## Village President Soto Elected N.O.I.S.E. Secretary

**Bensenville, IL** - The National Organization to Insure a Sound-Controlled Environment (N.O.I.S.E) and its members elected Bensenville Village President Frank Soto, as N.O.I.S.E Secretary. N.O.I.S.E. was pleased to add President Soto, who, has been very active and engaged in the organization's work and who is effectively serving and representing the residents of Bensenville in efforts to battle excessive airport noise.

"O'Hare noise is a top priority for this administration and we will not stop working to find and implement solutions." said Village President Frank Soto "Being elected secretary for N.O.I.S.E. is an honor I am proud to receive and will enhance our efforts to obtain measurable results against airport noise."

Following Village President Soto's election as Secretary, N.O.I.S.E. held its 9<sup>th</sup> annual *Aviation Policy Summit and Legislative Briefing*, in conjunction with the National League of Cities (NLC) Congressional City Conference, on March 8<sup>th</sup> in Washington, D.C. During the day-long summit, members heard presentations on developments in the FAA's implantation of NextGen and new techniques and metrics for measuring aviation noise. In addition, the members engaged in a productive discussion about the organization's key legislative and policy priorities for 2015, which will be announced in the coming weeks.

"Village of Bensenville President Frank Soto is very active and dedicated in supporting the N.O.I.S.E mission of reducing the impact of aviation noise on local communities." said N.O.I.S.E. President Brad Pierce "He brings a wealth of knowledge and experience we welcome to our executive officer team."

N.O.I.S.E. is an affiliate of the NLC and has served for over four decades as America's only nationwide, community-based association committed to reducing the impact of excessive aviation noise on local communities. Composed of local elected officials representing thousands of citizens across the United States, N.O.I.S.E. serves to help communities join together and inject the concerns of their constituents into the national debate on aviation noise mitigation. NOISE hosts two major annual conferences in conjunction with the NLC, a spring summit in Washington, D.C. and a fall policy summit in various locations throughout the United States.
