed during the preparation of the annual budget for upcoming fiscal years and modified as appropriate to accommodate changing fiscal conditions, environmental challenges, and Village Board policy initiatives.

Below is a summary of the Village of Bensenville's budget and financial policies. **See Appendix B for a more detailed comprehensive list of budget and financial policies.**

Calendar Year

In fiscal year 2010 the Village changed to a December 31, calendar year end from an April 30th fiscal year end. As such, the official year 2010 is a 20 month fiscal period from May 1, 2009 to December 31, 2010.

NOTE: Within this document all references to the year 2010 refer to the 20 month fiscal year unless otherwise noted.

Balanced Budget

The Village adheres to the policy of a balanced operating budget. Under normal conditions, operating expenditures are less than taxes, intergovernmental revenue, fees and forfeits, charges for services and investment income. Surplus from operations, a portion of the sales tax, vehicle licenses and bond proceeds funds ongoing capital improvement needs. A total budget deficit will only be the result of discretionary spending approved by the Village Board for capital improvements. Larger capital initiatives, such as the improvements proposed in the North Industrial Park TIF District are presented to the community in the form of separate public input meetings that includes information on funding of the project.

Asset Inventory

The Village prescribes to the policy of asset protection. Major capital assets, including major facilities, support facilities, recreation facilities, park sites, and vehicle fleet are reviewed annually for repair proposals. Existing conditions studies are occasionally performed on older facilities to develop longer term plans for renovation or expansion. Regular and routine maintenance schedules for vehicles and other capital equipment are adhered to maximize and extend the life of Village assets.

Diversity of Revenue

To ensure the Village's continuing financial health, the Village will strive to maintain a diversified and stable revenue system so that fluctuations in any one revenue source will not have a devastating effect on the Village's financial integrity. The Village shall utilize property taxes as a "stop gap" revenue source. For each tax levy, the Village will determine the level of service it wishes to provide to its residents and the cost of providing this level of service. The cost of those services will be compared to projected revenues, excluding property taxes. The shortfall between projected revenues and estimated expenditures is "theoretically" the amount to be considered for the property tax levy. The Village will establish user charges and fees at a level that attempts to recover the full cost of providing the service.

Additionally, the Village will attempt to maximize its financial resources by encouraging Intergovernmental Cooperation. The establishment of Intergovernmental Service Agreements with other units of local government allows the Village to provide the community higher levels of service at a reduced cost. It is the objective of the Village to continue to service areas that could be enhanced through intergovernmental cooperation.

The Village will attempt to maximize its financial resources by investing excess funds in a manner that provides the highest investment return while maintaining the maximum security of invested funds and meeting the daily cash flow demands of the Village. The Village will invest funds in a manner conforming to all state statutes and local regulations governing the investment of public funds. The rules and regulations required by state statutes are detailed in the Village's Investment Policy which was last updated and approved by the Board on September 13, 2011.

Charges for Services

The Village will establish user charges and fees at a level that attempts to recover the full cost of providing the service.

- a. User fees, particularly utility rates, should identify the relative costs of serving different classes of customers.
- b. The Village will set user fees to include the full cost of providing the service, including the construction, rehabilitation, and maintenance of the capital assets necessary to provide the service.
- c. The Village will consider rates and fees charged by comparable units of local government providing similar services when establishing user charges and fees.

Infrequent Revenue

The Village occasionally receives revenues that cannot be relied upon for ongoing funding. Examples of these are grants, contributions to capital projects or settlement of a lawsuit. The Village prescribes to a policy that these funds are used towards capital improvements and repairs to the Village's capital assets. If grants or contributions are designated for a specific project, they will be held for that project in the fund balance.

Debt Issuance

The Village will consider the issuance of debt or utilization of low interest loans for projects that have a useful life of 20 years or more and cannot be reasonably funded through recurring revenues. The Village's existing obligation structure, current and projected surplus from operations and future liability levels before making decisions to issue new debt. The Board reviews the statutory debt limit as part of any new issuance or referendum. The Village will not issue debt or undertake low interest loans that will last beyond the useful life of the asset for which the debt is to be issued. To minimize interest payments on assumed debt, the Village will strive to maintain or improve upon its current bond rating when issuing bonds. When considering loans, the Village will utilize, to the extent available, low interest loans (with interest rates below current rates of interest) such as Illinois Environmental Protection Agency (IEPA) loans for water and sewer infrastructure construction and rehabilitation. Detailed information on the Village's debt issuances is located on page 265.

Fund Balance

The Village will avoid the appropriation of fund balance for recurring operating expenditures. If at any time the utilization of a fund balance to pay for operating expenditures is necessary to maintain the quality or level of current services, an explanation of the circumstances of the utilization of fund balance and the strategy to arrest the future use of fund balance will be included in the Transmittal Letter. The Village will maintain a minimum undesignated / unreserved General Fund Balance that is sufficient to provide financial resources for the Village in the event of an emergency or the loss of a major revenue source. Therefore, the Village has set the minimum undesignated / unreserved balance for the General Fund at an amount equal to three months of General Fund operating expenditures. Detailed information on the Village's Fund Balances is located on page 51.

Expenditure Accountability

The Village regularly reviews financial results compared to the budget. Each month financial results are reported and discussed with the Village Board. In addition, relevant program information, year-to-date revenues and expenditures and projected year-end results are provided by staff. Tracking of capital improvement project expenditures is provided on a regular basis as well.

Fiscal policy states that the Village shall make prompt payment of purchases as

provided by the Local Governmental Prompt Payment Act of Illinois.

A detailed investment policy emphasizing safety of principal, authorized investments, collateralization and a policy promoting inclusion of community businesses in purchasing opportunities are also in place.

Strategic Plan

The Village of Bensenville Board and staff initiated strategic planning during the fall of 2013 to set the future direction for the Village.

During the initial phase of the strategic plan process, it was determined that it is vital to gather community input to assist with the process. To best serve that purpose the Village held a Citizen's Summit in which the residents of the Village were invited to share their views, concerns and opinions.

After considerable research, debate and refinement, an updated motto, mission and vision statements were adopted.

Motto: "We are here to help."

Mission Statement: **The Mission of Village Government** is to be *FINANCIALLY SOUND* and provide *CUSTOMER FRIENDLY SERVICES* of the *HIGHEST QUALITY*.

The Village Government *ENGAGES RESIDENTS* and *PARTNERS FOR COMMUNITY BENEFIT*.

Vision Statement: *BENSENVILLE 2027* is a *BEAUTIFUL VILLAGE* where *FAMILIES MAKE IT THEIR HOMETOWN*.

The *VILLAGE* has an *ALIVE AND THRIVING DOWNTOWN*, *STABLE RESIDENTIAL NEIGHBORHOODS* and *ENJOYABLE LIVING*. – "Making Bensenville a Great Place to Live."

The *VILLAGE* is recognized as a *MAJOR BUSINESS AND CORPORATE CENTER* adjacent to O'Hare Airport, has *VIBRANT, INVITING MAJOR COMMERCIAL CORRIDORS* and *EASY CONNECTIVITY WITHIN THE VILLAGE, TO THE CHICAGO REGION AND TO THE WORLD*. – "Making Bensenville a Great Place for Business."

GATEWAY TO OPPORTUNITY

Village Initiatives as Identified in the 2014 Strategic Plan

Based on the Village's mission and vision and the community needs identified at the Citizen's Summit the following five strategic initiatives:

1. Vibrant Major Corridors
2. Financially Sound Village Providing Quality Customer Oriented Service
3. Become a Major Business and Corporate Center
4. Enrich the Lives of Village Residents
5. Safe and Beautiful Village

1. Vibrant Major Corridors

Objectives

- More attractive gateways and entrances to the Village.
- Revitalize major corridors with a variety of businesses, restaurants and retail shops.
- Have the private business owners investing in the buildings and business expansion.
- Upgrade the corridor infrastructure, including roadways.
- Attract new businesses that are consistent with the Village's vision, plans and direction.

2. Financially Sound Village Providing Quality Customer Oriented Service

Objectives

- Provide services of the highest quality within given financial resources.
- Increase cost effectiveness and efficiency in Village service delivery.
- Increase customer service by Village government.
- Increase residents' trust and confidence in Village government.
- Maintain a productive, motivated workforce.

3. Become a Major Business and Corporate Center

Objectives

- Enhance Bensenville's new reputation as a business friendly village.
- Plan for future development around O'Hare Airport.
- Increase the number of businesses in Bensenville which are consistent with the long term direction of the Village.
- Retain and grow local businesses which are consistent with the long term direction of the Village.
- More job opportunities for village residents.
- Attract major hotel(s) with conference center.
- More businesses and residents in Downtown.

4. Enrich the Lives of Village Residents

Objectives

- Have “new residents” feeling welcome – the first step in becoming their hometown.
- Have strong community events with a high level of participation by residents.
- Have the Village partnering with the park district, schools, library and community organizations to enhance the quality of residents’ lives.
- Increase the number of residents participating in leisure and recreational programs.
- Have resident oriented recreational activities in the Village.
- Provide opportunities for resident involvement and engagement in Village government.

5. Safe and Beautiful Village

Objectives

- Upgrade village and neighborhood infrastructure – streets, sidewalks.
- Have a reputation as a “great place to live, great place for business.”
- Improve the visual appeal of the Village – more attractive.
- Improve flood protection and storm water management system.
- Upgrade the quality of the older housing stock.
- Reduce crime rate.
- Maintain and upgrade water distribution system.
- Improve the sense of personal safety for residents.

Supplemental Information

The Village of Bensenville is located approximately 17 miles northwest of downtown Chicago, bordering the southwest corner of O'Hare International Airport. With a 2010 population estimate of approximately 18,352, the Village serves a very diverse population base who live mostly in single family homes with a median family income of \$55,616.

The Village has continued to grow in importance to the community. As the population in the community begins to age and becomes more diverse (see charts below from the Village of Bensenville 2010 population estimate and 2000 census), adjusting village services to meet the needs of the community and concentrating on exemplary customer service is helping the Village build goodwill in the community. The median age in the community is about 35.5

	2010		2000	
Age	Population	Percent	Population	Percent
Less than 9 years	2,546	14%	2,989	14%
10 - 19 years	2,426	13%	2,790	13%
20 - 34 years	4,364	24%	5,539	27%
35 - 44 years	2,632	14%	3,229	16%
45 - 54 years	2,561	14%	2,375	11%
55 - 64 years	1,824	10%	1,444	7%
Greater than 65 years	1,999	11%	2,338	11%
Total:	18,352	100%	20,704	100%

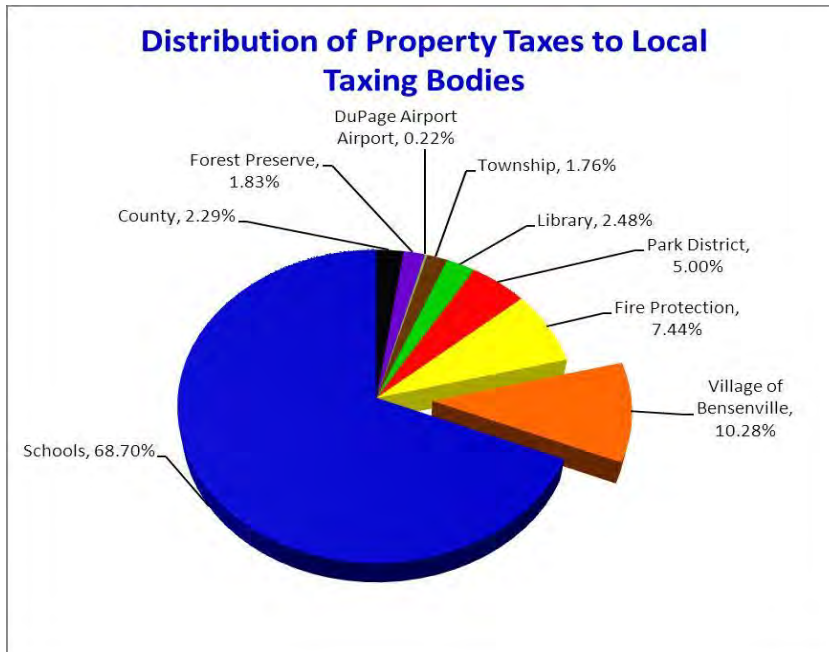

Note: The estimated Village population in 2010 was 18,352. The Census data above is from the United States Census website. The 2010 information is from the 2010 Census Fact Sheet. The 2000 information is from the 2000 Census Fact Sheet.

Although predominantly White / Caucasian and Hispanic, the Village has substantial African American and Asian populations. There are 6,312 households with 53.6% being owner occupied. The average household size is 3.1 people in owner occupied units.

	2010	Percent	2000	Percent
White / Caucasian	12,345	67%	14,615	71%
Black or African American	646	4%	579	3%
Indigenous	179	< 1%	99	< 1%
Asian	888	5%	1,318	6%
Other	4,294	23%	4,093	20%
Total:	18,352	100%	20,704	100%
Hispanic of Any Race	9,083	49%	7,690	37%

Supplemental Information (Continued)

A typical Bensenville homeowner with a \$200,000 home will have an approximate total tax bill of \$4,819 of which \$495 would go to the Village. The chart below shows the approximate distribution of 2010 real estate taxes.

The Village's prime location in the middle of the Midwest's largest transportation corridor makes it an attractive place to do business and as such the Village of Bensenville has many employment opportunities for local residents. Major industries include manufacturing, services and retail. The Village has two large industrial complexes, the North Industrial Park and the East Industrial Park, which provides a variety of factory, warehouse and office jobs. The area's largest employers are presented below:

Employer	Employees
Consecra Corp.	400
US Food Services, Inc.	400
Central States Trucking Co,	300
Victor Envelop Manufacturing	220
Ewing=Doherty Mechanical Co.	200
Expeditors Int'l of Washington	200
Telesource	200
Allmetal, Inc	200
CNC Technologies, Inc	200
UPS Supply Chain Solution, Inc	200
Envelop Express, Inc	175

Village Facilities

Village Hall – Located in the heart of downtown Bensenville, the Village Hall serves as the main location for conducting village business. Opened in March of 2003, the Village Hall also serves as an architectural focal point and anchor to the downtown area. Approximately 35 employees work in Village Hall which also hosts the meetings of the Village Board of Trustees. Adjacent to the Village Hall is an open community park space which hosts various village functions such as Music in the Park and Holiday Magic.

Police Department – The Bensenville Police Department is located in a separate facility at 100 N. Church Street. This facility houses the all functions of the Police Department including the Crime Prevention Division, Patrol Division, Records Division, Detective Division and 911 operations. The facility contains a state of the art emergency call center, fully equipped practice firing range, workspace for office staff, and 7 holding cells. Additionally, the facility is home to the Village's Emergency Services Disaster Agency (ESDA) which provides the community support during disaster or times of crisis.

Public Works Facility – The main Public Works facility is located on the east side of town on Jefferson Street and is the base for all public works operations for the Village. The various divisions housed at this location are administration & engineering, streets, forestry, utilities, buildings and vehicle maintenance. The

facility has 4 bays for vehicle maintenance and repair, a wash facility as well as main garage which houses Public Works equipment as well as supplies for the various divisions.

Recreational Facilities

Bensenville Theatre – The Bensenville Theatre, located in the downtown area of Bensenville, is a two-screen cinema. Each theatre holds 130 seats allowing moviegoers to enjoy recent Hollywood films in an intimate setting. The theatre is adjacent to the Sundae's Too Ice Cream and Sandwich Shoppe. Sundae's Too is modeled after the old-fashioned soda shoppes of yesteryear. The ice cream shoppe offers daily lunch specials, including fresh homemade chili and sandwiches, sides and fountain creations.

Redmond Recreational Complex – The Redmond Recreational Complex is an 88 acre complex that includes 2 baseball fields, a soccer field, basketball courts, sand volleyball, canoe launch, band-shell, 1.2 mile walking path, a lake and a wetland nature preserve. It also includes the facilities listed below.

The Edge Ice Arena – The Edge Ice Arenas are one of Chicagoland's premier ice skating facilities. Home to the Chicago Steel and Robert Morris University Eagles, the Edge is also the training facility for Olympic level figure skating. The Edge Ice Arena is a facility that is professionally equipped and managed in order to meet

the needs of any skater. Boasting three premier skating surfaces, The Edge Ice Arena is among one of the largest ice skating facilities in the country. The facility provides combined training facilities with extensive skate usages and programming. The Edge Ice Arena is a state-of-the-art facility, featuring two regulation-sized sheets of ice, located in Bensenville, Illinois. The main sheet of ice at The Edge, which The Chicago Steel play every home game on, seats 2,800 fans plus 9 luxury Sky Suites and an Executive Club Level seating area.

The Water's Edge Aquatic Center – The Water's Edge Aquatic Center has an 8 lane, 25 yard lap pool and a 13 foot diving well and two 1 meter diving boards. Many programs are offered at the facility including swim lessons, diving lessons, aqua-aerobics and open swim. The facility is home to the Bensenville Beta Swim Team. The Betas are a co-ed winter swim team for children ages 6-18 and compete in the Northern Illinois Winter Swim Conference.

General Budget Review

As an aid to understanding the Village of Bensenville 2015 Budget, a few changes in the presentation have been made.

This budget was developed with all facilities in full operating status. In comparing operating revenues to operating expenditures (including annual debt service) the 2015 budget has a **primary operating surplus of \$755,670**. Including \$33,680,370 of capital expenditures, new bond / loan proceeds of \$20,300,000, and planned use of cash on hand totaling \$14,136,040. The \$33,680,370 of planned capital expenditures are identified in the five year Community Investment Plan. Documents listing all capital expenditures of the Village can be found in Appendix A. The planned use of cash on hand of \$14,136,040 represents revenue collected in the previous fiscal period for projects expected to continue into 2015.

The 2015 Annual Budget is a balanced a budget and does not rely on the use of fund balance or one time revenue items for operating purposes.

This is the fourth year that the Village of Bensenville is seeking the Distinguished Budget Presentation Award. In order to receive the budget award, the Village has to satisfy nationally recognized guidelines for effective budget presentation. The guidelines assess how well the Village's budget serves as a policy document, a financial plan, an operations guide, and a communications device. Budget documents must be rated "proficient" in all four categories, and the fourteen mandatory criteria within those categories, to receive the award. For budgets submitted in 2009, only 1,214 entities received the award. The Government Finance Officers Association serves over 17,600 government finance professionals throughout North America. The GFOA's Distinguished Budget Presentation Awards Program is the only national awards program in governmental budgeting.

In 2014 the Village won this coveted award for its annual budget (see appendix D for press release). We believe the 2015 budget is in conformance to program requirements and are officially submitting it to the GFOA to determine its eligibility for Distinguished Budget Presentation Award. Several improvements have been made to the 2015 Budget document. Those include:

- **Expanding the Community Investment Plan (CIP)**
For 2015 the Community Investment Plan (the Village's 5 year capital improvement program) includes detailed projects sheet for each project scheduled in 2015. Additionally, the narrative in the 5 year CIP has been expanded significantly offering useful incite for the reader.
- **Information on fund balances and fund balance targets**
For 2015 we have included information on where we project our fund balance to end as well as progress towards meeting our fund balance goals.

- **Expanded Debt information**
For 2015 we expanded the section on Village Debt providing more detailed information on the Village's debt service obligations. Additional information in regards to the Village's debt limit is also provided.
- **Increased graphics**
For 2015 we have tried to add more illustrations, graphics and pictures to make the document more visually appealing for the reader.
- **E-Document Display**
The Village has incorporated a new document viewing tool on its website. This tool allows documents to be read on the screen in a manner similar to a magazine. This high quality tool loads documents 3 times as fast (based on user experience) as a standard PDF and provides for a visually stunning reading experience.
- **Paperless initiative**
In an effort to be more environmentally friendly, the 2015 annual budget document is strictly an electronic document. No bound or hard copies were printed.

No trees were harmed in the making of this document!

We have come a long way and have made dramatic improvements in terms of the quality of the annual budget document. With that being said the document is still is a work in progress and we look forward to making it even better in year 2015.

NOTE: Excludes Interfund Transfers / Advances

Budget Summary Report

Village of Bensenville Fund Structure

For accounting purposes, the Village is divided into smaller, separate entities known as funds. These funds are divided into 4 types within two broad categories. Additionally, certain funds that are classified as major funds are required to be reported separately in the Village's Comprehensive Annual Financial Report. Funds not classified as major are reported in the aggregate by fund type. The Village has four major funds. These are the General Fund, the Debt Service Fund, the Capital Improvement Fund and the Utility Fund.

Governmental Funds are used to account for government-type activities. The Village has three Governmental Fund types.

General Fund accounts for most of the day-to-day operating expenditures of the Village. The General Fund is classified as a major fund and it accounts for resources typically associated with governments not required to be accounted for in another fund. Revenue sources include property taxes, sales taxes, other taxes, intergovernmental, licenses & permits, fines & forfeits, charges for services, investment income and other revenue. Expenditures include governance, village management, finance, police, community and economic development, public works administration, streets, snow and ice removal, recreation, marketing, legal, information technology, human resources and risk management.

Debt Service Funds are used to account for the accumulation of resources for, and the payment, of general long-term debt principal, interest, and related costs. The Village has one Debt Service Fund. It is a major fund and its revenue sources include property taxes and investment income.

Capital Projects Funds account for financial resources used to acquire or construct major capital facilities except those financed by enterprise funds. The Village has 13 such funds:

The *Capital Improvement Fund* is classified as a major fund and accounts for major street construction projects, building improvements, vehicle fleet and major equipment. Revenue sources include vehicle licenses, a portion of sales tax receipts, grants, investment income and transfers from the general fund.

The *Grand Avenue / Sexton Tax Increment Financing (TIF) Fund* accounts for revenues and expenditures for a development plan included in the assembly of site for redevelopment; the construction of a road for access to site; and assistance to the developer in the construction of a golf course and hotel complex located at a former landfill at Grand Avenue and Sexton. This TIF was established on 5/20/1998. For purposes of tax distribution, the assessed property values in the district were "frozen" at the 1998 levels. The Village receives incremental property tax revenue from the increased EAV due to the redevelopment until 5/19/2021. Tax increment revenue as well as advances from the Capital Improvement Fund are the only revenue sources for this fund.

The *Heritage Square Tax Increment Financing (TIF) Fund* accounts for revenues and expenditures for the assembly of site for the redevelopment of Heritage Square. This TIF was established on 5/20/1998. For purposes of tax distribution, the assessed property values in the district were “frozen” at the 1998 levels. The Village receives incremental property tax revenue from the increased EAV due to the redevelopment until 5/19/2021. Tax increment revenue is the only revenue source for this fund.

The *Route 83 and Thorndale Tax Increment Financing (TIF) Fund* accounts for revenues and expenditures to provide for public improvements and facilities in the area. This TIF was established on 2/20/2001. For purposes of tax distribution, the assessed property values in the district were “frozen” at the 2001 levels. The Village receives incremental property tax revenue from the increased EAV due to the redevelopment until 5/19/2021. Tax increment revenue is the only revenue source for this fund.

The *Irving Park and Church Tax Increment Financing (TIF) Fund* accounts for revenues and expenditures for the development plan including the acquisition, construction, installation of street and water / sewer improvements, site preparation, demolition, environmental remediation, rehabilitation, repair, remodeling and replacement of existing public buildings, including the reconstruction of a new Village Hall. This TIF was established on 1/29/2001. For purposes of tax distribution, the assessed property values in the district were “frozen” at the 2001 levels. The Village receives incremental property tax revenue from the increased EAV due to the redevelopment until 1/29/2004. Tax increment revenue as well as advances from the Capital Improvement Fund are the only revenue sources for this fund.

The *Grand and York Tax Increment Financing (TIF) Fund* accounts for revenues and expenditures for the acquisition, construction, installation of street and water / sewer improvements and other redevelopment project costs for the area at Grand and York (Dominick’s Grocery Store). This TIF was established on 4/12/2001. For purposes of tax distribution, the assessed property values in the district were “frozen” at the 2001 levels. The Village receives incremental property tax revenue from the increased EAV due to the redevelopment until 4/12/2024. Tax increment revenue as well as advances from the Capital Improvement Fund are the only revenue sources for this fund.

The *North Industrial Tax Increment Financing (TIF) Fund* accounts for revenues and expenditures for the proposed roadway and sewer improvements in the North Industrial Park area. This is a new TIF that was officially established in 2011. Once established the assessed property values in the district were “frozen” at 2011 levels. The Village will then receive any incremental property tax revenue from the increased EAV due to the redevelopment until 2024.

Special Service Areas 3 – 9: The Village also be established 7 Special Service Areas (SSAs) in 2011 for purposes of funding roadway and sewer improvements in the North Industrial Park area. Each of these SSAs will be accounted for in its own fund. A Special Service Area is a taxing mechanism that can be used to

fund a wide range of special or additional services and / or physical improvements in a defined geographic area within a municipality or jurisdiction. Property taxes and bond proceeds are the only revenue sources for this fund.

Proprietary Funds are used to account for the Village's business-type activities. The Village has one Proprietary Fund type:

Enterprise Funds account for business-type activities that are financed and operated in a manner similar to a private business. The Village has four Enterprise Funds.

The *Utility Fund* is classified as a major fund and accounts for all resources needed to produce and distribute water to Bensenville residents and businesses. In addition this fund accounts for the resources needed to collect and treat wastewater. Bensenville operates its own wells and purchases water from the DuPage Water Commission to satisfy water demand. Additionally, the Village contracts to operate a treatment plant. Revenue sources include usage charges, investment income and bond proceeds.

The *Public Works Storm Water System Fund* accounts all resources needed for the maintenance of the Village's storm drain system. The funding source for this fund is a transfer from the Capital Improvement Fund.

The *Recycling and Refuse Fund* accounts for the revenues and expenses associated with the provision of recycling and refuse collection and disposal services to residents and businesses. Other services funded by the resources in this Fund include brush pickup, chipping services, and storm cleanup. The Village funds the Recycling and Refuse Fund by directly charging for services.

The *Commuter Parking Fund* accounts for resources used to provide and maintain commuter parking lots in downtown Bensenville. There are spaces for daily parking and quarterly permits. Revenue sources include daily fees, parking permit fees and investment income.

Budget Basis:

The Basis for all funds listed on pages 45 - 47 is as follows:

Governmental Funds (General, Debt Service, and Capital Projects funds) are budgeted and accounted for in accordance with generally accepted accounting principles (GAAP), on a modified accrual basis. This means revenues are recorded when they are both measurable and available, and expenditures are recorded when they are expected to draw on current spendable resources.

Proprietary Funds (Enterprise funds) are accounted for in accordance with generally accepted accounting principles (GAAP), on an accrual basis. Revenues and expenses are recorded at the time they are earned or incurred rather than when cash is actually received or spent. In most cases, these funds are budgeted on the same basis with the following exceptions:

- ❖ Principal payments on long-term debt are applied to outstanding liability for accounting purposes, but expended for budget purposes.
- ❖ Capital outlay within Enterprise funds are recorded as fixed assets for accounting purposes, but are expended for budget purposes.
- ❖ Depreciation expense is recorded for accounting purposes only.

NOTE: The purpose of this spreadsheet is to show the effects of budgeted revenues and expenditures / expenses on Fund Balances / Net Assets and to show progress towards meeting targets set for the individual funds. Final Fund Balance is determined annually as part of the Village's audit and completion of the Comprehensive Annual Financial Report. Other balance sheet items affect Fund Balance levels (for example the write off of accounts receivable) as well and are not accounted for in this spreadsheet.

TOTAL VILLAGE REVENUE

Notes:

The chart above illustrates total revenue by major category for fiscal year 2012 Actual, 2013 Actual, the Budget and Projected revenue for fiscal year 2014 and the budgeted revenue for fiscal year 2015. The Village uses trend analysis when estimating revenues for the 2015 budget. Taxes are a major source of revenue and have increased slightly compared to 2014 projected. The future trend of property taxes is that they will be mostly flat for the next five years. Additionally the chart above shows the trend for Charges for Services increasing slightly compared to 2014 projected. The large increase in Other Financial Sources comparing the 2015 Budget to 2014 Projected is due to large debt issuances for the Waste Water Treatment Plant and the new police station in 2015. The Village is conscientious of the general state of the economy and has made it a point to balance the budget through efficiencies rather than increased taxes. For operating revenues (not including other financial sources) there isn't a single category where the 2015 budgeted amount is significantly greater than the 2014 budgeted amount. This shows that the 2014 budgeted revenues are conservative and that budget is not balanced using overly optimistic projections.

TOTAL VILLAGE EXPENDITURES

Notes:

This illustrates total expenditures by major category for FY2012 Actual, FY2013 Actual, FY2014 Budget, FY2014 Projected and FY2015 Budget. For the 2015 budget all expenditure categories are consistent with the 2014 projected amounts with the exception of Capital. Salaries and Benefits are slightly higher than last year due to budgeted merit increases averaging 3%. Services are slightly higher than last year but consistent with the 2014 budget. With no additional Programs slated for 2015 the Program budget is flat compared to 2014 projected and consistent with the 2014 budget. Annual Debt Service has increased slightly due to the addition of TIF / SSA backed bonds for the roadway and sewer improvements in the North Industrial Park. The increase in Capital in 2015 is mostly due to construction of a new Waste Water Treatment Plant and a new Police Headquarters. In conjunction with this budget the village completed a 5 year Community Investment Plan allocating capital costs for the next five years. All other categories are consistent with last year.

The tax levy in the stated year is collected in the following year, for example, taxes levied in 2011 were collected in calendar year 2012. In 2006 the Fire Department became a separate taxing district and not taxed on the Village Levy. The Village did not levy a corporate tax in 2006 to lessen the first year tax payer burden that would have resulted from the Fire Department's departure.

EAV, Tax Levy and Tax Rates

The spreadsheet on page 54 show the equalized assessed valuation (EAV) and tax levy and rates for nine years beginning with 2006. Due to the deflating of the property bubble due to the Great Recession the Village has seen its property values erode since peaking in 2009. As a result of the eroding property values the Village's property tax rate has increased significantly. The increase in the property tax rate is a direct correlation to the falling EAV and does not determine the amount of property tax levied. For example, in 2012 the Village EAV decreased by 10.6% causing the tax rate to increase by 15.66%. Even though the tax rate increased by 15.66% the actual dollars being levied only increased by 3.54%. In 2006 the Fire Department became its own separate taxing Fire Protection District and was no longer a part of the Village. In that year the Village did not levy a corporate property tax. This was to lessen the first year tax burden that would have resulted from the separation of the Fire District. The Village resumed levying a corporate rate in 2007. The Board of Trustees and staff discuss the tax levy every fall.

The following timeline was used for the 2014 tax levy which will be finalized and collected in 2015:

- October 14, 2014: Present Tax Levy Estimate Determination of Truth in Taxation Hearing to the Administration, Finance and Legislation Committee.
- October 21, 2014: Present Tax Levy Estimate Determination of Truth in Taxation Hearing to the Board of Trustees.
- November 18, 2014: Pass Tax Levy Ordinance
- November 18, 2014: Tax Levy Filed with DuPage and Cook County Clerks
- December 31, 2014: Deadline to file Levy Ordinance with County Clerks.

Debt Position

Village residents call for quality infrastructure, so we budget capital and infrastructure expenditures for facilities, roadways, sidewalks, equipment, vehicles, water, sewer, and recreation, and open space needs. Therefore, the costs associated with acquiring and improving many long-term capital assets are met with the issuance of debt and surplus operations. The Village reviews existing obligation structure, current and projected surplus from operations and future liability levels before making decisions to issue new debt.

The Village issues bonds, debt certificates, and other debt instruments to pay the principal and interest on other outstanding bonds, purchase capital assets, finance various public capital infrastructure improvements such as the construction and installation of street, water and sewer improvements, and to finance corporate purpose projects of the Village. A summary list of Village debt by fund is shown on page 265.

In June-2015 the Village's bond rating was raised to Aa3 from A1 by Moody's Investors Services and Moody's has also upgraded the rating on the Village's GOLD debt certificate to A1 from A2.:

The raised rating reflects our view of the village's improved financial position and our expectation that its financial position will remain consistently very strong going forward, since the village is adding comprehensive long-term financial projections to its array of financial policies and procedures, which we believe will allow its officials to make decisions that will support long-term fiscal balance. The ratings also reflect our view of the village's:

- **Participation in the deep and diverse Chicago metropolitan area economy;**
- **Good income levels and very strong market value per capita;**
- **Good financial management under our financial management assessment (FMA) methodology**

Legal Debt Margin

Chapter 65, Section 5/8_5_1 of the Illinois Compiled Statutes provides, "...no municipality having a population of less than 500,000 shall become indebted in any manner for any purpose, to an amount including existing indebtedness in the aggregate exceeding 8.625% on the value of the taxable property therein, to be ascertained by the last assessment for state and county purposes, previous to the incurring of indebtedness or, until January 1, 1983, if greater, the sum that is

produced by multiplying the municipality's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979."

Presented below is the Legal Debt Margin Calculation from the Village's audited 2014 Comprehensive Annual Financial Report.

Assessed Valuation - 2013	<u>\$ 507,007,936</u>
Legal Debt Limit - 8.625% of Assessed Value	<u>43,729,434</u>
Amount of Debt Applicable to Limit	
General Obligation Limited Tax Refunding Bonds 2009	(1,465,000)
Taxable General Obligation Limited Tax Bonds 2014C	(600,000)
Debt Certificates	<u>(9,010,000)</u>
Legal Debt Margin	<u>32,654,434</u>

Major Budget Changes

Revenue

Total revenue is proposed to be up \$55,480 or 25.64% compared to 2014 projected. Revenue changes include:

- Tax revenue is proposed to increase slightly (5.37%) to \$10,495,330 as a result of the improving economy generating additional Income tax as well as a slight increase in property taxes.
- Total Intergovernmental Revenue is budgeted to increase by \$245,750 or 2.06% as a result of a slight increase budgeted sales tax and the Village taking advantage of various additional grant opportunities.
- Licenses and Permits is consistent with last year and budgeted at \$1,097,000, a slight decrease of 2.61%.
- Fines and Forfeitures revenue is budgeted to increase by \$59,270 or 9.62% to reflect increased enforcement efforts.
- Charges for Services is budgeted to increase slightly by \$882,441 or 5.77% due to increased utility revenues as a result of an expected rate increase in 2015.
- Investment Income is budgeted to be \$52000, same as the FY2014 projected.
- Bond Proceeds are budgeted at \$20,300,000 versus 12,935,285 last year. The Village has budgeted for a bond issuance to pay for the new Police Headquarters Building as well as for a low interest (1.93%) loan from the Illinois Environmental Protection Agency to pay for an upgraded Waste Water Treatment Plant.
- Other revenues are budgeted to be \$65,316 less than 2014 projected. This is due to one-time revenue sources in 2014 that are not expected to repeat in 2015.

Excluding bond proceeds total revenue is \$2,605,821 or 5.85% higher than 2014 projected. This is due to an improving economy leading to increased tax collection and increased grant opportunities. In our opinion revenues are budgeted conservatively and the budget isn't balanced using inflated revenue numbers that are not likely to be realized.

Expenditures

Salaries and Benefits

The proposed budget is \$368,634 (2.74%) above the 2014 projected amount. This is due to the following:

- Exemplary performance merit increases.
- Union contract negotiated salary increases.
- Increased benefit costs including health and pensions.

The Village has contracts with 3 collective bargaining units that are due increases in 2015. Additionally, Village health insurance costs are budgeted to increase by 7.5% in 2014. Additionally, in the spirit of conservatism the Village budgets known vacancies at 100% even though those positions might not be filled until the middle of the year. The difference at the end of the year goes towards strengthening the Village's fund balance reserves. Finally, the Village is budgeting to make 100% of its annual required police pension contribution.

Budgeted amounts assume full employment with no vacancies.

Team Development

The 2015 budget for Team Development is \$56,705 or 23.58% greater than 2014 projected. This increase is due to several team development initiatives (trainings, tuition reimbursement, staff development etc.) budgeted in 2014 that were not completed. Even though these initiatives were not always taken advantage of in 2014 the Village felt it is important to continue funding for 2014. The total budget of \$297,175 reflects the Village's effort to maintain a highly skilled workforce capable of delivering on its strategic objectives including providing quality customer oriented services. The Village continues to offer opportunities for staff training, including customer service specific training. Other Team Development expenditures include membership dues, professional development expenditures and subscriptions to professional journals and newspapers.

Professional Services

The 2015 budget for Professional Service increased \$323,714 or 13.40% compared to 2014 projections. This is due to the Village accounting for engineering associated with various capital projects, especially the waste water treatment plant as a professional service.

Contractual Services

The 2015 budget for Contractual Services increased \$439,563 or 5.93% compared to 2014 projected. The increase is due to the various capital related projects which requires the services of outside consultants.

Commodities

The 2015 budget for Commodities decreased \$22,988 or 2.33% compared to 2014 projected. This decrease is associated with recent reduction in gas prices and other commodities.

Other

The 2015 budget for “Other” expenditures increased \$532,460 or 87.48% compared to 2014 projected. This is due to contingencies and one time liabilities budgeted in the Village Manager’s Office Budget. These items are budgeted on an annual basis and are usually not expended. As such the budget looks inflated compared to the previous years projected when it is in fact budgeting worst case scenario which will most likely never materialize.

Programs

The 2015 budget for Programs increased by \$1,192,436 compared to 2014 projected. This is due to budgeting for potential economic development initiatives in the Northern Business District. This is due to various recent sales tax agreements and economic incentive programs from of TIF funds.

Capital

The 2015 budget for Capital increased \$14,696,242 or 77.58% compared to 2014 projected. The main reason for this increase is two new capital initiatives including:

- \$6,700,000 – Construction of a new Police Headquarters building.
- \$20,300,000 – Construction of a new Waste Water Treatment Plant.

Details of the Village’s Capital expenditures can be found in Appendix A.

Debt Service

The 2015 budget for Debt Service increased \$2,639,824 or 35.13% compared to the 2014 projected amount. This is due to:

- Increased annual debt service payments as a result of the issuance of bonds for construction of a new police station.
- A full year of debt service for bonds issued in Special Service Area #9 for roadway improvements.
- Increased annual debt service payments as a result of the IEPA Waste Water Treatment Plant Loan

For 2015 the Village is relying on planned use of cash (drawdown of fund balance) to finance various capital projects. This planned use of cash represents accumulated revenues earned in previous fiscal years for projects expected to be completed in 2015.

VILLAGE OF BENSENVILLE – NEW SPENDING REQUEST FORM (BLUE SHEET)

TITLE: O'Hare Impact Strategy
TYPE: New Initiative
REQUESTED BY: Dan Di Santo
DEPARTMENT: Village Manager's Office
FUNCTION: Professional Services

SUPPORTS THE FOLLOWING APPLICABLE VILLAGE GOALS:

<input checked="" type="checkbox"/>	<i>Financially Sound Village</i>	<input checked="" type="checkbox"/>	<i>Enrich the lives of Residents</i>
<input type="checkbox"/>	<i>Quality Customer Oriented Services</i>	<input type="checkbox"/>	<i>Major Business/Corporate Center</i>
<input checked="" type="checkbox"/>	<i>Safe and Beautiful Village</i>	<input type="checkbox"/>	<i>Vibrant Major Corridors</i>

DESCRIPTION / JUSTIFICATION:

Over the past year the negative impacts from O'Hare International Airport have increased. First, on October 17, 2013, the flights patterns changed over Bensenville by the commission of a new Runway, 10C/28C. Second, the FAA recently issued a federal directive suspending use of the diagonal runways, resulting in more east/west flights over Bensenville. Third, the reduced number of operational runways has contributed to the repeated violations of the "Fly-Quiet Program." Fourth, the airport has delayed building an additional runway on the north side of O'Hare. This runway, when built, was intended to relieve the number of flights over Bensenville.

Since July, 2014, the lobbying firm Lockridge, Grindal, Nauen PLLP (LGN) has provided the Village expert advocacy and advice on airport impact strategy. The firm is based in Minneapolis and Washington DC and specializes in aviation noise abatement, airport land use planning and community/airport relations. The 2015 budget includes continuation of their services per the terms of the agreement approved in August, 2014, for an annual amount of \$87,500.

This budget also reserves \$10,000 for potential studies and analysis from professional consultants.

2015 BUDGET AMOUNT: \$87,500 – Lockridge, Grindal, Nauen PLLP
\$10,000 – Airport Data Collection/Analysis

ANNUAL RECURRING AMOUNT: TBD

G/L ACCOUNT: 11010010 532810 – Project Management Services (\$87,500)
11020110 532100 – Professional Services (\$10,000)

VILLAGE OF BENSENVILLE – NEW SPENDING REQUEST FORM (BLUE SHEET)

TITLE: Updating AMX Remote System in Board Room
TYPE: Increased Operating/Capital
REQUESTED BY: Dan Di Santo / Anthony Sumner
DEPARTMENT: Village Manager's Office
FUNCTION: Multimedia Board Room Interactivity

SUPPORTS THE FOLLOWING APPLICABLE VILLAGE GOALS:

<input type="checkbox"/>	<i>Financially Sound Village</i>	<input checked="" type="checkbox"/>	<i>Enrich the lives of Residents</i>
<input checked="" type="checkbox"/>	<i>Quality Customer Oriented Services</i>	<input type="checkbox"/>	<i>Major Business/Corporate Center</i>
<input type="checkbox"/>	<i>Safe and Beautiful Village</i>	<input type="checkbox"/>	<i>Vibrant Major Corridors</i>

DESCRIPTION / JUSTIFICATION:

This budget item would replace outdated and no longer serviceable AMX remotes and receivers in the Board, CDC and Administrative Conference rooms. The capital component of this project includes the purchase three AMX remotes and receivers that will maintain integration between all the multimedia devices and IT equipment in the Board Room, CDC Room and Administrative Conference Room (\$10,002.00). Integration and writing the new code for the remotes will be performed by local provider AVI SYTEMS who implemented the original system (\$14,142.00). One year of support will also be included for (\$1,690.00). Bringing the total cost to **\$25,834.00**.

The Cable department has maintained \$10,000 of unencumbered funds in 2014 that can applied to cost. This brings the total capital request for 2015 to **\$15,834.00**

This much needed upgrade will protect us from possible extended equipment outages due to the current system no longer being supported or manufactured.

Integrated with the existing multimedia systems in the Board Room (Elmo, Smart board, Laptops, Projector, Dais Screens, microphone systems and DVD players) this upgrade will allow us to maintain same level interconnectivity we currently operate under.

2013 BUDGET AMOUNT: **\$15,834.00**

ANNUAL RECURRING AMOUNT: \$0

G/L ACCOUNT: 11020180 594000: Capital Outlay

VILLAGE OF BENSENVILLE – NEW SPENDING REQUEST FORM (BLUE SHEET)

TITLE: Lock Box Service for Utility Bills
TYPE: Increased Efficiency and Saving
REQUESTED BY: Tim Sloth, Finance Director
DEPARTMENT: Finance Department
FUNCTION: Utility Bill Payment Receipts

SUPPORTS THE FOLLOWING APPLICABLE VILLAGE GOALS:

<input checked="" type="checkbox"/>	<i>Financially Sound Village</i>	<input checked="" type="checkbox"/>	<i>Enrich the lives of Residents</i>
<input checked="" type="checkbox"/>	<i>Quality Customer Oriented Services</i>	<input type="checkbox"/>	<i>Major Business/Corporate Center</i>
<input checked="" type="checkbox"/>	<i>Safe and Beautiful Village</i>	<input type="checkbox"/>	<i>Vibrant Major Corridors</i>

DESCRIPTION / JUSTIFICATION:

Village receives 50% of total payments in mail from the customers for Utility Bill, Vehicle License and Permits. It is efficient to use outside lock box service for mail payments which will be imported into financial system. Finance Department believes that the lockbox will save time spent by employee and also tax dollars for the Village.

Using Outside lockbox will increase the efficiency of the Finance Department as the Front Desk Cashiers will not have to manually process payments received in mail and will be able to focus more on the customer service and Finance Department will be able to save spending on part time help as well as overtime.

2015 BUDGET AMOUNT: \$20,000

ANNUAL RECURRING AMOUNT: \$20,000

G/L ACCOUNT: 11030110 540310: Bank Service/Other Fees (50% of total annual cost, \$10,000)
51030250 540310: Bank Service/Other Fees (50% of total annual cost, \$10,000)

Highlights & Initiatives

2015 Budget: \$ 6,401,100
 2014 Budget: \$ 6,192,316
 2013 Actual: \$5,880,735

Percent Change: 3.37% Increase

- New Police/EMA Facility Plan: New facility to be built at 345 E Green Street with expected opening in the first quarter of 2015 at an estimated total cost of \$15,750,000. (Included in CIP Fund)
- Continued savings from dispatch consolidation as Addison Consolidated Dispatch fee is \$222,642 which is only \$9,772 (4.59 %) more than previous year
- Reflects continued commitment to fund Police Pension Obligation at the expected actuarially determined level of \$950,000
- Continued commitment to effectively utilize part-time officers to efficiently provide specialized services that better take advantage of the strengths of part-time officers. (\$25,816)
- Includes the temporary raising of the budgeted staffing of the department by one officer to allow for the training of an officer to replace an officer who is retiring in July of next year. (\$45,650)
- Includes the continued assignment of a sergeant as the administrative sergeant whose duties include the preparation, application and coordination of the department's accreditation process (\$77,190) along with the costs associated with the accreditation process (10,850)
- Includes the continued assignment of an officer to the Du Page Metropolitan Enforcement Group, the county's drug enforcement task force, rather than just a financial contributor (\$60,457)
- Fleet Replacement Plan: 2 unmarked squads at a cost including equipment of \$68,000/unmarked vehicle (Included in the CIP Fund)
- Includes the implementation of the Care Trak System that provides the opportunity to the community to allow for the tracking of high risk people with special needs at a minimal cost. (\$6,000)
- Includes the purchase of Mobile License Plate Recognition system that automatically checks and records license plates while an officer patrols and notifies the officer of any hits on the vehicle. (\$18,000)

VILLAGE OF BENSENVILLE – NEW SPENDING REQUEST FORM (BLUE SHEET)

TITLE: Mobile License Plate Recognition System
TYPE: Increased Operating/Capital
REQUESTED BY: Chief Frank Kosman
DEPARTMENT: Police Department
FUNCTION: Patrol

SUPPORTS THE FOLLOWING APPLICABLE VILLAGE GOALS:

<input type="checkbox"/>	<i>Financially Sound Village</i>	<input type="checkbox"/>	<i>Enrich the lives of Residents</i>
<input type="checkbox"/>	<i>Quality Customer Oriented Services</i>	<input type="checkbox"/>	<i>Major Business/Corporate Center</i>
<input checked="" type="checkbox"/>	<i>Safe and Beautiful Village</i>	<input type="checkbox"/>	<i>Vibrant Major Corridors</i>

DESCRIPTION / JUSTIFICATION:

This budget item provides the police department with an mobile automated license plate recognition system. The system consists of specialized cameras that would be mounted in a squad. As the squad was used for patrol, the cameras would capture images of license plates, and the integrated software would scan the plates through various databases for hits. Once a hit was made, the officer would be notified of the hit and then he or she could then take appropriate action. Some of the applications would be to determine if a vehicle was reported stolen, whether the vehicle was wanted in relation to a crime, whether the vehicle owner had a suspended or revoked driver's license, and whether the vehicle was eligible for a boot or tow because of unpaid parking tickets. In addition, the capturing of the license plates could later be utilized as an investigative tool by investigators in attempting to know if a vehicle was in an area and/or if the vehicle goes to an area in the future.

The capital component of this expenditure is the purchase of the system (\$18,000) that would allow the police department to capture the license plates and automatically compare it to various databases. In addition, it would allow investigators to search the other private and public databases on the system for a vehicle. The annual recurring component of this expenditure is the software program (\$1,450/year).

Currently, 178 vehicles are eligible for towing with a combined \$155,000 fine balance. As the average fine amount owed for each vehicle is about \$870, the initial cost for the system could be recouped when the first 20 vehicles are located and immobilized and the parking fines are paid.

In summary, the system would improve officer efficiency, enforcement, the recovery of stolen vehicles, officer safety, and the collection of intelligence for investigations. It reduces profiling claims as it checks all plates. Also, the system can be expected increase revenue from identifying parking scofflaws and suspended and revoked drivers.

2015 BUDGET AMOUNT: \$18,000

ANNUAL RECURRING AMOUNT: \$1,450

G/L ACCOUNT: 31080800 591000: Capital Outlay (1-time cost for LPR system, \$18,000)
11040110 561310: Permits and Licenses (Annual recurring cost for FY16, \$1,450)

VILLAGE OF BENSENVILLE – NEW SPENDING REQUEST FORM (BLUE SHEET)

TITLE: Care Trak System
TYPE: Increased Operating Expense
REQUESTED BY: Chief Frank Kosman
DEPARTMENT: Police
FUNCTION: Telemetry Tracking System for High Risk People

SUPPORTS THE FOLLOWING APPLICABLE VILLAGE GOALS:

<input type="checkbox"/>	<i>Financially Sound Village</i>	<input type="checkbox"/>	<i>Enrich the lives of Residents</i>
<input type="checkbox"/>	<i>Quality Customer Oriented Services</i>	<input type="checkbox"/>	<i>Major Business/Corporate Center</i>
<input checked="" type="checkbox"/>	<i>Safe and Beautiful Village</i>	<input type="checkbox"/>	<i>Vibrant Major Corridors</i>

DESCRIPTION / JUSTIFICATION:

The Care Trak Agency System allows officers to telemetrically track high risk people with Alzheimer disease and special needs kids primarily with autism. Parents and caregivers can purchase a strap on transmitter with a tamper resistant band at a cost of \$3.29 per month. If the person wanders away, they can call the police department and officers can locate the individual within a mile of the receiver through the use of the receiver.

Numerous other towns in Illinois including Schaumburg and Naperville operate the system. It is an effective and efficient way to provide families with special needs persons assistance at crucial time if the person runs or wanders away.

The below cost includes the equipment and training for up to 12 officers.

2015 BUDGET AMOUNT: \$6000

ANNUAL RECURRING AMOUNT: \$0

G/L ACCOUNT: 11040341 57110: Programs

<input checked="" type="checkbox"/>	<i>Safe and Beautiful Village</i>	<input type="checkbox"/>	<i>Vibrant Major Corridors</i>

DESCRIPTION / JUSTIFICATION:

This budget item allows officers with department issued handheld devices to access LEADS information on the handheld device. Detectives and plain clothes officers in a car or on foot can query national and state databases for criminal records, warrants, license plates, vehicle registrations, and other information on their handheld device. This allows them to be more efficient, effective and covert when appropriate.

If approved, five personnel will be using the devices. The detective sergeant, the two detectives, the community oriented policing sergeant and the community oriented policing officer. These personnel already have smart phones issued by the Village.

2015 BUDGET AMOUNT: \$600

ANNUAL RECURRING AMOUNT: \$600

TITLE: Salaries – Regular Part-time
TYPE: Increased Operating
REQUESTED BY: Chief Frank Kosman
DEPARTMENT: Police Department
FUNCTION: Patrol

SUPPORTS THE FOLLOWING APPLICABLE VILLAGE GOALS:

<input type="checkbox"/>	<i>Financially Sound Village</i>	<input type="checkbox"/>	<i>Enrich the lives of Residents</i>
<input type="checkbox"/>	<i>Quality Customer Oriented Services</i>	<input type="checkbox"/>	<i>Major Business/Corporate Center</i>
<input checked="" type="checkbox"/>	<i>Safe and Beautiful Village</i>	<input type="checkbox"/>	<i>Vibrant Major Corridors</i>

DESCRIPTION / JUSTIFICATION:

This budget item proposes a change in the utilization of part-time police officers. The emphasis in the past was to utilize them to supplement regular patrol duties when patrol staffing was short for various reasons such as military leaves, resignations and long term illnesses or injuries. This has become problematic as the officers were used infrequently and were not able to maintain proficiency with the technological aspects of the position such as utilizing the CAD/RMS system, E-tickets and now cameras.

The proposed change would be to still utilize the seven part-time officers for administrative bailiff duties and special events such as parades, festivals and Music in the Park. However, instead of being generally assigned to patrol, those with specific skills and abilities would be assigned to directed duties. Specifically, Officer Spradling would be assigned to directed parking and compliance ticket enforcement for approximately 16 hours per week, Officer Vargas would be assigned to community building duties for 8 hours a week, and Officer Marks, once he retires from his full-time position, would be assigned to directed truck enforcement for 16 hours per week. The additions would be as follows:

- Parking Enforcement: 16 hours/week x 52 weeks x \$26.78/hour = \$22,281
- Truck Enforcement: 16 hour/week x 22 weeks x \$26.78/hour = \$9,427
- Directed Uniformed Community Oriented Policing: 8 hours/week x 52 weeks x \$26.78 = \$11,140

This proposal would take the best advantage of the strengths of the part-time officers while minimizing the liabilities. Officer Spradling is an exceptionally producer of parking and compliance tickets. During 2013, Officer Spradling issued about 2000 parking and compliance tickets. Officer Vargas' visibility in uniform and contacts made during the weekends enhances his credibility and performance as the Crime Prevention Coordinator. Officer Marks has over 20 years of experience as a truck enforcement officer and even teaches classes on the subject to other officers. A full-time officer will replace him in that duty when he resigns; however, his expertise could still be utilized by the department and shared with the replacement officer making the replacement officer more effective if Officer Marks continued as a part-time officer assigned to truck enforcement.

As part of the proposal, the utilization for military training leaves would be eliminated as part-time officers have not been as reliable as expected and are not able to as effectively meet the demands of patrol without extensive ongoing training. The amount eliminated would be as follows:

- \$17,032 removed from budget line (6 8 hour shifts per month and 3 20 hour shifts per year)

2015 BUDGET AMOUNT: Additional \$25,816

ANNUAL RECURRING AMOUNT: \$38,670

G/L ACCOUNT: 11040340 5111120: Salaries- Regular Part-Time

VILLAGE OF BENSENVILLE – NEW SPENDING REQUEST FORM (BLUE SHEET)

TITLE: Two New Motorola APX Radio

FUNCTION: Communications Capital Outlay and Maintenance Agreement

SUPPORTS THE FOLLOWING APPLICABLE VILLAGE GOALS:

<input type="checkbox"/>	<i>Financially Sound Village</i>	<input type="checkbox"/>	<i>Enrich the lives of Residents</i>
<input type="checkbox"/>	<i>Quality Customer Oriented Services</i>	<input type="checkbox"/>	<i>Major Business/Corporate Center</i>
<input checked="" type="checkbox"/>	<i>Safe and Beautiful Village</i>	<input type="checkbox"/>	<i>Vibrant Major Corridors</i>

DESCRIPTION / JUSTIFICATION:

This budget item will provide a Starcom Radio to allow Civilian personnel to monitor police radio traffic while they are at the station. Currently, only sworn personnel have been issued radios. This results in records personnel and police assistants at the station being unaware of police calls and situations that police are responding too. Therefore, they are at a disadvantage in answering citizen inquiries and providing assistance to citizens and officers. With a larger station, this problem will be increased if they are unable to monitor the radio traffic. Also, the radio could utilized in the EOC when it is activated. The second radio would allow for the new officer to be issued a radio while Officer Marks will be able to keep his radio while being utilized as a part-time officer specializing in truck enforcement.

2015 BUDGET AMOUNT: \$12,840

ANNUAL RECURRING AMOUNT: \$840

G/L ACCOUNT: 11040380 592000: Capital Outlay (1-time cost for radios, \$12,000)
11040380 542100: Maintenance Agreements (annual radio fee, \$840)

VILLAGE OF BENSENVILLE – NEW SPENDING REQUEST FORM (BLUE SHEET)

<input checked="" type="checkbox"/>	<i>Safe and Beautiful Village</i>	<input type="checkbox"/>	<i>Vibrant Major Corridors</i>

DESCRIPTION / JUSTIFICATION:

This budget item maintains the police department at its optimal staffing level. It allows for the budgeted staffing level to be temporarily increased to 36 officers. Officer Dexter Marks has graciously advised that he intends to retire as a full-time officer from the police department next summer after 14 years with this department. Upon request, he has offered his resignation in writing effective on or about July 31, 2014.

It takes approximately 6 months of training of a new police officer, 3 months for the academy training and 3 months for field training, before the new officer is ready and able to patrol on his or her own and be counted for patrol shift staffing purposes. This proposal would allow a new officer to be hired and sent to the police academy in January so that he or she would be ready to immediately assume a patrol spot when Officer Marks resigned. This would reduce the amount the overtime that would be required to maintain shift minimums during the next 6 plus months until a replacement officer is hired and trained.

2013 BUDGET AMOUNT: \$45,650

ANNUAL RECURRING AMOUNT: None

G/L ACCOUNT: 11020180 594000: Salaries-Regular Full-time (\$31,000)

Highlights & Initiatives

2015 Budget: \$ 10,680,850

2014 Budget: \$ 10,564,530

2013 Actual: \$ 11,374,680

Percent Change: 1.10% Increase

- Cost of Water purchased through DuPage Water Commission is \$390,000 greater than last year. Excluding this cost PW budget would have actually decreased 3.46% compared to 2014 Budgeted.
- Continues efforts toward our Comprehensive Tree Management Program (Tree Pruning Program, Tree Replacement Program, and Emerald Ash Borer Management Program) as well as beginning a future planting program with a local nursery: \$210,000
- Continues efforts toward identifying and eliminating sources of water loss in our distribution system including leak detection, fire hydrant replacement, valve repair and replacement: \$165,000
- The Conversion of Wastewater Treatment Plant Operations from Contracted to In-house Operations has proven to be a huge success. This plan eliminated our annual contract with United Water and hired a staff of seven (7) full-time employees. There was an estimated net annual operational savings associated with the transition of \$286,128.
- Participation in the GIS Consortium will allow for multi-departmental development of a GIS system that will be utilized for storing and accessing parcel data (permits, maintenance, plats, ordinances, etc.) as well as provide informative exhibits and maps to be used to streamline and better define projects both large and small: \$90,000

VILLAGE OF BENSENVILLE – NEW SPENDING REQUEST FORM (BLUE SHEET)

TITLE: Engineering Intern
TYPE: New Program / New Initiative
REQUESTED BY: Joe Caracci
DEPARTMENT: Public Works
FUNCTION: Administration & Engineering

SUPPORTS THE FOLLOWING APPLICABLE VILLAGE GOALS:

<input type="checkbox"/>	<i>Financially Sound Village</i>	<input type="checkbox"/>	<i>Enrich the lives of Residents</i>
<input checked="" type="checkbox"/>	<i>Quality Customer Oriented Services</i>	<input type="checkbox"/>	<i>Major Business/Corporate Center</i>
<input type="checkbox"/>	<i>Safe and Beautiful Village</i>	<input type="checkbox"/>	<i>Vibrant Major Corridors</i>

DESCRIPTION / JUSTIFICATION:

This new position is intended to assist our Engineering Division with special field projects identified during the summer months. The position is expected to yield an engineering student from a reputable college who can work up to 1,000 hours for the Village. The anticipated rate is \$12 per hour.

Special projects may include survey, GPS, Utility verification, plan review assistance, construction oversight, data collection, GIS assistance, and inspections.

2015 BUDGET AMOUNT: \$12,000

ANNUAL RECURRING AMOUNT: \$12,000

G/L ACCOUNT: 11050110 511120: Public Works Administration – Salaries Part-Time - \$12,000

VILLAGE OF BENSENVILLE – NEW SPENDING REQUEST FORM (BLUE SHEET)

TITLE: GIS Consortium
TYPE: New Program / New Initiative
REQUESTED BY: Joe Caracci
DEPARTMENT: Public Works
FUNCTION: Administration & Engineering

SUPPORTS THE FOLLOWING APPLICABLE VILLAGE GOALS:

<input type="checkbox"/>	<i>Financially Sound Village</i>	<input checked="" type="checkbox"/>	<i>Enrich the lives of Residents</i>
<input checked="" type="checkbox"/>	<i>Quality Customer Oriented Services</i>	<input type="checkbox"/>	<i>Major Business/Corporate Center</i>
<input type="checkbox"/>	<i>Safe and Beautiful Village</i>	<input type="checkbox"/>	<i>Vibrant Major Corridors</i>

DESCRIPTION / JUSTIFICATION:

This new initiative is intended to enhance information/data collection and transfer between both intergovernmental departments and residents. A Geographic Information System (GIS) is a computer system designed to capture, store, manipulate, analyze, manage, and present all types of spatial or geographical data. In essence, it is a database of all pertinent information that can be useful to the Village. These include data on permits, parcels, ordinances, utilities, infrastructure, emergency data, developments, agreements, videos, maintenance logs, historical data, etc. A true GIS can take this data and manipulate it to provide not only maps, but trending data, cost projections, cost avoidance, time savings, increased accuracy and productivity that all lead to better decision making.

The GIS Consortium (GISC) is a public entity consisting of 25 local governments that work collectively to achieve the benefits of GIS and related technologies. The mission of the GIS Consortium is to create value by managing cost and risk within an environment of cooperation where all members, regardless of size will succeed. Private industry plays a role in this model to the extent that it can provide specialized aspects of these systems. This partnership provides an environment where success is predictable and costs are contained.

The GIS Consortium recognizes that small- and medium-size communities face special challenges when implementing technology. By collaborating communities unlock opportunities otherwise unavailable because of complexity or cost. The GIS Consortium is a public entity formed under a state statute that encourages Intergovernmental Agreements between units of local government. Above all, the GIS Consortium works to foster cooperation to solve common problems.

The GIS Consortium is recognized as a strategic partner in the greater-Chicago region GIS industry. Organizations that share our values of efficiency and cooperation are seeking our advice. As we all face new challenges in these economic times it is important to work cooperatively. The GIS Consortium stands as a symbol of what the future of local government may look like.

The program would consist of GIS Consortium staff that spends approximately 5 days every two weeks (based on surface area of the Village) working with our staff to input data and develop applications that can be used by all our departments. Utilizing the work performed at the other 25 communities, we can see immediate benefit by utilizing those applications already developed in the Consortium.

2015 BUDGET AMOUNT: \$90,000

ANNUAL RECURRING AMOUNT: \$90,000

G/L ACCOUNT: 11050110 549990: Public Works Administration - Other Contractual - \$90,000

VILLAGE OF BENSENVILLE – NEW SPENDING REQUEST FORM (BLUE SHEET)

TITLE: Future Tree Planting – Tree Harvesting
TYPE: New Program / New Initiative
REQUESTED BY: Joe Caracci
DEPARTMENT: Public Works
FUNCTION: Forestry

SUPPORTS THE FOLLOWING APPLICABLE VILLAGE GOALS:

<input type="checkbox"/>	<i>Financially Sound Village</i>	<input checked="" type="checkbox"/>	<i>Enrich the lives of Residents</i>
<input checked="" type="checkbox"/>	<i>Quality Customer Oriented Services</i>	<input type="checkbox"/>	<i>Major Business/Corporate Center</i>
<input checked="" type="checkbox"/>	<i>Safe and Beautiful Village</i>	<input type="checkbox"/>	<i>Vibrant Major Corridors</i>

DESCRIPTION / JUSTIFICATION:

This new program is intended to secure specific trees for future planting as part of our tree replacement program. With the onset of Emerald Ash Borer (EAB), local nurseries are experiencing shortages in tree inventory. The harvesting program would entail working with a local nursery to plant trees designated specifically for the Village of Bensenville now for use in our planting program in three years. This would be an ongoing program to maintain an inventory specifically dedicated to the Village.

Once the initial trees are planted, we would expect a three year growth cycle before we plant them as part of our Village program. At that time, we would be able to replace our existing planting contract (consisting of tree purchase and installation) with an installation only contract and the ongoing tree harvesting program.

Our goal is to eventually replace trees to re-establish a minimum public tree inventory of 5,000 trees as identified in 2012, prior to our EAB Management Program.

2015 BUDGET AMOUNT: \$20,000

ANNUAL RECURRING AMOUNT: \$20,000

Highlights & Initiatives

2015 Budget: \$2,766,825

2014 Budget: \$2,800,725

2013 Actual: \$2,679,139

Percent Change: 1.21% Decrease

- Part-time staffing hours reduced from 61,408 to 54,390.
- Community Events will be somewhat enhanced with activity improvements such as fireworks, bands and teenage activities.
- Concessions are projected to have a net income of \$88,000 for 2015 vs. an actual net loss of \$1300 in 2013.
- Several capital improvement items have been added that support village goals for a quality customer oriented service, safe and beautiful village and to enrich the lives of Bensenville residents. These improvements include the addition of bleachers at the Redmond soccer/football field, roof repair at the Edge on Jefferson Street, a new electric ice resurfacers, construction of a walking path around the soccer/football field, a new sound system at Memorial Field baseball stadium, new sand at the Redmond volleyball courts, new pool filters at the Aquatic Center, and a perimeter drainage system at the John Street facility.
- Operating revenue increases are projected throughout all departments resulting from increased usage and fee increases.
- The full time staffing budget at the Edge has been reduced by \$79,500 while all other departments have remained in-line with 2014's numbers.

VILLAGE OF BENSENVILLE – NEW SPENDING REQUEST FORM (BLUE SHEET)

TITLE: Dive Equalizer Drains
TYPE: Increased Operating/Capital
REQUESTED BY: Todd Finner
DEPARTMENT: Department of Recreation and Community Events
FUNCTION: Safety

SUPPORTS THE FOLLOWING APPLICABLE VILLAGE GOALS:

<input type="checkbox"/>	<i>Financially Sound Village</i>	<input checked="" type="checkbox"/>	<i>Enrich the lives of Residents</i>
<input checked="" type="checkbox"/>	<i>Quality Customer Oriented Services</i>	<input type="checkbox"/>	<i>Major Business/Corporate Center</i>
<input checked="" type="checkbox"/>	<i>Safe and Beautiful Village</i>	<input type="checkbox"/>	<i>Vibrant Major Corridors</i>

DESCRIPTION / JUSTIFICATION:

Divewell is currently in violation of State of Illinois Health code public swimming pool act standards due to presence of Divewell equalizer drains on the skimmers. These drains were originally installed as a fail-safe to prevent pumps from burning out in the event of line leak but also create suction and the possibility of holding a swimmer under water. We will be hiring a contractor to remedy this situation.

2014 BUDGET AMOUNT: \$11,000

2015 BUDGET AMOUNT: \$12,525

G/L ACCOUNT: 11070760 542310 Aquatics – R & M Equipment

VILLAGE OF BENSENVILLE – NEW SPENDING REQUEST FORM (BLUE SHEET)

TITLE: Replaster of Lap Pool
TYPE: Increased Operating/Capital
REQUESTED BY: Todd Finner
DEPARTMENT: Department of Recreation and Community Events
FUNCTION: Safety and Maintenance

SUPPORTS THE FOLLOWING APPLICABLE VILLAGE GOALS:

<input type="checkbox"/>	<i>Financially Sound Village</i>	<input checked="" type="checkbox"/>	<i>Enrich the lives of Residents</i>
<input checked="" type="checkbox"/>	<i>Quality Customer Oriented Services</i>	<input type="checkbox"/>	<i>Major Business/Corporate Center</i>
<input checked="" type="checkbox"/>	<i>Safe and Beautiful Village</i>	<input type="checkbox"/>	<i>Vibrant Major Corridors</i>

DESCRIPTION / JUSTIFICATION:

The plaster in the lap pool is deteriorating and thus at risk for leaks and structural damage.

2014 BUDGET AMOUNT: \$0

2015 BUDGET AMOUNT: \$45,000

G/L ACCOUNT: 11070760 594000 Aquatics – Capital Outlay – Furniture/Fixtures

VILLAGE OF BENSENVILLE – NEW SPENDING REQUEST FORM (BLUE SHEET)

TITLE: Replacement of Swimming Pool Filters
TYPE: Increased Operating/Capital
REQUESTED BY: Todd Finner
DEPARTMENT: Department of Recreation and Community Events
FUNCTION: Safety and Maintenance

SUPPORTS THE FOLLOWING APPLICABLE VILLAGE GOALS:

<input type="checkbox"/>	<i>Financially Sound Village</i>	<input checked="" type="checkbox"/>	<i>Enrich the lives of Residents</i>
<input checked="" type="checkbox"/>	<i>Quality Customer Oriented Services</i>	<input type="checkbox"/>	<i>Major Business/Corporate Center</i>
<input checked="" type="checkbox"/>	<i>Safe and Beautiful Village</i>	<input type="checkbox"/>	<i>Vibrant Major Corridors</i>

DESCRIPTION / JUSTIFICATION:

The swimming pool filters will be 15 years old. 15 years in a chemical environment under constant pressure has taken its toll. As a result, they have become brittle and are showing signs of cracking, creating a dangerous situation. Cost to replace pool filters is \$25,000.

2014 BUDGET AMOUNT: \$0

2015 BUDGET AMOUNT: \$45,000

G/L ACCOUNT: 11070760 594000 Aquatics – Capital Outlay – Furniture/Fixtures

VILLAGE OF BENSENVILLE – NEW SPENDING REQUEST FORM (BLUE SHEET)

TITLE: Aquatic Center Reconfiguration
TYPE: Increased Capital
REQUESTED BY: Todd Finner
DEPARTMENT: Department of Recreation and Community Events
FUNCTION: To create a suitable point of entry for swimming pool customers.

SUPPORTS THE FOLLOWING APPLICABLE VILLAGE GOALS:

<input type="checkbox"/>	<i>Financially Sound Village</i>	<input checked="" type="checkbox"/>	<i>Enrich the lives of Residents</i>
<input checked="" type="checkbox"/>	<i>Quality Customer Oriented Services</i>	<input type="checkbox"/>	<i>Major Business/Corporate Center</i>
<input checked="" type="checkbox"/>	<i>Safe and Beautiful Village</i>	<input checked="" type="checkbox"/>	<i>Vibrant Major Corridors</i>

DESCRIPTION / JUSTIFICATION:

Installation of a door and office will fix a long standing logistical problem at the Aquatic Center. Currently, customers enter the pool through the office, pay their admission fee and then walk over the pool deck prior to walking through the shower hallways and ultimately making their way to the changing area. With the reconfiguration, customers will now be able to walk to the aquatic center reception area, pay their admission and then proceed directly to the changing area without having to walk over the deck and through the shower areas. These changes will result in better facility cleanliness, better customer service and better financial controls.

2014 BUDGET AMOUNT: \$0

2015 BUDGET AMOUNT: \$15,000

G/L ACCOUNT: 31080800 591000 Capital Outlay – Building and Structure

VILLAGE OF BENSENVILLE – NEW SPENDING REQUEST FORM (BLUE SHEET)

TITLE: Edge on Jefferson Street – Roof Repair
TYPE: Increased Capital
REQUESTED BY: Todd Finner
DEPARTMENT: Department of Recreation and Community Events
FUNCTION: To seal roof from all existing leaks

SUPPORTS THE FOLLOWING APPLICABLE VILLAGE GOALS:

<input type="checkbox"/>	<i>Financially Sound Village</i>	<input checked="" type="checkbox"/>	<i>Enrich the lives of Residents</i>
<input checked="" type="checkbox"/>	<i>Quality Customer Oriented Services</i>	<input type="checkbox"/>	<i>Major Business/Corporate Center</i>
<input checked="" type="checkbox"/>	<i>Safe and Beautiful Village</i>	<input checked="" type="checkbox"/>	<i>Vibrant Major Corridors</i>

DESCRIPTION / JUSTIFICATION:

For several years the Jefferson Street roof has been leaking. These leaks cause structural damage as well as damage to internal fixtures and equipment. We would like to budget \$217,000 for roof repair which will include repairing all existing leaks, preventative work on seams and joints as well as resealing all holes and seams at roof-top/HVAC unit locations.

2014 BUDGET AMOUNT: \$0

2015 BUDGET AMOUNT: \$217,000

G/L ACCOUNT: 31080800 591000 Capital Outlay – Building and Structure

VILLAGE OF BENSENVILLE – NEW SPENDING REQUEST FORM (BLUE SHEET)

TITLE: Perimeter Drainage
TYPE: Increased Capital
REQUESTED BY: Todd Finner
DEPARTMENT: Department of Recreation and Community Events
FUNCTION: To drain rain water away from building foundation

SUPPORTS THE FOLLOWING APPLICABLE VILLAGE GOALS:

<input type="checkbox"/>	<i>Financially Sound Village</i>	<input checked="" type="checkbox"/>	<i>Enrich the lives of Residents</i>
<input checked="" type="checkbox"/>	<i>Quality Customer Oriented Services</i>	<input type="checkbox"/>	<i>Major Business/Corporate Center</i>
<input checked="" type="checkbox"/>	<i>Safe and Beautiful Village</i>	<input checked="" type="checkbox"/>	<i>Vibrant Major Corridors</i>

DESCRIPTION / JUSTIFICATION:

Perimeter drainage is required to move rain water away from the foundation to prevent permafrost buildup and resulting ice arena floor upheave. Anticipated cost is \$15,000.

2014 BUDGET AMOUNT: \$0

2015 BUDGET AMOUNT: \$15,000

G/L ACCOUNT: 31080800 591000 Capital Outlay – Building and Structure

VILLAGE OF BENSENVILLE – NEW SPENDING REQUEST FORM (BLUE SHEET)

TITLE: Redmond Bleachers
TYPE: Increased Capital
REQUESTED BY: Todd Finner
DEPARTMENT: Department of Recreation and Community Events
FUNCTION: To improve the seating accommodations for spectators at the Redmond Soccer/Football field.

SUPPORTS THE FOLLOWING APPLICABLE VILLAGE GOALS:

<input type="checkbox"/>	<i>Financially Sound Village</i>	<input checked="" type="checkbox"/>	<i>Enrich the lives of Residents</i>
<input checked="" type="checkbox"/>	<i>Quality Customer Oriented Services</i>	<input type="checkbox"/>	<i>Major Business/Corporate Center</i>
<input checked="" type="checkbox"/>	<i>Safe and Beautiful Village</i>	<input checked="" type="checkbox"/>	<i>Vibrant Major Corridors</i>

DESCRIPTION / JUSTIFICATION:

Currently seating arrangements are a collection of used low-lying bleacher systems with poor sight lines to the playing field. An improved bleacher system will integrate seating with press box and enhance the customer experience at the Redmond Soccer field. An improved bleacher system can also improve the chances of reaching a new agreement with Robert Morris University beyond 2016.

2014 BUDGET AMOUNT: \$0

2015 BUDGET AMOUNT: \$39,100

G/L ACCOUNT: 31080800 591000 Capital Outlay – Building and Structure

VILLAGE OF BENSENVILLE – NEW SPENDING REQUEST FORM (BLUE SHEET)

TITLE: Ice Resurfacer
TYPE: Increased Capital
REQUESTED BY: Todd Finner
DEPARTMENT: Department of Recreation and Community Events
FUNCTION: Prepare ice surface for customers

SUPPORTS THE FOLLOWING APPLICABLE VILLAGE GOALS:

<input type="checkbox"/>	<i>Financially Sound Village</i>	<input checked="" type="checkbox"/>	<i>Enrich the lives of Residents</i>
<input checked="" type="checkbox"/>	<i>Quality Customer Oriented Services</i>	<input type="checkbox"/>	<i>Major Business/Corporate Center</i>
<input checked="" type="checkbox"/>	<i>Safe and Beautiful Village</i>	<input checked="" type="checkbox"/>	<i>Vibrant Major Corridors</i>

DESCRIPTION / JUSTIFICATION:

An ice resurfacer is a vehicle with a sharp blade that scrapes the ice to a smoother surface and then floods it to maintain ice depth. We are looking to replace one of our current ice resurfacers with a new electric model. Our existing ice resurfacer will be 19 years old and is more of less an operating parts vehicle. The current vehicles require continuous repair and also have displayed emissions issues at various times. The electric zamboni helps reduce green-house emissions, provides a cleaner air within the rink for our customers and will save on propane fuel costs.

2014 BUDGET AMOUNT: \$0

2015 BUDGET AMOUNT: \$150,000

G/L ACCOUNT: 31580490 595000 Capital Outlay - Fleet

DESCRIPTION / JUSTIFICATION:

Addition of wireless capabilities at John Street will allow our customers to use real time scorekeeping within their league databases. Increased capabilities at Jefferson Street through the addition of East and West rink routers will provide a wireless service for tenants and spectators alike. In addition, we would like to reupholster 50% of the original high-boy chairs in the Jefferson Street facility to enhance the appearance of the bar. We would also like to replace three of the five 25" original picture tube televisions with new flat screen versions.

2014 BUDGET AMOUNT: \$4,000

2015 BUDGET AMOUNT: \$8,000

ANNUAL RECURRING AMOUNT: \$1,800

Village of Bensenville CY2015 Community Investment Plan

Project Information		Project Snapshot					
Title	Grade Seperation (York & Irving)						
Project #							
Account #	31080810-596000						
Location	York & Irving						
Department	Public Works						
Type	CIP - Streets & Highways						
Useful Life	50 Years						
CY 15 Total Cost: \$460,561							
Description							
Village portion of Streetscape and aesthetic improvements along York and Irving Park Road. Also includes Village portion of utility relocation (water and sewer).							
Justification							
Upgrading the intersection and approaches with aesthetic improvements will highlight this important and strategic corridor for the Village.							
Capital Expenditures	Prior	2015	2016	2017	2018	2019	Total
Streetscape	-	226,261	-	459,378	-	-	685,639
Utility Relocation	-	234,300	-	475,700	-	-	710,000
	-	-	-	-	-	-	-
Total Expenditures:	-	460,561	-	935,078	-	-	1,395,639
Revenues	Prior	2015	2016	2017	2018	2019	Total
CIP Operating	-	226,260	-	459,378	-	-	685,638
Utility Operating	-	234,300	-	475,700	-	-	710,000
Total Revenues:	-	460,560	-	935,078	-	-	1,395,638
Impact on Operating Budget							
Upgrade of utilities should result in less operational maintenance. Installation of of streetlights and new sidewalk will introduce increase in longterm maintenance responsibilities.

Project Information		Project Snapshot					
Title	Foster Avenue LAFO						
Project #							
Account #	31080810-596000						
Location	Foster (York to Rte 83)						
Department	Public Works						
Type	CIP - Streets & Highways						
Useful Life	20 Years						
CY 15 Total Cost: \$258,300							
Description							
LAFO project sponsored by DMMC for the pavement restoration (mill and overlay) of Foster Avenue between York Road and Route 83. Project will include limited curb and gutter removal, limited sidewalk replacement, removal of existing asphalt surface, limited base repair, and new asphalt surface. The project will be funded through the Federal Surface Transportation Program (STP). Approximately 70% of the construction cost of this proeject will be federally funded.							
Justification							
To maintain a safe and reliable network of roads for those traveling throughout the Village.							
Capital Expenditures	Prior	2015	2016	2017	2018	2019	Total
Proj. Mgmt	-	73,800	-	-	-	-	73,800
Design	48,750	-	-	-	-	-	48,750
Construction	-	184,500	-	-	-	-	357,000
Total Expenditures:	-	258,300	-	-	-	-	479,550
Revenues	Prior	2015	2016	2017	2018	2019	Total
CIP Operating	48,750	432,000	-	-	-	-	480,750
Grant	-	-	-	-	-	-	-
Total Revenues:	48,750	432,000	-	-	-	-	480,750
Impact on Operating Budget							
Streets will be funded through the Capital Plan and over time operating budget may see slight decrease due to less maintenance being necessary as the conditions of the roadway improve. The federal funded portion of this project is \$393,000 while the Village's portion is \$417,750.

Project Information		Project Snapshot					
Title	Residential Streetlighting Program						
Project #							
Account #	31080810-596000						
Location	Various						
Department	Public Works						
Type	CIP - Streets & Highways						
Useful Life	25 Years						
CY 2015 Total Cost: \$ 200,000							
Description							
This initiative consists of identifying appropriate locations for residential street lighting throughout the Village and installing segments of lights. Locations at this time are TBD.							
Justification							
To maintain a safe community with appropriate night time lighting on our residential steets. This initiative was identified as a high priority on our Community Survey.							
Capital Expenditures	Prior	2015	2016	2017	2018	2019	Total
Proj. Mgmt	-	-	-	-	-	-	-
Design	25,000	25,000	25,000	25,000	25,000	25,000	125,000

Project Information		Project Snapshot					
Title	Sidewalk Replacment Program						
Project #							
Account #	31080820-596000						
Location	Various Village Locations						
Department	Public Works						
Type	Infrastructure						
Useful Life	20-40 Years						
CY 2015 Total Cost: \$ 50,000							
Description							
This program will includes wholesale replacement of sidewalk squares that are trip hazards or are extremely deteriorated. An area of the Village will be selected for improvements while at the same time we will offer the 50/50 program to those residents and businesses who wish to make improvements immediately.							
Justification							
This program allows for improvements to Village sidewalks that will make them more aesthetically pleasing as well as remove safety hazards.							
Capital Expenditures	Prior	2015	2016	2017	2018	2019	Total
Sidewalk Replacement	50,000	50,000	50,000	50,000	50,000	50,000	300,000
Total Expenditures:	50,000	50,000	50,000	50,000	50,000	50,000	300,000
Revenues	Prior	2015	2016	2017	2018	2019	Total
CIP Operating	50,000	50,000	50,000	50,000	50,000	50,000	300,000
G.O. Bonds	-	-	-	-	-	-	-
Total Revenues:	50,000	50,000	50,000	50,000	50,000	50,000	300,000
Impact on Operating Budget							
Sidewalk will be funded through the Capital Plan and not directly affect the operating budget, however reducing trip hazards will limit our liability exposure.

Project Information		Project Snapshot					
Title	Security System Replacement						
Project #							
Account #	31080800-591000						
Location	Village Hall						
Department	IT						
Type							
Useful Life	10 Years						
CY 15 Total Costs:	\$ 75,000						
Description							
A security system and new cameras are needed at Village Hall, Public Works and Ice Arenas. This budget includes all new cameras and DVRs as well as access through security doors for Village Hall and new doors at PW. This budget assumes the maximum amount that would be needed to replace current systems as well as new camera coverage areas to protect Village assets. Total cameras would increase from 14 (half are broken) to over 40 cameras. This also includes a new ID card server and printer for identification badges. CY15 will include the installations at Village Hall.							
Justification							
Current cameras are not operating or not used with a DVR leaving the Village vulnerable should the need arise for video evidence. Current door security at Village Hall is not operating correctly. Doors often times stay locked or unlocked at incorrect times. This budget assumes the maximum amount that would be needed to replace current systems as well as new camera coverage areas to protect Village assets. Minimally a new security system is needed at Village Hall for approximately \$40,000.							
Capital Expenditures	Prior	2015	2016	2017	2018	2019	Total
Security System	150,000	75,000	150,000	-	-	-	375,000

Title	WWTP - Facility Upgrade							
Project #								
Account #	51080870-596000							
Location	WWTP							
Department	Public Works - Wastewater Treatment							
Type	Wastewater							
CY 15 Total Cost: \$20,300,000								
Description								
A \$26 million upgrade project has been proposed for the 1947 Plant. The initial Facility plan has been completed and submitted to IEPA. Design engineering has begun. Plans are to have design engineering completed in July 2013, Project bid in September 2013, and construction to begin in October 2013. Total construction is anticipated to last 18-24 months. Funding is being secured through IEPA Revolving Loan Program.								
Justification								
The 1947 Plant is aging and contains a number of facilities that are out of service and past their useful life. The new upgrade design will reduce processes, improve efficiency, increase quality of discharge, and get the plant through the next 30 years.								
Capital Expenditures		Prior	2015	2016	2017	2018	2019	Total

Title	Sanitary Sewer Lining						
Project #							
Account #	51080870-596000						
Location	Various Village Locations						
Department	Public Works - Wastewater Treatment						
Type	Wastewater						
CY 15 Total Cost: \$200,000							
Description							
Cured in Place Pipe Lining (CIPP) is the latest technology for upgrading leaking sanitary sewer mains and services. This project would continue a commitment to improve Inflow and Infiltration (I/I) in our sanitary sewer mains that can lead to sanitary sewer backups in homes and increase unnecessary treatment of storm water at our WWTP.							
Justification							
Will improve I/I in our sanitary sewer collection system, reduce unnecessary treatment of storm sewer, and imprve structural capacity of our infrastructure to reduce repairs in the future.							
Capital Expenditures	Prior	2015	2016	2017	2018	2019	Total
Sanitary Sewer Lining	200,000	200,000	200,000	200,000	200,000	200,000	1,200,000

Title	Village Wide Water Main Replacements							
Project #								
Account #								
Location	Various							
Department	Public Works							
Type	Utilities							
Useful Life	50 Years							
CY 15 Total Cost:		\$ 1,100,000						
Description								
Water System upgrades throughout the Village. Research, design, and potential establishment of funding sources (SSA?) would take place in CY2015. Possible construction in CY2015 and beyond.								
Justification								
The Village water system is very unreliable and is a source of multiple water main breaks each year. Some of the water system runs through rear yards, under garages, and through private property - making maintenance a nightmare. Our existing system through the rear yards has been capped at a number of locations, making the location of the next break critical to providing service.

**VILLAGE OF BENSENVILLE
12 S. CENTER STREET
BENSENVILLE, ILLINOIS 60106**

Ordinance No. 59-2014

**An Ordinance Adopting the Annual Budget for the Village of Bensenville for the Fiscal
Year Commencing January 1, 2015 and Ending December 31, 2015**

**ADOPTED BY THE
VILLAGE BOARD OF TRUSTEES
OF THE
VILLAGE OF BENSENVILLE
THIS 18th DAY OF NOVEMBER, 2014**

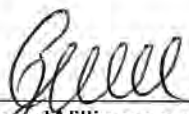

Published in pamphlet form by authority of the President and Board of Trustees of the Village of
Bensenville, DuPage and Cook Counties, Illinois this 19th day of November 2014

STATE OF ILLINOIS)
COUNTIES OF COOK)
SS AND DUPAGE)

I, Corey Williamsen, do hereby certify that I am the duly appointed Deputy Village Clerk of the Village of Bensenville, DuPage and Cook Counties, Illinois, and as such officer, I am the keeper of the records and files of said Village; I do further certify that the foregoing constitutes a full, true and correct copy of Ordinance No. 59-2014 entitled an Ordinance Adopting the Annual budget for the Village of Bensenville for the Fiscal Year Commencing January 1, 2015 and Ending December 31, 2015.

INWITNESS WHEREOF, I have hereunto affixed my official hand and seal on this 19th day of November, 2014.

Corey Williamsen
Deputy Village Clerk

ORDINANCE NO. 59-2014

**AN ORDINANCE ADOPTING THE ANNUAL BUDGET FOR THE VILLAGE OF
BENSENVILLE FOR THE FISCAL YEAR COMMENCING JANUARY 1, 2015 AND
ENDING DECEMBER 31, 2015**

WHEREAS, the Village of Bensenville, DuPage and Cook Counties, Illinois has heretofore adopted the annual budget procedure provided for in 65 ILCS 5/8-2-9.1 through and including 65 ILCS 5/8-2-9.10; and

WHEREAS, the tentative annual budget for the fiscal year commencing on January 1, 2015 and ending on December 31, 2015 was made conveniently available for public inspection for a period of ten (10) days prior to the date hereof; and

WHEREAS, notice of a public hearing was duly published in a newspaper of general circulation within the Village as provided by statute; and

WHEREAS, in accordance with the statutes made and provided therefore, the Village held a public hearing on said budget on November 18, 2014.

NOW, THEREFORE, BE IT ORDAINED by the President and Board of Trustees of the Village of Bensenville, Counties of DuPage and Cook, Illinois, as follows:

SECTION ONE: The document titled Village of Bensenville 2015 Budget Final, attached hereto and incorporated herein as Exhibit "A", is the Annual Budget for the fiscal year ending December 31, 2015 and the same is hereby passed and adopted.

SECTION TWO: This Ordinance shall be in full force and take effect upon its passage, approval and publication in pamphlet form, as provided by law.

SECTION THREE: the Village Clerk is directed to transmit certified copies of this ordinance to the Clerks of DuPage and Cook Counties.

PASSED AND APPROVED by the President and Board of Trustees at the Village of Bensenville, this 18th day of November, 2014.

JoEllen Ridder, President Pro Tem

ATTEST:

Ilsa Rivera-Trujillo, Village Clerk

AYES: BARTLETT, JANOWIAK, JARECKI, O'CONNELL, RIDDER, WESSELER

NAYS: NONE

ABSENT: PRESIDENT SOTO

DIRECTOR OF FINANCE CERTIFICATE OF ESTIMATED REVENUE

FOR THE VILLAGE OF BENSENVILLE, DUPAGE COUNTY, ILLINOIS

I, Timothy J. Sloth, CPA do hereby certify as follows:

1. I am the Director of Finance for the Village of Bensenville, DuPage County, Illinois
2. I estimate revenue by source of said municipality for the fiscal year ending January 1, 2015 - December 31, 2015 to be as follows:

Revenue Sources	Amount
ALARM CONNECT FEES - SMG	87,000.00
AMUSEMENT TAX	115,000.00
AUTO RENTAL TAX/GAMES TAX	5,000.00
AUTO TOWING FEES	75,000.00
BASSET/REPORT/MISC.FEES	6,000.00
BOND PROCEEDS-PREMIUM/DISCOUNT	20,300,000.00
BUILDING PERMITS - DUPAGE	300,000.00
BUSINESS LICENSES	265,000.00
CONCESSION STAND-CONTRACT COMM	90,000.00
CONCESSION STAND-VENDING COMM	15,800.00
DIAL-A-BUS FARES	20,000.00
DOG LICENSES	2,000.00
DOUBLE FEATURE SHOP-FOOD SALES	93,500.00
ELEVATOR INSPECTION FEES	6,500.00
FINES - CODE ENFORCEMENT	15,000.00
FINES - COMPLIANCE	90,000.00
FINES - FALSE ALARMS	5,000.00
FINES - PARKING	42,000.00
FINES - REDLIGHT VIOLATIONS	300,000.00
FINES - TRAFFIC ENFORCEMENT	200,000.00
FINES - VIOLATIONS	3,000.00
FINES-PD-MISC FINES/RESTITUTION	20,000.00
FRANCHISE FEES - CABLE	300,000.00
HOTEL/MOTEL ROOM TAX	70,000.00
INCOME TAX	1,750,000.00
INSPECTION FEE-RENTAL UNITS	70,000.00
INTEREST INCOME	1,000.00
INTEREST ON INVESTMENTS	51,000.00
LIQUOR LICENSES	65,000.00
METERS & MATERIALS	5,000.00
MISC REVENUE-AQUATICS	140,000.00

BUDGET AND FINANCIAL POLICIES

The Village of Bensenville's budget and financial policies are the basic guidelines for the management of the Village's fiscal operations. The policies were developed within the parameters of and comply with Illinois State Statutes and the Village of Bensenville Municipal Code. The policies assist the Village Board and Village Staff in preparing the budget and managing the Village's fiscal affairs throughout the budget period. The policies will be reviewed during the preparation of the annual budget for upcoming Fiscal Year and modified as appropriate to accommodate changing fiscal conditions, environmental challenges, and Village Board policy initiatives.

Budget Policies

1. The fiscal year of the Village of Bensenville will begin on January 1 of each calendar year and end on December 31 of the same calendar year. All accounting and budgeting functions of the Village will occur in conjunction with this fiscal time period.
2. The Budget will be prepared on a basis consistent with Generally Accepted Accounting Principals (GAAP). Any exceptions to preparing the budget on a basis consistent with GAAP will be disclosed in the Basis of Budgeting Section of the document supporting the 2013 Budget.
3. The Budget Officer of the Village, prior to October 31 of the year preceding the budget period, will submit to the Village Board a budget document that includes the Legal Budget request for the upcoming fiscal year. The budget document will include the following information:
 - a. A transmittal letter that describes organizational goals, analyzes service and program impacts of the proposed budget, and highlights the major initiatives included in the proposed budget and their impact on the Village's financial condition.
 - b. An estimate of all revenues for each Fund, prepared on a realistic basis at the account level and taking into account all available information. The Village will strive to maintain a reasonable and balanced estimate of revenues to avoid under or overestimation, both of which are equally undesirable (*Underestimation may lead to an unnecessary reduction in programs and services and overestimation may lead to an expansion of services and programs that cannot be supported with available resources*).
 - c. A section that describes major revenue sources, illustrates historical trends, and establishes projections that form the basis for the revenue estimate. This section will also include an analysis of the assumptions underlying each projection.
 - d. An accounting of expenditures/expenses in each Fund by Department and Division according to sub-class categories established for operating expenditures. The Legal Budget will include the actual expenditures for the previous year, the budgeted and projected actual expenditures/expenses for the preceding year, and budgeted expenditures/expenses for the upcoming budget period.
 - e. Specific objectives for every operating Department. These objectives will be

consistent with strategic organizational goals as described in the transmittal letter and will be explicitly linked to these goals in an explanatory paragraph.

- f. A Capital Improvements section that describes each major category of projects, analyzes the work to be performed in the budget period, illustrates the expenditure budget for the budget period, and forecasts, for a minimum of a five (5) year period future capital project funding needs. The Capital Improvements section will also identify on-going costs related to the proposed improvements.
4. The Budget submitted to the Village Board will include a balanced budget, as defined herein for each Accounting Fund. The transmittal letter will highlight and explain any circumstances in which a budget in any Fund is not balanced.
5. A public hearing on the proposed Budget will be held before the Village Board. The public hearing format will provide Village residents with the opportunity to express their opinions regarding estimated revenues, proposed fee or tax increases, and proposed expenditures/expenses. Residents will have the opportunity to express their reasons for wishing to increase or decrease any expenditures/expenses. The notice of public hearing will be published in newspapers circulating in the community not less than seven days in advance of the date of the public hearing (ILCS 5/8-2-9.9)
6. The Budget Document will be developed with the objective of achieving the “best practices” criteria identified in the Government Finance Officers Association Distinguished Budget Program. The final budget document will be published no later than 90 days following its adoption by the Village Board and will be made available to the public on the Village’s web site.
7. The Budget Officer of the Village may approve the transfer of money between accounts within an Accounting Fund at his/her discretion as long as these transfers do not result in a change to the total expenditure amounts included in the approved budget for the respective Accounting Fund. If it becomes necessary to effectuate a change that impacts total expenditure dollars budgeted in a particular Accounting Fund, such change can only be made following the approval, by a two-thirds vote of the members of the Corporate Authorities then holding office (65 ILCS 5/8-2-9.6), of an ordinance amending the budget for the respective Accounting Fund. Regular reporting that includes information on major transfers between categories of expenditures will be provided to the Village Board.

Fund Balance and Reserve Policy and Balanced Budget Determinations

Fund Balance and Reserve Policy Definitions

Fund Balance – The difference between assets and liabilities.

Nonspendable Fund Balance – Fund balance reported as “nonspendable” represents fund balance that is (a) not in a spendable form such as prepaid items or (b) legally or contractually required to be maintained intact such as an endowment.

Restricted Fund Balance – Fund balance reported as “restricted” consists of amounts

that can be spent only on the specific purposes stipulated by law or by the external providers of those resources.

Committed Fund Balance – Fund balance reported as “committed” are self-imposed limitations set in place prior to the end of the fiscal period. These amounts can be used only for the specific purposes determined by a formal action of the Village Board, which is the highest level of decision-making authority, and that require the same level of formal action to remove the constraint.

Assigned Fund Balance – Fund balance reported as “assigned” consists of amounts that are subject to a purpose constraint that represents an intended use established by the Village Board or by their designated body or official. The purpose of the assignment must be narrower than the purpose of the General Fund. Formal action is *not* necessary to impose, remove, or modify a constraint in Assigned Fund Balance. Additionally, this category is used to reflect the appropriation of a portion of existing fund balance to eliminate a projected deficit in the subsequent year’s budget.

Unassigned Fund Balance – Fund balance reported as “unassigned” represents the residual classification of fund balance and includes all spendable amounts not contained within the other classifications.

Note: In non-governmental funds, management may decide to “assign” funds for a specific purpose. This will be done as an internal budgeting procedure rather than as a formal accounting entry.

Fund Balance and Reserve Policy

1. The Village will avoid the appropriation of fund balance for recurring operating expenditures. If at any time the utilization of a fund balance to pay for operating expenditures is necessary to maintain the quality or level of current services, an explanation of the circumstances of the utilization of fund balance and the strategy to arrest the future use of fund balance will be included in the Transmittal Letter.
2. The Village will maintain a minimum Unassigned Fund Balance that is sufficient to provide financial resources for the Village in the event of an emergency or the loss of a major revenue source. Therefore, the Village has set the minimum Unassigned Fund Balance for the General Fund at an amount equal to three months of General Fund operating expenditures.
3. The minimum Fund Balance for the Unassigned / Assigned Fund Balance in the Capital Improvement Fund has been established at one half (50%) of the operating revenues allocated to this fund (this does not include capital grants or other one time revenue sources). This is necessary to ensure sufficient resources are available in the Fund so that work can begin by early spring of the new fiscal year which means that a majority of the work may be completed prior to the receipt of all revenues for the fiscal period in question. As such a reserve to address this potential cash flow situation needs to be established. The maximum Fund Balance allowable in the Capital Improvement Fund is equal to 3% of the equalized assessed value of the taxable real property located in the corporate boundaries of the Village (ILCS 5/8-2-

- 9.5). Based on the 2009 equalized assessed value of the Village, this limit was just over \$20.4M. The Fleet Sinking Fund will be shown in the Comprehensive Annual Financial Report as part of the Capital Improvement Fund. As such there is no separate minimum fund balance for this fund.
4. No minimum Fund Balance has been established for the TIF Funds. These Funds was established to account for the resources associated with capital infrastructure construction and maintenance within the respective TIF District. Throughout the majority of its existence, it is very possible that these TIF Funds will have negative Unassigned Fund Balances because capital projects proposed within the respective District will require more resources in the beginning than have been accumulated. A TIF Fund, in order to pay for these capital projects, may receive loans from other accounting funds of the Village and these loans will lead to a negative Fund Balance until they are repaid by the TIF Fund. Longer term and more significant loans will be reviewed with and approved by the Village Board and will include a plan as to how these loans will be managed and potential risks and benefits associated with the respective interfund loan.
 5. The minimum Fund Balance for the Debt Service Fund has been established at the amount necessary to meet all payment obligations by their respective due date.
 6. The minimum Unrestricted Net Assets for the Enterprise Funds is established at three months of operating expenditures. Enterprise fund revenues are traditionally stable and predictable; establishing a minimum fund balance of three months operating expenditures should provide sufficient security for operating activities in these Funds.
 7. The Pension Trust Funds minimum fund balances are established by actuarial projections. The Village will strive to provide enough resources to fully fund current estimates of future pension liabilities.
 8. The Village will spend the most restricted dollars before less restricted, in the following order:
 1. Nonspendable (if funds become spendable),
 2. Restricted,
 3. Committed,
 4. Assigned,
 5. Unassigned.
 9. The Municipality's Board of Trustees acts as the Municipality's highest level of decision making. An official board resolution must be passed in order to establish, modify or rescind a commitment of fund balance.
 10. The Director of Finance will determine if a portion of fund balance should be assigned.
 11. The minimum unrestricted cash and investment balance for the General Fund is

established at an amount sufficient to cover the two months of the fiscal year with the highest cash disbursements.

Balanced Budget Definition

The definition of a balanced budget for each accounting fund for which budget appropriations occur shall be:

- a. General Fund – A General Fund balanced budget is determined by the positive or negative results of the Unassigned Fund Balance. The expenditures associated with General Fund operating activities are supported by the revenues and accumulated resources of this category of Fund Balance. Increases or decreases in this Fund Balance category are indicative of the General Fund's ability to support continuing operations.
- b. Capital Improvement Fund – A balanced budget in the Capital Improvement Fund is determined by whether the Unassigned Fund Balance is greater than the minimum Fund Balance required by Village Policy.
- c. Tax Increment Financing Funds – A balanced budget in a TIF Fund is determined by the Fund's ability to provide resources for anticipated projects and/or debt service payments. An analysis of a balanced budget for each of the TIF Funds must therefore focus on the cash balance of the respective Fund and its ability to provide funding for future projects and/or debt service payments.
- d. Debt Service Fund - A balanced budget in the Debt Service Fund has been established by Village Policy as a positive Net Change in Fund Balance (*i.e., a Net Change in Fund Balance greater than \$0*). A positive Net Change in Fund Balance indicates that the Fund is receiving sufficient revenues to pay the Village's obligations.
- e. Water & Sewer Fund - A balanced budget in the Water and Sewer Fund is determined by the positive or negative change in Net Assets. The budgeted Change in Net Assets is indicative of the Fund's ability to generate sufficient resources to meet operating and non-operating expenses. If the Change in Net Assets is equal to or greater than \$0, the Fund's budget is considered to be balanced.
- f. Recycling & Refuse Fund - A balanced budget in the Recycling and Refuse Fund is determined by the positive or negative change in Net Assets. The budgeted Change in Net Assets is indicative of the Fund's ability to generate sufficient resources to meet operating and non-operating expenses. If the Change in Net Assets is equal to or greater than \$0, the Fund's budget is considered to be balanced.
- g. Commuter Parking Fund - A balanced budget in the Commuter Parking Fund is determined by the positive or negative change in Net Assets. The budgeted Change in Net Assets is indicative of the Fund's ability to generate sufficient resources to meet operating and non-operating expenses. If the Change in Net Assets is equal to or greater than \$0, the Fund's budget is considered to be balanced.
- h. Police Pension Fund - A balanced budget in the Police Pension Fund is

achieved when additions exceed deductions in the Fund.

Revenues

1. To ensure the Village's continuing financial health, the Village will strive to maintain a diversified and stable revenue system so that fluctuations in any one revenue source will not have a devastating effect on the Village's financial integrity.
2. The Village shall utilize property taxes as a "stop gap" Revenue source. For each tax levy, the Village will determine the level of service it wishes to provide to its residents and the cost of providing this level of service. The cost of those services will be compared to projected revenues, excluding property tax. The shortfall between projected revenues and estimated expenditures is "theoretically" the amount to be considered for the property tax levy.
3. The Village will establish user charges and fees at a level that attempts to recover the full cost of providing the service.
 - a. User Fees, particularly utility rates, should identify the relative costs of serving different classes of customers.
 - b. The Village will set user fees to include the full cost of providing the service, including the construction, rehabilitation, and maintenance of the capital assets necessary to provide the service.
 - c. The Village will consider rates and fees charged by comparable units of local government providing similar services when establishing user charges and fees.
4. The Village will attempt to maximize its financial resources by encouraging Intergovernmental Cooperation. The establishment of intergovernmental service agreements with other units of local government allows the Village to provide the community higher levels of service at a reduced cost. It is the objective of the Village to continue to service areas that could be enhanced through intergovernmental cooperation.
5. The Village will attempt to maximize its financial resources by investing excess funds in a manner that provides the highest investment return while maintaining the maximum security of invested funds and meeting the daily cash flow demands of the Village. The Village will invest funds in a manner conforming to all state statutes and local regulations governing the investment of public funds. The rules and regulations required by State Statutes are detailed in the Village's Investment Policy which was adopted by the Village Board on June 15, 1999.

Operating Expenditures

1. The Village will fund all operating expenditures in a particular Fund from the operating revenues generated by that Fund. In developing the budget, recommendations will be made regarding services level adjustments that may be necessary to meet this objective. Services will not be expanded beyond the Village's ability to utilize current revenues to pay for the expansion of these services.
2. The Village will continually assess its organization and service provision efforts in

order to provide service enhancements by increasing efficiency or effectiveness. During each budget process the Village will assess its current organization and service provision strategy and make adjustments if the analysis demonstrates that a particular enhancement would improve operations.

3. The Village shall continually examine its service provision efforts in an effort to reduce operating expenditures and/or enhance the quality and level of services without increasing cost.
4. The Village will establish Personnel Services budgets necessary to continue to provide quality and level of services to residents. To attract and retain quality employees, the Village will maintain a compensation and benefits package that is competitive with other public sector employers.
5. The Village will provide sufficient resources to train Employees and thereby develop the specialized knowledge and expertise necessary to maintain and improve the quality of Village services.
6. The Village will strive to adopt new technologies and techniques that will allow the Village to maintain and improve the level of services provided to residents while maintaining a stable workforce. To achieve this objective, the Village will investigate, fund, and implement information and communication technology solutions that allow for the automation of functions.
7. Operating Expenditures will be budgeted, accounted for, and reported in the following major categories:
 - i. Personnel Services
 - Salaries
 - Fringe Benefits
 - ii. Operating Expenditures
 - Team Development
 - Professional Services
 - Contractual Services
 - Commodities
 - Other Expenses
 - Programs
 - iii. Other Expenditures
 - Capital
 - Interfund Charges

Capital Projects

1. The Village will develop a multi-year plan for capital projects. This plan will identify projects likely to be constructed within a five year time period and will also identify the likely source of funding for the project.
2. The Village will attempt to support recurring capital projects (such as the annual street/water & sewer main maintenance programs) and capital purchases or projects that have a useful life of less than 20 years with recurring revenues or excess fund

balances in the Capital Improvement and Utility (Water, Sewer and Storm) Funds. Issuance of debt for funding of capital purchases or projects having a useful life of 20 years or more may be considered.

3. The Village will set utility rates that are sufficient to provide funding for recurring capital projects (such as the annual main replacement programs) and capital purchases or projects that necessary to maintain utility infrastructure and have a useful life of less than 20 years. Rates shall be set at a minimum to maintain sufficient cash resources to fund such capital expenditures on a pay as you go basis and to fund debt service payments for those capital purchases or projects having a useful life of 20 years or more. This minimum level will be set through the use of the Village's Water and Sewer Rate Analysis.
4. Capital maintenance expenditures will be sufficient to address need for the deterioration of the Village's capital infrastructure as necessary to protect the community's quality of life. Capital maintenance expenditures will be sufficient to ensure a relatively stable level of expenditures in every budget year.

Debt

1. The Village will consider the issuance of debt or utilization of low interest loans for projects that have a useful life of 20 years or more and cannot be reasonably funded through recurring revenues.
2. The Village will not issue debt or undertake low interest loans that will last beyond the useful life of the asset for which the debt is to be issued.
3. To minimize interest payments on assumed debt, the Village will strive to maintain or improve upon its current bond rating when issuing bonds. When considering loans, the Village will utilize, to the extent available, low interest loans (with interest rates below current rates of interest) such as Illinois Environmental Protection Agency (IEPA) loans for Water and Sewer Infrastructure construction and rehabilitation.

Financial Reporting

1. Following the conclusion of the fiscal year, the Village will prepare a Comprehensive Annual Financial Report (CAFR) in accordance with generally accepted accounting and reporting principles established by the Governmental Accounting Standards Board (GASB). The CAFR shall also satisfy all criteria of the Government Finance Officers Association's Certificate of Achievement for Excellence in Financial Reporting.
2. Included as part of the CAFR shall be the audit report prepared by independent certified public accountants designated by the Village Board to audit the Village's financial statements.
3. The Village will capitalize projects in compliance with the Capitalization Policy established in conjunction with the conversion of the Comprehensive Annual Financial Report to the GASB Statement #34 format.
4. On a continual basis, the Finance Department will prepare and present to the Village

Board a monthly financial report on initiatives and status of major revenue sources and to the Administration, Finance and Legislative Committee a quarterly financial report that will include revenue and expenditure summaries and a cash and investment report for each Fund. These quarterly reports shall be presented to the Committee within 45 days of the end of the quarter.

CAPITAL ASSET POLICY AND PROCEDURES

POLICY

Capital Assets are defined by the Village as assets with an initial, individual cost above a set dollar threshold (see chart below). Improvements done to existing assets that increase the value of the assets should also be capitalized. Normal repairs that merely maintain the asset in its present condition should be recorded as expenditure and should not be capitalized.

VALUATION

All assets reported as capital assets should be recorded at their historical cost or estimated historical cost if purchased or constructed. Cost, for this purpose, includes not only the purchase price or cost of construction, but also any other charges incurred “to place the asset in its intended location and condition for use.” Donated assets should be recorded at their estimated fair market value at the date of donation. This rule applies only to donations made from outside the financial reporting entity.

CAPITAL ASSET CLASSES

Assets are categorized as various classes such as Land, Building and Improvements, Furniture, Machinery and Equipment, Vehicles, and Infrastructure.

The “Land” account includes all land purchased or otherwise acquired by the Village. The land account should include not only the cost of land itself, but also the cost of preparing land for its intended use. Intent, for this purpose, should be judged as of the date of acquisition.

The “Building and Improvement” account includes the value of all buildings at purchase price or construction cost. The cost should include all charges applicable to the building, including broker’s or architect’s fees and interest on borrowed money during construction. Additionally, the account is used for permanent (i.e., non-detachable) improvements that add value to land (e.g., fences, retaining walls). This account also is used for leasehold improvements (i.e., permanent improvements the Village makes to property it is leasing under an agreement classified as an operating lease).

The “Machinery and Equipment” account consists of property that does not lose its identity when removed from its location and is not changed materially or expended in use. This

property should be recorded at cost, including freight, installation and other charges incurred to place the asset in use.

The “Infrastructure” account consists of assets that are long-lived capital assets that normally are stationary in nature and can be preserved for a significantly

greater number of years than most capital assets. Infrastructure assets are often linear and continuous in nature. The Village’s four Infrastructure subsystems are:

- Infrastructure – Street Network
- Infrastructure – Water Network
- Infrastructure – Sanitary Sewer
- Infrastructure – Storm Sewer

USEFUL LIFE

Following is a listing of the different classes of assets, threshold amount and their standard useful lives.

<u>Asset</u>	<u>Threshold</u>	<u>Years</u>
Land	\$25,000	No Limit
Buildings and Improvements	\$15,000	3 - 50
Furniture Machinery and Equipment	\$5,000	3 - 10
Vehicles	\$5,000	3 - 10
Infrastructure – Street Network	\$50,000	30 - 100
Infrastructure – Water Network	\$50,000	30 - 100
Infrastructure – Sanitary Sewer	\$25,000	30 - 100
Infrastructure – Storm Sewer	\$25,000	30 - 100

The Village does not depreciate land

TREATMENT OF FEDERALLY FUNDED CAPITAL ASSETS

- Federal equipment will be used in the program for which it was acquired or, when appropriate, other Federal programs.
- Federal equipment records shall be maintained and federally funded capital assets have to be identified as such on the Village’s capital asset listing.
- A physical inventory of Federal funded equipment shall be taken at least once every two years and reconciled to the equipment records.
- An appropriate control system shall be used to safeguard equipment, and equipment shall be maintained.
- When equipment with a current per unit fair market value of \$5,000 or more is no longer needed for a Federal program, it may be retained or sold with the Federal agency having a right to a proportionate (percent of Federal participation in the cost of the original project) amount of the current fair market value. Proper sales procedures shall be used that provide for competition to the extent practicable and result in the highest possible return.

PROCEDURE FOR ADDITIONS & DISPOSALS OF ASSETS

The Finance department is responsible for keeping the capital asset records up to date. But the primary responsibility for providing the correct information to the Finance department and verifying the accuracy of the information periodically belongs to the Department Heads.

ADDITIONS

Additions to capital asset account group will be done on an annual basis by the Director of Finance. All assets recorded during the current fiscal year are defined as current year additions. These should include purchases of new as well as used assets, all donated assets and assets acquired through capitalized leases. Once the capital asset list is updated reflecting current year additions, it will be given to Department Heads to verify and make corrections.

DISPOSALS

All items sold, traded-in, scrapped, abandoned or in any way removed from service during the current fiscal reporting period are classified as disposals. When the Department Head receives an updated list of the capital assets at the end of each fiscal year, he/she should verify the information and see if all assets are still in service. If there are assets on the list that are no longer in service, they should be retired.

DEPRECIATION

Depreciation is used to reflect the economic loss in the value of an asset. Generally Accepted Accounting Principles (GAAP) requires that the method used to allocate the cost of a capital asset over its estimated useful life be as equitable as possible to the periods during which services are obtained from the use of the asset.

In most cases, the straight line method of depreciation will be used for all assets.

FEDERAL DEBARRED AND SUSPENDED VENDORS

Local Governments who receive Federal awards are required to design internal controls which help to ensure compliance with Federal laws, and regulations as per the A-12 Common Rule and OMB Circular A-110 (2CFR part 215).

POLICY

In regards to Procurement, Suspension and Debarment: Federal Executive Order (E.O.) 12549 "Debarment and Suspension" prohibits recipients of federal grants from contracting with or making sub-awards to parties that are suspended or debarred from doing business

with the federal government. For vendor contracts with **any** federal dollar expenditures, the village must ensure the vendor or sub-recipient is not debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded by any Federal department or agency from doing business with the Federal Government. This can be accomplished by reviewing the Federal Excluded Parties List issued by the U.S. General Services Administration. <https://www.epls.gov/>; or by obtaining a certification from the entity.

This requirement should be met prior to payments of **any** federal expenditure submitted to vendors via federal funds.

No award is to be made before debarment status has been reviewed and approved.

SUB-TOTAL MERIT-STEP POSITIONS:													69	2

NOTES

- (1) Movement through merit-steps occur at 1 year intervals with satisfactory job performance evaluation.
- (2) Each position represents full-time equivalent hours of 2080, unless otherwise noted. "Job sharing" is permitted as long as total hours paid do not exceed the amount budgeted for the positions. The number of full-time equivalent positions shall not be increased. Additionally, the allocation of positions between Technician I & II may vary as long as total number of Technician positions is not increased.
- (3) Crew Leaders compensation is equal to a 5% increase above Step 10 (k)
- (4) Specialty Compensation for Detective equals \$300 per year
- (5) AFSCME Contract expires April 30, 2015. Police Officer contract expires April 30, 2015. Sergeant contract expires April 30, 2015.

 Stephen J. Gauthier (312) 977-9700

Chicago--The Government Finance Officers Association of the United States and Canada (GFOA) is pleased to announce that **Village of Bensenville, Illinois** has received the GFOA's Distinguished Budget Presentation Award for its budget.

The award represents a significant achievement by the entity. It reflects the commitment of the governing body and staff to meeting the highest principles of governmental budgeting. In order to receive the budget award, the entity had to satisfy nationally recognized guidelines for effective budget presentation. These guidelines are designed to assess how well an entity's budget serves as:

- a policy document
- a financial plan
- an operations guide
- a communications device

Budget documents must be rated "proficient" in all four categories, and the fourteen mandatory criteria within those categories, to receive the award.

When a Distinguished Budget Presentation Award is granted to an entity, a Certificate of Recognition for Budget Presentation is also presented to the individual or department designated as being primarily responsible for its having achieved the award. This has been presented to **Timothy J. Sloth, Director of Finance**

For budgets beginning in 2013, 1,424 participants received the Award. Award recipients have pioneered efforts to improve the quality of budgeting and provide an excellent example for other governments throughout North America.

The Government Finance Officers Association is a major professional association servicing the needs of more than 18,000 appointed and elected local, state, and provincial-level government officials and other finance practitioners. It provides top quality publications, training programs, services, and products designed to enhance the skills and performance of those responsible for government finance policy and management. The association is headquartered in Chicago, Illinois, with offices in Washington D.C. The GFOA's Distinguished Budget Presentation Awards Program is the only national awards program in governmental budgeting.

GLOSSARY

2015 Budget – The 2015 budget refers to the budget for January 1, 2015 – December 31, 2015.

ADA – Americans with Disabilities Act, legislation that defines accessibility standards for facilities, programs and informational material.

Administration Finance and Legislation (AFL) Committee – Board of Trustees Committee consisting of 4 of the Village Board members and chaired by one of the trustees. Most items that affect the financial operations of the Village are approved by the AFL committee prior to the Village Board taking action.

AED – Automated external defibrillators, which operate automatically to restore heartbeat are now located at most of the village's facilities.

Annual Budget – A plan approved by the Board of Trustees for raising and expending monies for services provided to the residents.

Appropriations – Amounts expended for the administration, maintenance and management of properties and services for the Village of Bensenville.

Board of Trustees – Independent board of six individuals elected at large for alternating four year terms by the residents of the Village of Bensenville.

CAFR – Acronym for the Comprehensive Annual Financial Report.

CPA – Certified Public Accountant.

Capital Expenses - Capital expenses are the expenses the benefit of which is extended over more than 1 year are generally related to purchase or construction of an asset.

CPR – Cardiopulmonary Resuscitation consists of mouth-to-mouth respiration and chest compression and allows oxygenated blood to circulate to vital organs such as the brain and heart.

Community Investment Plan – The name of the village's 5 year capital improvement program

CY2010 Budget – The CY2010 budget refers to the calendar year 2010 budget from January 1, 2010 – December 31, 2010. The village transitioned to a calendar year budget from a fiscal year budget as such the village prepared a 20 month budget for fiscal year 2010 as well as a 12 month budget for calendar year 2010.

CDC - The Community Development Commission (CDC) is an appointed citizen review body that conducts Public Hearings on rezoning, conditional use permits, site plans, variances and other development requests.

EAV – Equalized Assessed Valuation, property value on which real estate taxes are levied.

FY2010 Budget – The FY2010 budget refers to the 20 month fiscal year 2010 budget from May 1, 2009 – December 31, 2010. The village transitioned to a calendar year budget from a fiscal year budget as such the village prepared a 20 month budget for fiscal year 2010 as well as a 12 month budget for calendar year 2010.

Fund – Fiscal and accounting tool with a self-balancing set of accounts to record revenue and expenditures.

GAAP – Generally accepted accounting principles.

GASB – Government Accounting Standards Board.

GFOA – Government Finance Officers' Association.

IEPA – Illinois Environmental Protection Agency

IMRF – Illinois Municipal Retirement Fund is a state established retirement fund for municipal workers. Both the employee and the village pay into this defined benefit plan.

Intergovernmental Agreement – The Village maintains intergovernmental agreements with several taxing bodies including the Bensenville Park District, Bensenville School District 2, and Fenton High School District #120.

Modified Accrual Accounting – This basis of accounting recognizes an economic transaction or event as revenues in the operating statement when the revenues are both measurable and available to liquidate liabilities of the current period. Expenditures are generally recognized when an event or transaction is expected to draw on current expendable resources.

MUNIS – Munis is proprietary software used by the village for utility billing, permit processing, and accounting systems.

OMP – The O'Hare Modernization Program (OMP) is a \$6.6 billion program to modernize O'Hare airport. The OMP will reconfigure intersecting runways into a more modern parallel layout increasing capacity and substantially reducing delays.

Special Service Area (SSA) – A Special Service Areas is a taxing mechanism that can be used to fund a wide range of special or additional services and / or physical improvements in a defined geographic area within a municipality or jurisdiction.

Tax Levy – The amount the Village requests from the property owners, both commercial and residential, to fund the recreational activities of the community.

Tax Rate – The rate derived from dividing the tax levy by the EAV. The tax rate, combined for all funds, is multiplied by the equalized assessed valuation of each real estate parcel to arrive at the taxes owed by each parcel owner.

TIF District – Tax Increment Financing District

Version 7.3, 8.1, 8.2 and 9.3 – Upgraded MUNIS application software.
