## Fenton Named to the U.S. News and World Report Best High Schools List

Fenton has been named to the U.S. News and World Report Best High Schools list after receiving a Silver Medal designation based on student performance. The list ranks Fenton 80 out of 760 high schools in Illinois and nationally 2,062 out of over 21,000 schools. This distinction places Fenton in the elite top ten percent of high schools. For more information, visit the US News and World Report webpage on Fenton High School. At <http://bit.ly/1zYQh2u>.

According to the U.S. News and World Report website, “RTI implemented the U.S. News comprehensive rankings methodology, which is based on these key principles: that a great high school must serve all of its students well, not just those who are college bound, and that it must be able to produce measurable academic outcomes to show it is successfully educating its student body across a range of performance indicators.”
